RESOLUTIONS

Regent Ferlic presented the following resolution:

Whereas, the University of Nebraska at Omaha’s Office of Sponsored Programs and Research administers the process of research-proposal submission for the faculty; and

Whereas, this office also supports other important research-related work such as workshops on the research-grant process for new faculty and the development of Nebraska Research Initiative proposals; and

Whereas, this office, with only two full-time staff positions and two graduate assistants, has increased the number of external research proposals by 63 percent over the past six years; and

Whereas, effective work by this team over that period of time, in conjunction with faculty members, has increased the amount of external award funding by 111 percent to a record $14.8 million for fiscal year 2004.

Now, therefore, be it resolved, that the University of Nebraska Board of Regents applauds the Office of Sponsored Programs and Research at the University of Nebraska at Omaha and wishes the staff members and faculty engaged in UNO’s research enterprise continued success.

Regent Wilson presented the following resolution:

Whereas, the University of Nebraska at Omaha has offered American Humanics - a program in nonprofit management and leadership - since 2001; and

Whereas, UNO is one of 75 colleges and universities nationwide to offer the American Humanics Certificate, with three departments accepting the program as part of their respective majors: International Studies and Programs, Continuing Studies, and Art History; and

Whereas, thirty UNO students are currently enrolled in the program, with more than 50 percent of them being students of color; and

Whereas, American Humanics students at UNO have contributed hundreds of volunteer hours to Omaha-area nonprofit organizations in the process of pursuing their certificates.

Now, therefore, be it resolved, that the University of Nebraska Board of Regents congratulates the faculty, staff, and students involved in the American Humanics program at the University of Nebraska at Omaha and wishes them continued success.

Motion The above Resolutions were approved by acclamation.
