

TOTAL CARE PLUS B FORMULARY

The following is a comprehensive version of the drug list (formulary) that is at the core of your prescription-drug benefit plan. The list may not be all-inclusive and does not guarantee coverage.

In addition to using this list, you are encouraged to ask your doctor to prescribe generic drugs whenever appropriate. **THIS LIST IS SUBJECT TO CHANGE.**

PLEASE NOTE: Brand-name drugs may move to non-preferred brand status if a generic version becomes available during the year. Not all the drugs listed are covered by all prescription drug benefit programs; check your benefit materials for specific drugs covered and the copayments for your prescription drug benefit program. For specific questions about your coverage, please call the phone number printed on your member ID card.

For the member: Generic medications contain the same active ingredients as their corresponding brand-name medications, although they may look different in color or shape. They have been FDA-approved under strict standards.

For the physician: Please prescribe preferred products and allow generic substitutions when medically appropriate.

KEY

[G] = Generics **[P]** = Preferred Brands **[NP]** = Non-preferred Brands

Brand-name drugs are listed in CAPITAL letters. Example: ADEMPAS

Generic drugs are listed in lower-case letters. Example: ibuprofen

This document list is effective January 1, 2025 through June 30, 2025. This list is subject to change. For more information and updates visit empirxhealth.com. © 2025 All Rights Reserved. All trademarks are the property of their respective owners.
