

## **BENEFITS SUMMARY**

Welcome to the University of Nebraska. The University offers all Regular employees who are at least 50% FTE (full time equivalency) a comprehensive package of benefits under a cafeteriastyle plan called NUFlex. Complete benefits information, as well as enrollment materials, can be found at <a href="www.nebraska.edu/benefits">www.nebraska.edu/benefits</a>. By clicking the "Benefits Enrollment for New Employees" icon, you will be able to access complete benefits information as well as the required enrollment forms. Please note that your Benefits Office must receive your completed benefit enrollment forms within 31 days of your hire date. Enrollment after the initial 31-day period is limited to the annual NUFlex enrollment or when a Permitted Election Change Event occurs. Some coverages may require proof of insurability to enroll at a later date.

The University provides you an allowance of NUCredits (based on your benefits FTE). This allowance represents part of the money the university spends for your benefits and is yours to spend on coverage that fit your needs. Benefit premiums are available at the above benefits website.
