Academic Affairs

MEETING DATE: January 25, 2018

SUBJECT: Amendment to the *Bylaws of the Board of Regents*: amend Section 4.10 Total Period of Service Prior to a “Continuous Appointment”

RECOMMENDED ACTION: Approve Amendment to Section 4.10 Total Period of Service Prior to a “Continuous Appointment” of the *Bylaws of the Board of Regents*

PREVIOUS ACTION: December 5, 2017 – This item was presented to the Board of Regents for information only.
February 28, 1998 – This section was last amended in 1998. See 62 BRUN 14 (28 February 1998).

EXPLANATION: It is proposed that Section 4.10 of the *Bylaws of the Board of Regents* be amended by deleting the word “faculty” before Appointment for a Specific Term; deletion of language that would allow a written agreement of initial appointment to an Appointment for a Specific Term to acquire a Continuous Appointment after more than seven years is also proposed. Language regarding written agreements for initial appointments to an Appointment for a Specific Term with faculty with three or more years of previous tenure-related full-time service with the rank of instructor or higher at another accredited institution of higher education is proposed to be added. Because an Appointment for a Specific Term may only be awarded to a faculty member, use of the word “faculty” in the Section as currently written is unnecessary. Deletion of the “contrary agreement” clause at the end of the first sentence makes it clear that the seven year rule for service on an Appointment for a Specific Term prior to acquisition of a Continuous Appointment is absolute except for adjustments that the President may authorize in the case of interruptions in full-time service at the University due to leaves of absence due to maternity, disability or family and medical leave. See Executive Memorandum No. 18, “Policy on Interruption of the Tenure-Track Clock in Cases of Maternity, Disability or Family/Medical Leave,” (February 18, 1999).

It is proposed that the *Bylaws of the Board of Regents* be amended as follows:

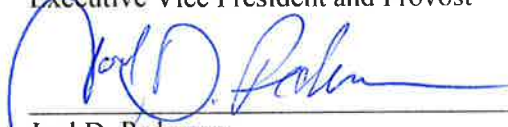

4.10 Total Period of Service Prior to a "Continuous Appointment."
The total period of fulltime service on ~~an faculty~~ Appointment for a Specific Term prior to acquisition of a Continuous Appointment shall not exceed seven years, including all previous tenure-related full-time service with the rank of instructor or higher in all accredited institutions of higher education, ~~unless a contrary agreement is specified in writing at the time the appointee is initially appointed by the University to an Appointment for a Specific Term.~~ For faculty members with three or

more years of previous tenure-related full-time service with the rank of instructor or higher at accredited institutions of higher education, such a written agreement to an initial appointment for an Appointment for a Specific Term will not normally extend the period of service on an ~~an~~ faculty Appointment for a Specific Term at the University beyond four years before a Continuous Appointment is acquired, and in no case shall such agreement extend the period of service on an ~~an~~ faculty Appointment for a Specific Term at the University beyond seven years before a Continuous Appointment is acquired. The President may provide for an adjustment of a faculty member's appointment where full-time service by the faculty member is interrupted by leave of absence due to maternity, disability or family and medical leave. Unless a contrary agreement is reached at the time the leave of absence is granted, time spent on an academic leave of absence shall be included in the period of service. A Continuous Appointment may be granted earlier, but not later, than the time limits specified in this Section. A person who is eligible under Section 4.4.3 but not granted a Continuous Appointment in accordance with the time limits in this Section shall be given a Notice of Termination, but such notice shall comply with Section 4.4.2.

Request to Create an Undergraduate Academic Program (November 2017)

New Major Proposal: Women's, Gender & Ethnic Studies (WGE)

Mission: Women's, Gender & Ethnic Studies

The combined Women's, Gender & Ethnic Studies Program is an interdisciplinary study of the intersectionality of race, ethnicity, gender, and sexuality within the context of class. It explores the interlocking nature of systems of oppression and privilege that impact many aspects of life and society in the United States and around the world. The program empowers students to redefine difference and prepares them to work successfully in a culturally diverse and rapidly changing job market.

I. Learning Outcomes

Students will complete 120 cr hrs in 4 years. Upon graduation, students will be able to:

- Promote cross-cultural understanding
- Apply an intersectional analysis of gender, race, ethnicity, and class to a variety of issues
- Critically analyze and synthesize material related to women, gender, race, ethnicity, class
- Make connections between knowledge and personal and socio-economic environment
- Communicate effectively (read/write/speak) with others different than themselves
- Research and write using social science concepts and methods in women's, gender and ethnic studies

II. Labor Needs and Demands in Nebraska

[Nebraska Department of Labor <https://neworks.nebraska.gov> 11/30/17]

WGE majors would be eligible to apply for many jobs in Nebraska that require a four-year bachelor's degree and preparation to work with a diversity of people and issues. There is a high need and "bright outlook statewide" in Nebraska in the following occupations:

Office and Administrative Support: 59 job openings
(i.e. Customer Service Specialist, Omni Hotels \$n/a, entry level)

Social and Human Services Assistants: 53 job openings
(i.e. Family Outreach Coordinator, Central Nebraska Community Action Partnership, \$28k)

Patient Representative: 45 job openings
(i.e. Patient Access Representative at Creighton University Medical Center, \$n/a, entry level)

Human Resources Specialists: 44 job openings
(i.e. HR Generalist at Mosaic \$n/a; Recruiter for Nebraska Early Childhood Collaborative \$38k)

Community and Social Service Specialists: 20 job openings
(i.e. Human Trafficking Specialist for Salvation Army \$n/a; SNAP rural outreach & partnership coordinator for Food Bank for the Heartland \$32k)

Compliance Officers: 2014-2024 forecasts a job increase of 10.68%
(i.e. Job category includes Equal Opportunity Compliance Representatives)

Table 1: Sample occupations of recent graduates nationwide (from list of over 200 occupations identified by National Women’s Studies Association *Program Administrator’s Handbook* and other WGS web pages including Nebrwesleyan.edu and Hastings.edu)

<p>Business: Because their studies emphasize understanding differences and discovering the intersections between racism, sexism, homophobia, classism, and other forms of oppression, women's and ethnic studies graduates are well suited for a wide variety of settings, including business organizations, research centers, trade and international associations, and unions.</p> <p>Education Careers: The interdisciplinary nature of women's and ethnic studies is an excellent complement to careers in education and librarianship that require expertise in finding and using information on contemporary social issues, as well as working with a culturally diverse student body (and their parents).</p> <p>Government & Politics: Women's and ethnic studies’ knowledge about power relationships and injustice supports careers in government and politics on all levels – national, state, and local communities.</p> <p>Graduate Study: The integration of race, class, and gender issues prepares women’s and ethnic studies students for graduate degrees in the professions (Law school, Public Policy, Public Health), humanities, and social sciences.</p> <p>Health Care: Women’s and ethnic studies majors bring expanded insight and sensitivity to social concerns in health care.</p> <p>Law: Women’s and ethnic studies majors are increasingly at the cutting edge on issues facing the legal profession including work as lobbyists, legal aides, and lawyers.</p> <p>Public Policy and Human Resources: With a background in women's and minorities' histories, graduates work with advocacy groups, human rights organizations, environmental and consumer groups, health care, and youth, elderly, and social services.</p>	<ul style="list-style-type: none"> • Admissions Counselor • Affirmative Action Coordinator • Community Program Coordinator • Coordinator/Manager for Women’s Organizations (League of Women’s Voters, National Organization of Women, Women in Communications) • Customer Relations Representative • Diversity Consultant/Training • Domestic Violence Survivors Advocate • Family Services Case Worker/Administrator • Grant Writer • Human Rights Advocate • Immigration/Refugee Advocate • International Human Rights Program Coordinator/Manager • Journalist/Feature Writer • Legislative Aide • Lobbyist • Marketing Communications Specialist • Patient Advocate • Peace Corps Volunteer • Public Relations Specialist • Rape Assistance and Awareness Program Manager • Residential Care Manager • Sales Representative/Manager • Sensitivity/Diversity Trainer • Social Worker • Student Advisor • Union Organizer • Victim’s Advocate • Volunteer Services Administrator • Women’s/Minority Advocate

III. Justification for new major in Women's, Gender & Ethnic Studies

The Women's, Gender & Ethnic Studies major contributes significantly to UNK's Four Core Values and NU's corresponding Four Cornerstones.

1. UNK's Core Value #1 Learning Matters and NU's "transforming lives through research & innovation": The WGE major contributes to the UNK and NU focus on interdisciplinary research and experiential learning. WGE is by definition interdisciplinary, working collaboratively with department programs across campus, especially in the CNSS and FAH. The curriculum begins with introductory classes already established in the minor degree programs, and then draws on well-established designated elective courses from other disciplines. Students make connections across the disciplines in terms of the social, political, historical, and economic effects of race, ethnicity, gender, and sexuality. Their program of study culminates in an experiential research methods capstone under the mentorship of a faculty sponsor.

An emerging field of scholarship: Combining women, gender, and ethnic studies scholarship is an emerging field that recognizes the "intersectionality" of gender, race, and class. The combined new major creates new "space" for scholarship by/about/for underrepresented groups, including minority men and all women.

2. UNK's Core Value #2 Student-Centered Learning Environment and NU as "the best place in the nation to be a student": The WGE major contributes to UNK's efforts to increase enrollment, including expanding the diversity of its student body and the focus on student success and retention. It also supports NU's Cornerstone to reach out to students historically underrepresented in higher education and to ensure the well-being of all students, "including increasing diversity and cultivating an environment free of discrimination, harassment and violence." It is worth noting that while UNK has experienced some decline in undergraduate enrollment (11% since spring 2013), it has seen an enrollment increase of both Hispanic (13%) and African-American (35%) students since 2013 – and more so if one compares to 2010. Gender balance on campus has been over 50% women (57% in spring 2016). While there is not necessarily a direct correlation between a WGE major and enrollment of women and minorities, offering this major would increase the visibility of Women's, Gender & Ethnic Studies on campus and contribute to a welcoming environment for minority students and all women.

Demand for a WGE major: Currently, introduction classes for Women's & Gender Studies are consistently full each semester (a second section will be offered each semester beginning in Fall 2017). Spring 2017 enrollment in the Ethnic Studies introductory class nears capacity and is very diverse: two-thirds of the students enrolled are minority students. The number of declared minor-degree students in Women's & Gender Studies averages 20 each year, and while the number of Ethnic Studies minors is lower, student interest is untapped. Those who thrive in the introductory courses would benefit from the opportunity to pursue their interests as WGE majors. Current minor degree students have majors in English, Family Studies, Health Education, History, Political Science, Pre-Law, Psychology, Sociology, Social Work, and Theater. These students would like the option to double-major with WGE. Also, students coming in undeclared (over 100 first time freshman each year) could start on a WGE major which, because of its interdisciplinary nature, would help them find a second major or minor degree to complement their major.

UNK retention goals: The WGE major supports UNK retention goals, offering students a scholarly context for their own experiences and empowering them with mentorship through research and scholarship. It is an appealing option for students who may be undecided, who default to a general studies degree, or who are considering leaving UNK before graduation. UNK has lost interested students to other campuses because the university does not offer a major. These amount to only a few students on record (statistics show 2 students transferred to UNO or UNL; there is no tracking of students who transferred elsewhere), but they indicate a missed opportunity for recruiting and retaining more students to UNK.

3. UNK's Core Value #3 People Matter and NU's "work hand-in-hand with partners to achieve goals": The WGE major supports UNK's goal to expand the scope of academic opportunities and to increase collaborations across campus and with other entities. The proposed major degree offers something unique: no other NU institution offers this combined major.

Both UNO and UNL offer a Women's & Gender Studies major (and minor), and UNL additionally offers a LGBTQ/Sexualities minor. UNO offers several programs that focus on race and ethnicity, including degrees in Black Studies, Native American Studies, and Chicano/Latino Studies. Through its Institute for Ethnic Studies, UNL offers majors in Ethnic Studies and Latin American Studies, and minors in African Studies, African-American Studies, Chicano Studies, and Native American Studies. Nebraska Wesleyan offers a major in Gender Studies and a minor in American Minority Studies. Creighton University and Hastings College offer a minor in Women's & Gender Studies, and Chadron State offers a minor in American Indian Studies. Peru State, Wayne State, Doane, Concordia, and Bellevue do not offer anything in Women's, Gender or Ethnic Studies.

UNK currently offers only the minor degrees in Women's & Gender Studies, and in Ethnic Studies. This proposed collaborative major with both WGS and Ethnic Studies is unique to the University of Nebraska system and in Nebraska generally. UNK, moreover, would be the only university west of Lincoln to offer a major related to women's, gender and/or ethnic studies.

Table 2: Nebraska programs in Women’s & Gender Studies (WGS) and Ethnic Studies (and current enrollments)

Campus	Major?	Minor?	Minor?	Minor?	Minor?	
UNL	WGS (31 majors) and Ethnic/Latino majors	WGS (66 minors)	LGBTQ/Sexualities (24 minors)	Ethnic Studies	Latino Studies

Regional comparison: There are several Colorado universities that offer a combined women’s-gender-ethnic studies major like the one proposed by UNK. CU-Colorado Springs offers a Women’s & Ethnic Studies major (and minor) with additional concentrations in Native American Studies, Latino/a Studies, and Global Studies. Their core requirement includes an introductory course on gender and race, and an advance course on gender and race theory. Colorado State-Fort Collins offers an Ethnic Studies major with a Women’s Studies concentration which is a program, like UNK’s proposal, that requires both the Introduction to Women’s & Gender Studies class and the Introduction to Ethnic Studies class. Both universities stress the interdisciplinary nature of their degrees and the contributions of faculty from across their respective campuses. Colorado Springs has seen an increase in enrollment overall at the university (up 6.2% to 12,000 in fall 2016), and their WEST (Women’s & Ethnic Studies) program currently has 14 majors, 18 double majors (so 32 total majors) and 33 minors. They have also recently expanded to offer an interdisciplinary major with Engineering and Business (called a Bachelor of Innovation Degree).

UNK’s peer institutions like University of Northern Colorado and University of Northern Illinois offer related programs: UNC has majors/minors in Africana Studies and Asian Studies and a minor in Gender Studies, UNI has a minor and Graduate MA in Sexuality, Women’s & Gender Studies.

Table 3: Regional comparison

Campus	Major?	Minor?	Minor?	Minor?
UC Colorado Springs	WEST -- Women's & Ethnic Studies (32 majors)	Women's & Ethnic Studies (33 minors)	New: Bachelor of Innovation (WEST collaboration with Engineering & Business)	
Colorado State Fort Collins	Ethnic Studies major with WGS concentration	WGS minor	Ethnic Studies minor

Univ. Northern Iowa	No major, but graduate MA in Sexuality, Women's & Gender Studies	Sexuality, Women's & Gender Studies minor		

4. UNK's Core Value #4 Responsible Stewardship and NU's "win with people": The WGE major supports UNK's goal to increase the diversity of faculty and staff, and to enhance the workplace environment. UNK faculty largely expect a university of this caliber to support WGE studies and the students who participate in these programs. NU's Cornerstone to "win with people," underscores the importance of creating "an inclusive and welcoming environment for all." The visibility – as well as the need and success -- of a WGE major contributes to a campus workplace environment that supports diversity and helps prepare students to succeed in a diverse world.

Efficient stewardship of resources is an important aspect of UNK's Core Value #4 and the proposed WGE major. There are no new costs to implement this major. Both the required and elective courses currently exist and are regularly offered by programs and departments. As of 2016-2017, the directorship of the two programs was consolidated under one director, a cost-savings measure. The advisory boards have also been consolidated, and the work of creating a new governance document for the combined board is in progress. The WGE capstone Research Methods course will be taught as independent studies by the program director and affiliated WGE faculty, depending on the student's research project; faculty research mentorship is an important part of this program. The new major also has potential to generate revenue, especially if it builds on the on-line component already available for WGE minors.

In summary, the proposed new major in Women's, Gender & Ethnic Studies contributes in important ways to UNK's mission and Four Core Values, and it supports the Four Cornerstones outlined by President Bounds. It offers students an appealing major degree option while supporting student diversity and retention, builds on core introductory courses currently offered for the minor degrees, establishes a faculty-mentored experiential research capstone, works in collaboration on an interdisciplinary basis with other departments, and incurs no additional cost to UNK.

Business Affairs

MEETING DATE: January 25, 2018

SUBJECT: Participation in Big Ten Academic Alliance OmniSOC

RECOMMENDED ACTION: Approve entering into a 3-year agreement to participate in the Big Ten Academic Alliance OmniSOC

PREVIOUS ACTION: None

EXPLANATION: The University of Nebraska (NU) has an opportunity to join 4 Big Ten Academic Alliance peers (Indiana, Northwestern, Purdue and Rutgers) in an information security consortium (OmniSOC).

The OmniSOC will allow NU to take advantage of a 24 x 7 x 365 security operations center, and share in the cyber-security intelligence information available from participating Big Ten peers.

Participation in the OmniSOC will bring NU greater visibility into any anomalies or intrusions that may occur within our information technology environment, and will allow us to remediate any such incidents in a shorter time frame.

A brief list of benefits and efficiencies would include:

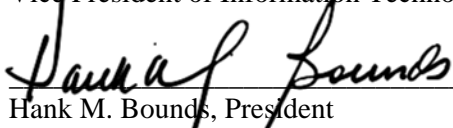

- Avoid the cost of establishing a stand-alone unit at the university.
- Dramatically reduce the time from first awareness of cybersecurity threats to effective campus mitigation.
- Establish protocols for campus-based cSOCs and OmniSOC based on evolving best practice.
- Establish a base of OmniSOC data for advanced research and development by member institutions.
- Gather security information and security event data and provide it in (near) real-time to the OmniSOC and partnering campuses.
- Provide access to data for cybersecurity research for NU faculty and students.

The opportunity for participation in the Big Ten Academic Alliance OmniSOC was reviewed and recommended for approval by the Business Affairs Committee.

OMNISOC SUBSCRIBER MASTER SERVICES AGREEMENT

This Master Services Agreement (this “**Agreement**”), dated as of _____, 201__ (the “**Effective Date**”), is entered into by and between The Trustees of Indiana University, acting by and through the OmniSOC, a center established at Indiana University and more particularly described below (collectively referred to herein as “**IU**”), and the Board of Regents of the University of Nebraska, a public body corporate and agency of the State of Nebraska (“**Subscriber**”). IU and Subscriber are referred to herein each as a “**Party**” and collectively as the “**Parties**.”

Purpose and Background

- IU has established a shared cyber Security Operations Center (“OmniSOC”) to provide real-time, automated information intelligence gathering, analysis, action, and research services to participating institutions.
- The OmniSOC provides several tiers of cyber risk mitigation services from which Subscriber may select based upon Subscriber’s ability and/or desire to participate actively in its own network risk mitigation.
- Subscriber and IU are parties to that certain Information Security Data Sharing Agreement, dated as of September 30, 2016, by and among certain BTAA-member universities (the “ISDSA”), the terms and conditions of which are hereby incorporated by reference, pursuant to which the parties have agreed (a) to share information about security risks and threats having the potential to impact them in similar ways and therefore representing a source of common concern, and (b) to provide mutual assurances on the standards and obligations to which they will adhere in protecting highly sensitive security information shared between them.
- Subscriber is also a member of the Research and Education Network Information Sharing and Analysis Center (“REN-ISAC”), which is hosted at IU, and in connection with which Subscriber has agreed to the REN-ISAC’s Terms and Conditions and Information Sharing Policy.
- Notwithstanding its participation in the mutual information sharing arrangements already in place through the ISDSA and the REN-ISAC, Subscriber desires to implement a more comprehensive cyber risk mitigation solution by procuring services from the OmniSOC hereunder and to participate with other subscribers in various research activities coordinated through the OmniSOC, in each case on the terms and conditions of this Agreement.
- IU is willing to provide such services and coordinate such activities through the OmniSOC, all as set forth more particularly under the terms and conditions of this Agreement.

In accordance with the Purpose and Background, the Parties agree as follows:

Terms and Conditions

1. Subscriber Obligations.

1.1. **Payment of Fees.** Subscriber will pay service and subscription fees for the service tier selected by Subscriber in one or more Service Addenda entered into pursuant to Section 2.1.

1.2. **Representative.** During the Term, Subscriber will designate an individual to serve as Subscriber's primary contact and representative to OmniSOC (a "**Subscriber Representative**"). The Subscriber Representative shall have the ability to bind Subscriber with respect to undertakings and commitments made pursuant to this Agreement. Subscriber confirms its designation of the Subscriber Representative whose name and contact information is set forth on Appendix A of this Agreement. Subscriber may change its designated Subscriber Representative from time to time with written notice provided to IU in accordance with the notice provisions herein.

1.3. **Information Sharing.** Subscriber shall use best efforts to share security threat and event information and data (including, but not limited to, network flow data, intrusion detection alerts, DNS lookups, and authentication logs) with OmniSOC, according to the service tier that Subscriber selects in one or more Service Addenda entered into pursuant to the terms and conditions of this Agreement.

1.4. **Interpretation with Other Agreements.** In the event of any conflict between the terms and conditions of any of the ISDSA, the REN-ISAC's Terms and Conditions, or the REN-ISAC's Information Policy, on the one hand, and this Agreement or any Service Addendum entered into pursuant hereto, on the other hand, the terms and conditions of this Agreement (or the Service Addendum, as the case may be) will be deemed to control. Any conflict between the main body of this Agreement and any Service Addendum will be resolved in the manner described in Section 2.1 hereof.

1.5. Confidential Information.

(A) **Definition of Confidential Information.** For purposes of this Agreement, the term "**Confidential Information**" includes trade secrets, highly sensitive security information, and any material, data, and/or information of any other kind which is not generally known or reasonably ascertainable by others, which is subject to reasonable measures by its originator, owner or holder to maintain its secrecy, and, in each case:

- (1) to which a Party (the "Receiving Party") has been given access in connection with the performance of this Agreement;
- (2) which is furnished to the Receiving Party by the other Party or by another OmniSOC subscriber pursuant to this Agreement;
- (3) which is acquired by the Receiving Party from the other Party or from another OmniSOC subscriber pursuant to this Agreement;
- (4) which is developed, prepared, or compiled by its originator, owner or

- holder on behalf of the Receiving Party or for the Receiving Party's use pursuant to this Agreement; or
- (5) which is otherwise known or held by the Receiving Party in connection with the Receiving Party's involvement with OmniSOC during the Term.

Confidential Information does not include any information which: (1) is in the public domain at the time learned by or communicated to the Receiving Party or thereafter becomes part of the public domain, other than by disclosure in violation of this Agreement or other duty of confidentiality; (2) is obtained by the Receiving Party from a non-party that is lawfully in possession of such information and not bound by any duty of confidentiality to either Party; (3) has been independently derived or developed by the Receiving Party without reference to or use of any Confidential Information; or (4) is otherwise deemed non-confidential public information or a public record under operation of federal or state law.

(B) *Obligations Related to Confidential Information.*

- (1) IU has the right to share Research Data (defined below) with other Subscribers, subject to the terms and conditions of this Agreement.

- (2) The Receiving Party shall take precautions to protect and maintain the confidentiality of Confidential Information, which precautions shall be at least equivalent to the measures taken to protect its own most confidential and proprietary information, and in no event less than reasonable precautions. The Receiving Party agrees to abide by the limitations on re-disclosure and use of personally identifiable information set forth in this Agreement and in applicable law and regulations, including but not limited to the Family Educational Rights and Privacy Act, 20 U.S.C. § 1232g ("FERPA"), the Health Insurance Portability and Affordability Act, 42 U.S.C. § 1320d-6 ("HIPAA"), and the respective regulations adopted thereunder. The Receiving Party agrees not to disclose any Confidential Information except to those employees, contractors, or legal advisors of the Receiving Party with a need to know and who have agreed to confidentiality and non-use restrictions at least as protective as those set out in this Agreement. Neither Party shall use the Confidential Information of the other Party (or of another OmniSOC subscriber) except for the purpose for which the disclosure was intended. Notwithstanding anything to the contrary, the Receiving Party may disclose Confidential Information as required by law, provided that the Receiving Party, to the extent permitted by applicable law: (1) gives the disclosing Party (or, as applicable, any other OmniSOC subscriber that initially made such Confidential Information available) written notice of such requirement prior to disclosure; and (2) fully cooperates to limit the disclosure of Confidential Information to the minimum extent necessary to comply with the legal disclosure obligation. The Receiving Party will promptly notify the disclosing Party (or, as applicable, any other OmniSOC subscriber that initially made such Confidential Information available) of any actual or suspected misuse or unauthorized disclosure of

Confidential Information.

(3) **Breach Notification to Subscriber.** Potential and confirmed exposures or unauthorized disclosures of OmniSOC data will be managed in accordance with the Indiana University Information and Information System Incident Reporting, Management, and Breach Notification Policy, ISPP-26. IU reserves the right to use Third Party Services in addressing an exposure or unauthorized disclosure if, in its sole discretion, it deems such Third Party Services appropriate. OmniSOC will notify subscriber representatives of confirmed exposures or unauthorized disclosures as soon as is practicable, not to exceed twenty-four (24) hours.

(C) **Objective of Information Sharing; No Warranties.** Subscriber understands, acknowledges, and agrees that all Confidential Information that it shares with OmniSOC or that is shared between and among other OmniSOC subscribers pursuant to this Agreement is shared for the objective of cyber security protection, detection, response, and non-commercial research as set forth in Section 3 hereof. Subscriber shall share its Confidential Information in good faith but makes no express or implied guarantees or warranties as to the veracity or applicability of the Confidential Information. Subscriber understands, acknowledges, and agrees that other subscribers are sharing their Confidential Information subject to the same terms, including without any express or implied guarantees or warranties as to the veracity or applicability of the information, and that IU makes no warranties whatsoever, express or implied, with respect to the veracity or applicability of any information shared pursuant to this Agreement.

(D) **Treatment of Personally Identifiable Information.** The Parties understand, acknowledge, and agree that the data to be exchanged pursuant to this Agreement will not generally include Subscriber or end user content that contains personally identifiable information, except incidentally to the extent that some intrusion detection systems sometimes capture fragments or limited fields of raw data that may include such information. To the extent such information is exchanged in such a limited circumstance, it will be treated by the Receiving Party as Confidential Information hereunder, and:

- (1) if it relates to an education record under FERPA, the Receiving Party will be deemed a school official having a legitimate educational interest in the information for purposes of FERPA; and
- (2) if it contains protected health information under HIPAA, the Receiving Party's access to it will be recognized as being merely incidental to its performance under this Agreement for purposes of HIPAA.

2. OmniSOC Services

2.1. **Service Addendum.** Subscriber may subscribe to cyber risk detection and mitigation services by entering into written service addenda to this Agreement with IU (each, a "**Service Addendum**"). Each Service Addendum will form a part of this

Agreement and be deemed incorporated herein by this reference. In the event of a conflict between the terms of the main body of this Agreement and the terms of a Service Addendum, the terms of the Service Addendum will control for purposes of such Service Addendum only. A template of the Service Addendum is attached hereto as **Schedule 1**.

(A) **Services.** Each product and service identified in a Service Addendum is an “**OmniSOC Service.**” Subscriber acknowledges that some OmniSOC Services may include third party products or services provided or made available by IU to the Subscriber (“**Third Party Services**”), and IU may be obligated to include third party provisions that govern Third Party Services within any Service Addendum. Any aforementioned third party provisions will form a part of this Agreement with respect to the specific Third Party Service.

(B) **Requirements.** Each Service Addendum will: (1) describe the OmniSOC Service (including any work product to be provided by IU to Subscriber thereunder); (2) set forth the price and payment terms for such OmniSOC Service; (3) set forth the duration of the Service Addendum; (4) identify any Third Party Services and corresponding third party provisions; and (5) include such other details as the Parties deem appropriate.

2.2. **Subscriber Compliance.** Subscriber acknowledges that its timely provision of (and IU’s access to) relevant Subscriber assistance, cooperation, and complete and accurate information and data (including required consents, licenses, and authorizations, if any) is essential to the performance of OmniSOC Services. IU will not be liable for any deficiency or delay in performing the OmniSOC Services if such deficiency results solely from Subscriber’s failure to provide full cooperation, assistance, and information as required hereunder.

3. **Research Use of OmniSOC Data.**

3.1. The Parties acknowledge that, in addition to providing Subscriber and other OmniSOC subscribers with a cyber risk mitigation solution through OmniSOC Services, another benefit of this Agreement is the opportunity it affords to participating subscribers to perform non-commercial research activities using security and event data compiled through OmniSOC activities.

3.2. IU will aggregate the Confidential Information that consists of security information and event data that it receives in connection with its OmniSOC Services (the “Research Data”). Such Research Data shall automatically be deleted one (1) year after the date of receipt by IU.

IU will convene a review board, to which subscribers’ representatives may be invited to participate, which will create and implement policies and procedures for reviewing and approving bona-fide non-commercial research uses of the Research Data by researchers affiliated with Subscriber and other OmniSOC subscribers, in the manner of an institutional review board for human subjects research and subject to applicable law.

3.3. Access to Research Data

- (A) Subscriber has the right to designate researchers affiliated with Subscriber's institution to receive access to the Research Data for bona fide, non-commercial cybersecurity research purposes only, at Subscriber's expense. Any such researchers shall be permitted such access only after submitting a research proposal to the review board and receiving written approval of the research proposal.
- (B) IU will provide access to the Research Data only to researchers who have received approval of the review board according to the terms and conditions of such approval. Such access shall be conditioned on Subscriber and the researchers agreeing in writing to adhere to confidentiality terms and conditions with respect to the Research Data that are at least as stringent as those in Section 1.5 above, and such other terms and conditions as the review board requires. The review board will have authority to grant exceptions to the deletion date described herein if warranted by the research project as approved by the review board.
- (C) IU will not be responsible for cleansing, manipulating, formatting, or interpreting the Research Data for participating researchers. Subscriber will have sole responsibility for formatting the Research Data for its researchers' use.

4. Intellectual Property

4.1. **Ownership of Data.** Subscriber shall retain the ownership rights in and to any data that it provides to IU or other OmniSOC subscribers pursuant to this Agreement.

4.2. **License for Data.** Subscriber hereby grants to IU a perpetual, irrevocable, worldwide, transferable, fully-paid, royalty-free, right and license to reproduce, modify, distribute, display, and use any data or Confidential Information belonging to Subscriber in any manner consistent with the terms of this Agreement, including but not limited to sharing Subscriber's data with other OmniSOC subscribers.

5. Fees and Payment

5.1. **Fees.** Subscriber will pay IU the fees and costs set forth in each Service Addendum in accordance with the payment schedule set forth in such Service Addendum and the terms of this Section 5.

5.2. **Payment.** IU will invoice Subscriber for all OmniSOC Services under any Service Addendum on an annual basis in advance. Subscriber will pay invoices within thirty (30) days of the date of the invoice. If the Subscriber fails to make payment when due, IU will provide Subscriber with written notice of the delinquency. If Subscriber fails to make the payment within fifteen (15) days of receiving such notice, IU may (a) suspend performance of OmniSOC Services under the Service Addendum with respect to which payment is overdue; and/or (b) terminate the Service Addendum with respect to

which payment is overdue.

6. Term and Termination.

6.1. **Term.** The term of this Agreement begins on the Effective Date and, unless terminated earlier as provided in this Section 6, remains in effect until June 30, 2020 (the “**Initial Term**”). This Agreement will automatically renew for two (2) additional consecutive one (1)-year terms (each, a “**Subsequent Term**” and collectively, with the Initial Term, the “**Term**”) unless terminated by written notice by either party at least ninety (90) days prior to the expiration of any such consecutive term. Termination of this Agreement automatically terminates each then-outstanding Service Addendum.

6.2. **Termination by Subscriber.** In addition to the termination provisions of Section 6.1 (Term) of this Agreement, Subscriber may terminate this Agreement at any time by providing a written notice to IU no less than ninety (90) calendar days prior to such desired termination date.

6.3. **Termination by IU.** In addition to the termination provisions of Section 6.1 (Term) of this Agreement, IU may terminate this Agreement at any time by providing a written notice to Subscriber no less than ninety (90) calendar days prior to such desired termination date.

6.4. **Effect of Termination.** Upon termination of this Agreement for any reason, Subscriber will not be entitled to a refund of subscription fees paid for the then-current fiscal year. Subscriber will remain responsible for any accrued and prorated fees (including, without limitation, a prorated amount of the capital investment payment) that are owed to IU for the then-current fiscal year at the time of such termination, but will no longer be responsible for the payment of subscription fees for future fiscal years during the Initial Term or any Subsequent Term.

- (B) Subscriber understands, acknowledges, and agrees that neither IU nor the other OmniSOC subscribers shall have any responsibility for negative impacts of any sort that result from local actions taken by Subscriber with respect to information shared with the OmniSOC subscribers generally, or to

Subscriber specifically, pursuant to this Agreement.

- (C) Subscriber understands, acknowledges, and agrees that IU may employ individuals who are not United States citizens in connection with performing OmniSOC services.
- (D) IU MAKES NO WARRANTIES, WHETHER EXPRESS OR IMPLIED, WITH RESPECT TO ANY SERVICE OFFERED PURSUANT TO THIS AGREEMENT. EACH PARTY EXPRESSLY DISCLAIMS ALL WARRANTIES IN CONNECTION WITH THIS AGREEMENT, BOTH EXPRESS AND IMPLIED, INCLUDING WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, SATISFACTORY QUALITY, TITLE, OR NON-INFRINGEMENT, OR THE COMPLIANCE OF SUCH PARTY'S OR THE OMNISOC'S SERVICES WITH ANY LEGAL, REGULATORY, AND/OR OTHER REQUIREMENTS APPLICABLE TO THE OTHER PARTY. THESE DISCLAIMERS APPLY EXCEPT TO THE EXTENT, IF AT ALL, THAT GOVERNING LAW DOES NOT PERMIT THEM. EACH PARTY HEREBY WAIVES ANY RIGHT TO BRING A CLAIM AGAINST THE OTHER ARISING OUT OF OR IN CONNECTION WITH ANY OMNISOC SERVICE OR THE RESEARCH DATA EXCEPT TO THE EXTENT IT RELATES TO A BREACH OF THIS AGREEMENT (OR ANY SERVICE ADDENDUM). TO THE EXTENT PERMITTED BY APPLICABLE LAW, NEITHER PARTY, NOR ITS AFFILIATES, AGENTS, OR CONTRACTORS, WILL BE LIABLE TO ANY OTHER PARTY FOR ANY DIRECT, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, SPECIAL, OR INCIDENTAL DAMAGES UNDER, ARISING OUT OF, OR RELATED TO THE AGREEMENT, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES OR IF SUCH POSSIBILITY WAS REASONABLY FORESEEABLE, AND THE PARTIES HEREBY WAIVE THE RIGHT TO RECOVER SUCH DAMAGES FROM ANY SUCH PERSON.
- (E) Notwithstanding any other provision in this agreement, to the extent allowed by law, each party shall defend, indemnify, and hold harmless the other party from and against any claims or causes of action, of any kind, arising from or relating to any research activities conducted by the indemnifying party or any researcher affiliated with such party with respect to the Research Data.

8.2. **Good Faith.** The Parties agree to act in good faith with respect to each provision of this Agreement and any dispute that may arise related hereto.

8.3. **Compliance with Applicable Laws.** Each Party will comply with all applicable laws in connection with the subject matter of this Agreement and its performance under this Agreement.

8.4. **Force Majeure.** Both Parties will be excused from performance for any period during which, and to the extent that it or its subcontractor(s) is prevented from performing any obligation or service, in whole or in part, as a result of causes beyond its reasonable control, and without its fault or negligence.

8.5. **Binding Effect and Assignment.** This Agreement inures to the benefit of and will be binding upon the Parties and their respective heirs, legal representatives, successors, and permitted assigns; provided, however, that neither this Agreement, nor any of the rights or obligations hereunder, may be assigned by Subscriber without first obtaining a written consent signed by IU. Any assignment by Subscriber which is not consented to or in accordance with or permissible under this section will be void, unenforceable, and without effect.

8.6. **No Third Party Beneficiaries.** Nothing contained herein will be construed as creating any right, claim, or cause of action in favor of any third party against either of the Parties.

8.7. **Governing Law.** This Agreement is subject to and construed under the laws of the State of Indiana, without giving effect to any conflict or choice of law provisions which would make applicable the domestic substantive law of any other jurisdiction.

8.8. **Entire Agreement.** This Agreement, its appendices and schedules, and any and all agreements and other documents referenced herein constitute the entire agreement between the Parties with respect to the subject matter hereof, and cancel, void, and supersede any and all other prior agreements and contracts, written or oral, express or implied, between the Parties (or their respective affiliates or predecessors) with respect to the subject matter hereof (other than the ISDSA, the REN-ISAC's Terms and Conditions, and the REN-ISAC's Information Policy, which continue in full force and effect in accordance with their terms).

8.9. **Amendment and Waiver.** Any amendment, modification, revocation, or waiver of this Agreement (including any Service Addendum) is void, unenforceable, and without effect, unless in writing and signed by both Parties. No failure or delay on the part of either Party in the exercise of any power or right hereunder operates as a waiver thereof, nor will any single or partial exercise of any such power or right preclude another or a further exercise of any other right or power. A waiver by either Party of a provision of or a breach of this Agreement must not operate or be construed as a waiver of any other provision or subsequent breach hereunder.

8.10. **Severability.** If any provision of this Agreement is held invalid, illegal, or unenforceable, to any extent, in whole or in part, as to any situation, entity, or person, the invalidity, illegality, or unenforceability of any such provision is limited to such situation, entity, and/or person, and in no way affects the validity, legality, or enforceability of any other provision of this Agreement.

8.11. **Survival.** If this Agreement is terminated for any reason, any and all obligations and duties will terminate concurrently, provided that this Section 8 and Sections

1.5(Confidential Information), 4 (Intellectual Property), 6.4 (Effect of Termination), 8.14(Relationship Between the Parties), and 8.2 (Allocation of Responsibility, Disclaimer, and Limitations on Liability) survive such termination indefinitely or for their respective terms if so stated.

SUBJECT: Naming the Love Library Board Room the "Joan R. Giesecke Board Room" at the University of Nebraska-Lincoln

RECOMMENDED ACTION: Approve naming the Love Library Board Room the "Joan R. Giesecke Board Room" at the University of Nebraska-Lincoln

PREVIOUS ACTION: None

EXPLANATION: President Bounds and Chancellor Green have approved the naming of the Love Library Board Room the "Joan R. Giesecke Board Room" to posthumously honor Giesecke's 25 years of service to the University of Nebraska-Lincoln.

Ms. Giesecke spent 25 years with the UNL libraries, including 16 as Dean. During her tenure, Giesecke tripled the library's endowment, oversaw renovations to enhance the libraries in size and service, developed relationships to help colleges advance and enhanced the diversity of the libraries' faculty. Upon her retirement, she was recognized as Dean and Professor Emeritus.

University policy RP 6.2.7 precludes naming facilities for persons within five years of separation from the university. However, the same policy provides that facilities may be so named upon gaining waiver of such policy by the Board of Regents.

By naming this area the "Joan R. Giesecke Board Room", the Board of Regents expresses on behalf of the University of Nebraska-Lincoln its deepest gratitude and appreciation for Ms. Giesecke's exemplary service.

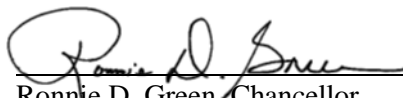

The proposed naming was reviewed and recommended for approval by the Business Affairs Committee.

Per Regents Policy 6.6.4, Board approval is required to designate the donation from the Cather Family Trust as a quasi-endowment. Quasi-endowments, when so designated, stipulate that the corpus of the endowment be maintained and invested in perpetuity (or until further Board action) allowing earnings to be used for the donor’s stated purpose.

MEETING DATE: January 25, 2018

SUBJECT: Purchase of iWall Installations for UNMC

RECOMMENDED ACTION: Approve budget of up to \$2,900,000 to purchase iWall systems for campus sites across Nebraska that will be connected to Dr. Edwin Davis and Dorothy Balbach Davis Global Center for Advanced Interprofessional Learning.

PREVIOUS ACTION: June 1, 2017 – The Board of Regents approved naming the Global Center for Advanced Interprofessional Learning the “Dr. Edwin Davis and Dorothy Balbach Davis Global Center for Advanced Interprofessional Learning” (Davis Center).

EXPLANATION: One of the many strengths of the Davis Center is that it will allow for state of the art interactive training to be shared with locations not only in Nebraska, but around the world to locations (spokes) having a connected, interactive digital iWall. The hub will be located in the Davis Center and is equipped with 2D/3D, virtual, and augmented reality technologies.

An iWall is an interactive screen consisting of 12 or more touch screens. This experiential tool enables new ways of thinking and allows users to present content in real time, transforming collaboration and communication. Early acquisition of these technologies helps educators, learners and researchers begin the journey into visualization and prepares them for the opportunities available when the Davis Center opens in the fall of 2018.

This iWall technology has been deployed for over a year in the UNMC Visualization Hub Demonstration Center in the Truhlsen Center in Omaha and most recently linked to a similar iWall in Scottsbluff College of Nursing / College of Dentistry in the Harms Center. The curricular usage since installation has been extensive and the real time intersite linkage virtually flawless.

Benefits from the project includes:

- Enhanced multi-campus connectivity
- Facilitate student/faculty collaboration
- Enhance high quality distance learning
- Multisite instructional capability
- Facilitate enrollment increases in the health professions
- Stimulate economic development of high technology equipment and content.

The Colleges of Nursing in Kearney, Lincoln and Norfolk, the College of Dentistry in Lincoln, and Otto Olson at Kearney are slated to have iWalls installed over the next twelve months. Industry competition has increased dramatically over the last few years with upwards of twenty vendors offering the technology. There is an inverse relationship between advances in video wall technology and the typical lifespan of the actual facility, i.e., video wall technology evolves much faster than the building housing the technology deteriorates. As a result of this dilemma, investment protection is essential when evaluating the video wall options. It is good news that today's flat-panels have a longer and longer lifespan than those from even a few years ago (current estimate is 8-11 years).

Keeping that in mind UNMC will evaluate bids not just on price but Total Cost-Of-Ownership and other factors, including:

- Image quality/resolution
- Designed for longevity in a 24/7 operation
- Supplier End-Of-Life and End-Of-Service policies
- Maintenance contract offerings and commitments
- Form, Fit, Function technology upgrade offerings
- Investment protection
- Interoperability with existing iWall systems

The proposed purchase has an estimated overall budget of \$2,900,000. The estimated price includes installation and related software.

This purchase has been reviewed and recommended for approval by the Business Affairs Committee.

SUBJECT: Commitment to Free Expression

RECOMMENDED ACTION: Adopt the Policy which follows this item, to be designated as *Board of Regents Policy RP-6.4.10*, Commitment to Free Expression; Guide for Facilities Use; and Education; and related report.

PREVIOUS ACTION: None

EXPLANATION: Institutions of higher education, both in the United States and around the world, attract the exchange and sharing of ideas and opinions, a practice that goes hand-in-hand with the underlying foundations of education. The University of Nebraska has long embraced, supported and facilitated that practice. It is now, and always has been, dedicated to free expression, as guaranteed by the First Amendment of the U.S. Constitution. Events in recent years, nationally and locally, have prompted the University to re-examine and re-dedicate itself to the principles of free expression, found in the First Amendment. In response to those events, the President appointed in September 2017 a working group of University personnel, representing the system and all four campuses, with skills and experience in the areas of student affairs, facilities, legal, and communications, among others. This group coordinated the drafting of the proposed policy, a process that included review of the draft and input from the Regents, students, faculty, and staff leadership.

The purpose of the proposed policy is to articulate, clarify and underscore that long-standing commitment in a manner that furthers both freedom of expression and the University's mission of teaching, research and public service. The first section of this policy sets forth the University's and the Board of Regents' commitment to the tenets of Free Expression; the second section provides a framework for campuses to provide what are referred to as "facilities use plans" or programs applicable to particular spaces and resources on their campuses, consistent with that commitment, the law, and the University's mission; and the final section is a mandate for education with respect to the rights surrounding the First Amendment.

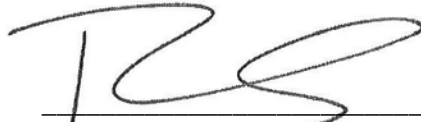

Adoption of this item further provides that University leadership will report to the Board of Regents, within the first calendar quarter of 2019, an update with respect to implementation of this policy, the facilities use plans, and any complaints of alleged violations of the policy for the previous year, including action taken in response to violations of the policy, provided that such report shall respect the rights of confidentiality or privilege possessed by parties involved. The report shall also review

educational programs provided in accordance with the third section of the policy.

PROJECT COST: No funding is required. Implementation will be achieved using human and other resources presently in place.

Board of Regents of the University of Nebraska Policy

Commitment to Free Expression; Guide for Facilities Use; and Education

(January 12, 2018)

Introduction

The University of Nebraska honors the First Amendment of the U.S. Constitution and has long dedicated itself to the free exchange of ideas.

The purpose of this policy is to articulate, clarify and underscore that long-standing commitment in a manner that furthers both freedom of expression and the University's mission of teaching, research and public service. The first section of this policy sets forth the University's and the Board of Regents' commitment to the tenets of Free Expression; the second section provides a framework for campuses to provide what are referred to as "facilities use plans" or programs applicable to particular spaces and resources on their campuses, consistent with that commitment, the law, and the University's mission; and the final section is a mandate for education with respect to the rights surrounding the First Amendment.

Commitment to Free Expression

"Freedom of speech" and "freedom of expression" refer to one's Constitutional right to articulate and express ideas and opinions, through any means, i.e. speaking, writing, or artistic expression, without fear of government retaliation, censorship, or other sanction. The University of Nebraska is a public institution of higher education, which holds dear this right, a right that is indispensable to its ability to transmit knowledge and fundamental to the University community's pursuit to discover, explore, interpret, and question knowledge and opinions. The University greatly values the creation and maintenance of an inclusive climate in which all members of its community are welcomed and are encouraged to participate in the free expression of ideas. Inasmuch as the search for new truths often comes forth only after bringing together differing opinions, the University aims to foster and uphold the capacity of the University community to engage in discourse and deliberation in an effective, responsible and respectful manner. This is critical to the University's mission.

As a corollary to the University's commitment to protect and promote free expression, members of the University community are expected and required to act in conformity with the underlying principles of free expression. Although members of the University community are free to comment on, criticize and contest views that others express, they must do so at a time and place, and in a manner that does not prevent, impede, or obstruct the freedom of others to also exercise their rights to express themselves. With this policy, the University is not only promoting a lively and fearless freedom of debate and deliberation, but also protecting that freedom when others attempt to restrict it. It is a careful, deliberative and nuanced balance of interests that the University must strike in order to protect this important right.

The First Amendment provides no guarantee of civility. However, as a community of educators and learners, the University places a high value on civil discourse and respect for one another. The University has an obligation to protect the dignity and security of all members of its community from those who would seek to use speech primarily to deprive others of their freedom to learn, their freedom to contribute and their freedom to participate fully in the University's mission. Therefore, the University encourages all within its

community--its Board, administration, faculty and staff, students, alumni, and all who act as its ambassadors--to serve as models reflecting behavior consistent with the tenets of civil discourse. Civility defines Nebraska and our University of Nebraska community.

As important as are the rights to debate and discuss competing ideas, the First Amendment does not protect all expression. The University will not facilitate expression in violation of the law or that poses an unreasonable threat to the safety of the University community or to the University's ability to fulfill its mission of teaching, research, and public service. Certain kinds of expression (among others), such as: speech that incites violence, fighting words, speech that defames or defrauds, speech that constitutes a genuine threat, or unlawfully discriminates, or speech that unlawfully invades privacy, is not protected speech. Acts or conduct, which threaten the safety of persons or property are not protected by the Constitution or the University.

Individuals, once provided the requisite due process, found in violation of the provisions contained herein shall be subject to review and potential discipline in accordance with the Bylaws and Policies of the Board of Regents of the University of Nebraska, corresponding to such individuals' relationship to the University community (e.g. student, faculty and staff).¹

Finally, while the principles of Academic Freedom are unique ideals possessed by the teaching profession, separate from an individual's First Amendment Rights, the University of Nebraska is clear in its commitment and faithful to the preservation of Academic Freedom. This policy is not intended to interfere with or encumber those principles. For example, according to the *American Association of University Professors 1940 Statement on Academic Freedom and Tenure*, teachers are entitled to freely discuss topics in the classroom, but they should be careful not to introduce controversial matters, which have no relation to the subject being taught.

Guide for Facilities Use Plans

University resources, for example, its land and buildings, its library collections, its computer networks, are to be applied first and foremost to its mission of teaching, research and public service, and therefore, such University properties are primarily dedicated to this mission, which encompasses all academic activities, student life, intercollegiate athletics, and the administrative functions that support this mission. These properties are not generally open and available to the public—they are provided to and by the University, in order that it might carry out its educational charge. The First Amendment does not mandate that the University grant the public unfettered access to its facilities. The University may elect to open certain spaces to the public without limitations, to open other spaces with limitations on use, and to maintain the non-public status of other spaces.

An individual may not materially disrupt activities conducted within the context of the University's mission. The University may reasonably regulate the time, place, and manner of

¹ For example, students in violation of this, or any, University policy are subject to the processes and sanctions set out in their respective campus's Student Code of Conduct; students in certain colleges are subject to separate codes of honor; all faculty and non-faculty employees are bound by their employment relationship to comply with all Board of Regents Bylaws and Policies, including this policy. Failure to comply with bylaws and policies subjects non-faculty employees to disciplinary action under the authority of the campuses' Human Resources Departments, while faculty violating bylaws and policies are governed by the review processes established pursuant to Bylaws Chapter IV. Rights and Responsibilities of the Professional Staff. Board of Regents Bylaw 4.1 on Academic Responsibility is of particular relevance.

expression, in accordance with the law, in order to ensure that the ordinary activities of the University are not disrupted. Such regulations must be narrowly tailored to serve significant, viewpoint-neutral interests, and cannot substantially burden more speech than necessary to protect the University's interest.

Spaces such as classrooms, where teaching takes place; or labs where research is conducted; or offices where administrative business is carried out, are not freely open to the public. There are, however, spaces within our campuses that may be opened to both members of the University community and the public for a variety of purposes, including speech and expression. Therefore, under the direction of the Chancellors, each of the campuses are to implement facilities use plans, programs and strategies on their respective campuses, along with rules and processes grounded in law and University policies, to designate which properties, facilities, and/or other university resources, in whole or in part, are categorized under law as:

- "Designated Public Forums"—These are places the campus designates as open for expressive applications to all or part of the campus community, or the community at large. This might be a mall, a plaza or the sidewalks. Reasonable time, place and manner restrictions may be implemented in a viewpoint or content-neutral application.
- "Limited Public Forums"—These are places (such as a concert hall), events (such as a student panel discussion on Literature of the Plains), or other avenues for expression (such as an electronic bulletin board), which can be designated for use by a particular group and limited to particular topics or types of speech, as long as the limitations are reasonable and viewpoint-neutral.
- "Non-Public Forums" are all places and resources not otherwise categorized as Designated Public Forums and Limited Public Forums.

In none of these instances may campuses implement rules or processes which differentiate use of properties or resources, or disciplinary outcomes, based upon the viewpoint of the user.

It is not possible in this brief guide to provide specific direction with respect to the appropriateness of any regulation within any particular campus's facilities or spaces. Each campus has unique space characteristics, distinctive mission-related needs, and therefore, proposed uses of designated forums will differ on a case-by-case basis, and further, the University expects that the plans will evolve over time to meet the needs of its mission and its community. However, in order to ensure legal and policy compliance, prior to implementation, the campus shall secure the advice and approval of the Office of the General Counsel with respect to the strategies, rules and processes contained in its facilities use plans and programs.

As part of such facilities use program implementation, each campus shall conspicuously post on its website, and in other places that provide for effective communication, a map of the facilities and spaces on their main campuses, showing the nature of the forums present on campus, along with information or directions with respect to restrictions and processes applicable to any given location. To the greatest extent possible, there shall be a single, easy-to-locate, user-friendly resource designated at each campus, for persons wishing to access information about the availability, rules and processes applicable to any given space at that campus.

Education

Last, yet of great importance, regular opportunities for the University community to educate itself about the First Amendment and this policy, as well as the existence and implementation of campus facilities use programs, are imperative. The understanding of one's constitutional rights, and the expectations surrounding those rights, is vital to the free exchange of ideas, information, opinions and discovery. Failure to understand and learn the underpinnings and legal interpretation of the First Amendment lends itself to incivility and miscommunication. Because this exchange is so very critical to the University's mission, it is incumbent upon the University to engage in a deliberate program of education for the University community, and beyond, with respect to the First Amendment of the U.S. Constitution and the University's support of it.

Adoption of this policy will prompt a review of University policies and practices throughout the University. To the extent that such other policies and practices conflict with this policy, this policy shall take precedence, and such other policies and practices shall be interpreted in a manner to resolve the conflict in favor of this policy.

This document was composed following a review of the good works of many of the University's institutional colleagues and related professional organizations, along with some ideas and approaches wholly original to the University of Nebraska. The University of Nebraska wishes to recognize the efforts made by many others, which preceded the adoption of this policy, including the University of Chicago, the University of Missouri, Kansas State University, the Association of Governing Boards of Universities and Colleges, the National Association of College and University Attorneys, and the Foundation for Individual Rights in Education (FIRE), among others. Thank you.

INVESTING IN NEBRASKA'S FUTURE

Strategic Planning Framework

2014-2016

The University of Nebraska is a four-campus, public university which was created and exists today to serve Nebraskans through quality teaching, research, and outreach and engagement. We strive to be the best public university in the country as measured by the impact we have on our people and our state, and through them, the world. To do that, we must compete effectively with other institutions around the world for talented students and faculty. The future of Nebraska is closely tied to that of its only public university, and this framework guides university-wide and campus planning to help build and sustain a Nebraska that offers its citizens educational and economic opportunity and a high quality of life.

The framework consists of six overarching goals emphasizing access and affordability, quality academic programs, workforce and economic development, research growth, engagement with the state, and accountability. Each goal has a number of related objectives, strategies and accountability measures developed for Board and university-wide monitoring over a multi-year period. Companion documents include an implementation tool with metrics and the schedule for monitoring by the Board, as well as a dashboard reflecting progress.

The university's efforts will not be limited to these priorities, as we expect to be able to measure progress in other areas given the interrelatedness of the objectives, other priorities of the Board and the President, and the ongoing strategic planning efforts of the four campuses. TO: The Board of Regents Addendum XI-E-2
Academic Affairs

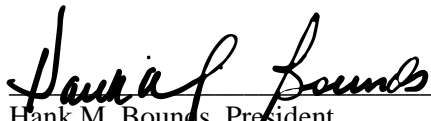

MEETING DATE: January 25, 2018

SUBJECT: BOR Strategic Framework Metrics

RECOMMENDED ACTION: Report

PREVIOUS ACTION: January 27, 2017– The Board of Regents received reports on Financial Aid and Graduation rates

January 29, 2016 – The Board of Regents received a report on Faculty Diversity

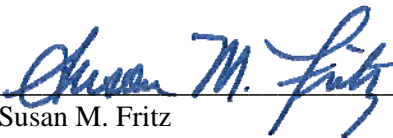

EXPLANATION: These reports provide data on the Board of Regent’s Strategic Framework metrics on Need-Based Financial Aid, Merit-Based Financial Aid, Graduation Rates and Faculty Diversity.

The current financial aid metric required that at least \$9 million in private funds were raised for both need and merit-based financial aid-- \$15.7 million was raised in need-based aid while \$34.1 million was raised in merit-based aid.

The current graduation rate metric required that each campus maintain or reach the average six-year graduation rate of its peers. UNK (56.9% graduation rate; UNK peers 51.6%) exceeded the current metric while UNO (45.2% graduation rate; UNO peers 46.7%) and UNL did not (67.5% graduation rate; UNL peers 73.8%).

The University of Nebraska has consistently maintained or increased its system-wide percentage of women faculty and faculty of color since 2001. In fall 2016, 36.93% of University of Nebraska faculty were women, slightly below the peer average percentage of 37.14%. The University of Nebraska’s system-wide percentage of faculty of color for the same period was 20.82% compared to a peer average percentage of 21.78%.

Business Affairs

MEETING DATE: January 25, 2018

SUBJECT: Report on Debt Refinancing

RECOMMENDED ACTION: Report

PREVIOUS ACTION: None.

EXPLANATION: *Board of Regents Policies* 6.3.1 allows the President, in consultation with the Chair of the Board of Regents, to approve contracts and all other documents as may be required in connection with the issuance of indebtedness to refund outstanding indebtedness. The refunding is then to be reported to the Board at its next regularly scheduled meeting.

Through a negotiated sale on December 4, 2017, the Board of Regents refinanced two bond issues:

- Revenue Bonds, Series 2010 (University of Nebraska at Omaha Student Housing Project)
- Revenue Bonds, Series 2010B (University of Nebraska at Omaha Student Housing Project)

The 2010 bonds were originally issued to fund the purchase of University Village from the private operator. The 2010B bonds provided funding for the construction of the Scott Court student housing.

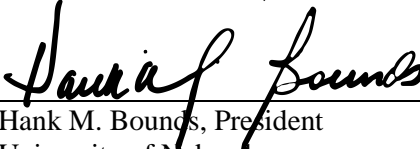

The combined results of the refunding transaction accomplished a number of things: gained approximately \$3.3 million of positive cash flow with reduced annual payments on the 2010 and 2010B bonds of approximately \$75,000 and \$100,000 annually over their remaining terms. Interest rates on those respective issues were decreased from 4.50% to 2.48% and from 4.76% to 3.12%. The net present value gain was \$2.5 million with a net present value benefit of 9% of the outstanding bonds.
