NEBRASKA

Blue Cross and Blue Shield of Nebraska is an Independent Licensee of the Blue Cross and Blue Shield Association.

A national health network leader.

Now, also a national dental network leader.

The Value of Blue

To millions of Americans, Blue Cross and Blue Shield represents peace of mind when it's needed the most. That's because the Blue Cross and Blue Shield brand represents the nation's largest and most experienced health care benefit companies.

We are now the national dental solution

In addition to being national medical network leaders, participating Blues Plans have arrived as national dental network leaders. We offer strong access and discounts nationwide with no access fees. In-network dentists are available in urban, suburban, and rural areas across the U.S.

A network by Blues Plans, for Blues Plans

Control by local Blues Plans supports positive dentist relations, ensures network stability, and eliminates access fees.

Convenience for clients and members

ID cards, account management services, customer service, and administration are handled through local Blues Plans so clients and members will continue to receive that great Blues Plan experience.

DENTAL GRID

What is this new network?

Dental GRID is a network of multiple Blue Cross and Blue Shield Plans that, when combined, offers one of the largest national PPO dental networks and provides patients with lower out-of-pocket costs and broad access to participating dentists.

Members who live or travel outside of Nebraska will be able to obtain covered services at the in-network level of benefits through the Dental GRID network. They will enjoy the discount and claim filing agreements Blue Cross and Blue Shield Plans across the country have negotiated with Dental GRID network providers in their area.
