Enrollment in the University of Nebraska’s qualified high deductible health plan (QHDHP) allows participation in a health savings account (HSA).

Note: the health savings account set-up will occur outside/after the annual NUFlex enrollment.

When enrolling in the high deductible plan within NUFlex enrollment, a pop-up message will appear.

The University offers a HSA through Fidelity Investments. Prior to the end of the year, Fidelity will communicate information regarding the opportunity to set-up and begin payroll-deductions to fund a Fidelity HSA account.

Note: THE HSA SET-UP WILL OCCUR OUTSIDE/AFTER THE ANNUAL NUFLEX ENROLLMENT.
