Introduction

As colleges and universities play increasingly important roles in our society, it becomes even more critical for them to perform effectively when it comes to matters of diversity, equity, and inclusion. In response, higher education leaders have demonstrated a growing interest in strategic diversity leadership practices and principles that will help them build high-performing diverse institutions.

Despite this new emphasis, little information is available about what works and what does not in regard to building organizational diversity capabilities at colleges and universities. This is largely due to the sector's historic inattention to diversity-themed capacity-building and leveraging the most promising practices to advance diversity. However, this situation is changing as a growing community of diversity leaders is engaging nationally in exciting dialogue around the topic and sharing what works as part of a growing community of practice.

The Higher Education Excellence in Diversity Award Data Report

The *2017-2018 INSIGHT Into Diversity Higher Education Excellence in Diversity (HEED) Award Data Report* highlights the characteristics and diversity capabilities of the 80 HEED Award recipients of 2017. Leaders at *INSIGHT Into Diversity* created the HEED Award to annually recognize institutions that meaningfully strive to be leaders in the higher education diversity and inclusion arena.

Every institution that receives the HEED Award has applied a strategic diversity leadership approach to advancing diversity, equity, and inclusion efforts at their institution. The award is open to all colleges and universities throughout the U.S. The application process considers an institution's level of achievement and intensity of commitment to broadening diversity and inclusion on its campus through strategic initiatives, programs, and outreach; student recruitment, retention, and completion; and hiring practices for faculty and staff. Applications are comprehensive and cover numerous aspects of campus diversity.

The following charts offer an analysis of the data collected through the 2017 HEED Award applications from the 80 institutions recognized by *INSIGHT Into Diversity* as 2017 HEED Award recipients.

To learn more about the HEED Award and see an example of the 2017 application, visit insightintodiversity.com/heedaward.

We have increased the number of full-time underrepresented students over the past five years	5	6	3	1	1	15

About *INSIGHT Into Diversity*

INSIGHT Into Diversity is the oldest and largest diversity magazine and website in higher education today. For over 40 years, *INSIGHT Into Diversity* has connected potential employees with institutions and businesses choosing to embrace a workforce more reflective of our local and national communities.

ADVERTISING

Employers advertising with *INSIGHT Into Diversity* magazine reach hundreds of thousands of readers per issue. In addition, more than 250,000 people visit our website monthly. No other diversity publication comes close to our numbers.

We serve as a comprehensive recruiting vehicle for our advertisers because our definition of diversity goes beyond race and ethnicity. Our pool of job seekers is broad and vast, in part because we've formed strategic partnerships with organizations representing a wide range of talented individuals.

INSIGHT Into Diversity successfully connects employers to the most highly qualified individuals regardless of race, color, national origin, religion, gender, age, disability, medical condition or history, veteran status, gender identity or expression, and sexual orientation.

NEWS & FEATURES

The magazine also strives to advance the national conversation about diversity and inclusion through thought-provoking articles on current trends and relevant news; interviews with innovators, thought leaders, and experts; explorations of best practices; and profiles of successful programs and initiatives. We hope to engage readers with the goal of achieving a more inclusive culture on both academic and corporate campuses.

NOW AVAILABLE!

The Most Comprehensive, Affordable Campus Climate Assessment Tool

Understanding your campus's climate is an important first step toward ensuring a positive, enriching experience for all students and employees.

Viewfinder™ Campus Climate Surveys are designed to help colleges and universities measure and assess both their strengths and weaknesses around diversity and inclusion efforts for students, faculty, staff, and administrators.

Brought to you by the diversity experts at *INSIGHT Into Diversity* magazine, the most well-respected diversity and inclusion publication in higher education, Viewfinder™ is the only campus climate survey instrument of its kind. With in-depth, targeted questions, our surveys provide insight into what shapes the experiences and perceptions of all individuals on campus — including all underrepresented groups — with regard to diversity, equity, inclusion, and culture to help institutions create more inclusive campuses.

We, like you, are committed to ensuring that all students and employees have the opportunity to live, learn, and work in a safe, supportive, respectful, and welcoming environment.

Starting at just \$4,250, including administration, Viewfinder™ Campus Climate Surveys:

- Address many of the requirements of higher education accrediting agencies to help institutions meet standards
- Ensure anonymity and increase response rates with external administration by Campus Climate Surveys, LLC
- Allow institutions to make an unlimited number of survey modifications
- Give institutions the ability to offer incentives to respondents
- Provide updates on response rates via interim and final reports
- Offer consulting services from one of the most knowledgeable diversity experts in the U.S., Dr. Ken Coopwood Sr.

To purchase or learn more about Viewfinder™ Campus Climate Surveys, visit viewfindersurveys.com or email Deneen Wilson at dwilson@viewfindersurveys.com.
