V. RESOLUTION

Resolution supporting the 2016 Capital Plan

WHEREAS, University of Nebraska buildings are valued at \$4 billion, representing 70 percent of the State of Nebraska's total building assets; and

WHEREAS, the University of Nebraska and the state have a successful history of partnering to address deferred maintenance needs in order to keep university facilities updated, functional and safe for students and faculty; and

WHEREAS, in 1998 the Legislature passed LB1100, which committed the state and university to each invest \$5.5 million annually for deferred maintenance, and in 2006 the Legislature passed LB605, which committed the state and university to increase their annual investments for deferred maintenance to \$11 million; and

WHEREAS, the mutual investments from both parties have contributed to our current momentum, resulting in updated teaching and research space across the campuses, including facilities that are now among the university's most heavily utilized student learning spaces; and

WHEREAS, in today's competitive higher education marketplace, continued upkeep of university facilities is vital to our ability to recruit and retain top talent and provide students with learning spaces that will prepare them to be successful in the workforce; and

WHEREAS, based on an independent facility analysis, the university has developed a list of buildings most in need of renovation and renewal, including some that have heavily used teaching and lab space and where investments would advance key priorities like undergraduate and STEM education; and

WHEREAS, the upcoming scheduled repayment of LB605 bonds, combined with historically low interest rates and a need to act to protect shared investments in university facilities, present an opportunity to continue our successful partnership; and

WHEREAS, the university will ask the State of Nebraska to increase its annual investment in deferred maintenance by \$11 million, to be matched by the university, to finance an estimated \$400 million in building renewal projects, which would help maintain facilities at a level at which we can continue to provide a quality education for our students and remain competitive;

WHEREAS, the university and its leadership will continue to strive to reduce costs in order to reduce the pressure of future tuition increases.

NOW, THEREFORE BE IT RESOLVED, that the Board of Regents thanks the state for its partnership, expresses its support for the 2016 deferred maintenance request, which extends a rational, proven approach to maintaining valuable building assets, and urges the Governor and Legislature to support the request and continue to partner with the university to provide high-quality facilities that are suited to 21st-century teaching and research.

Motion Moved by Phares and seconded by Hawks to approve the Resolution
