DEFINITIONS

COMPANY refers to Ameritas Life Insurance Corp. The words "we", "us" and "our" refer to Company. Our Home Office address is 5900 "O" Street, Lincoln, Nebraska 68510.

PLANHOLDER refers to the Planholder stated on the face page of this document.

MEMBER refers to a person:

a. who is a Member of the eligible class; and
b. who has qualified for coverage by completing the eligibility period, if any; and
c. for whom the coverage has become effective.

- Employee's grandparents, step-grandparents, or their descendants (aunts, uncles, cousins);

CHILD. Child refers to the child of the Member, a child of the Member's spouse or a child of the Member’s Adult Designee, if they otherwise meet the definition of Dependent.

DEPENDENT refers to:

a. an individual who qualifies as a Dependent of an Employee under Code Section 152 and who is the Employee's Adult Designee, the Employee's Adult Designee Dependent Child, or the Employee's Dependent Child. However, the definition of Dependent is modified to conform with the underlying Code section for the qualified benefit. For example, for purposes of a benefit under Code Section 105, except as otherwise provided, a Dependent is a Dependent as defined under Code Section 152, without regard to Code Section 152(b)(1), (b)(2), and (d)(1)(B), and any Child (as defined in Code Section 152(f)(1)) of the Employee who has not attained the limiting age of 26.

b. each child age 26 or older who:

i. is Totally Disabled as defined below; and
ii. becomes Totally Disabled while covered as a dependent under b. above.

Coverage of such child will not cease if proof of dependency and disability is given within 31 days of attaining the limiting age and subsequently as may be required by us but not more frequently than annually after the initial two-year period following the child's attaining the limiting age. Any costs for providing continuing proof will be at our expense.

TOTAL DISABILITY describes the Member's Dependent as:

1. Continuously incapable of self-sustaining employment because of mental or physical handicap; and

2. Chiefly dependent upon the Member for support and maintenance.

DEPENDENT UNIT refers to all of the people who are covered as the dependents of any one Member.

PROVIDER refers to any person who is licensed by the law of the state in which treatment is provided within the scope of the license.

PARTICIPATING AND NON-PARTICIPATING PROVIDERS. A Participating Provider is a Provider who has a contract with Us to provide services to Members at a discount. A Participating Provider is also referred to as a “Network Provider.” The terms and conditions of the agreement with our network providers are available upon request. Members are required to pay the difference between the plan payment and the Participating Provider’s contracted fees for covered services. A Non-Participating Provider is any other provider and may also be referred to as an “Out-of-Network Provider.” Members are required to pay the difference between the plan payment and the provider’s actual fee for covered services. Therefore, the out-of-pocket expenses may be lower if services are provided by a Participating Provider.

PLAN EFFECTIVE DATE refers to the date coverage under the plan becomes effective. The Plan Effective Date for the Planholder is January 1, 2019. The effective date of coverage for a Member is shown in the Planholder's records.

All coverage will begin at 12:01 A.M. on the Effective Date. It will end after 11:59 P.M. on the Termination Date. All times are stated as Standard Time of the residence of the Member.
ELIGIBLE CLASS FOR MEMBERS. The members of the eligible class(es) are shown on the Schedule of Benefits. Each member of the eligible class (referred to as "Member") will qualify for such coverage on the day he or she completes the required eligibility period, if any. Members choosing to elect coverage will hereinafter be referred to as “Member.”

An eligible Employee is a person who is employed in a "Regular" position with an FTE of .5 or greater, employed in a "Temporary" position for more than 6 months with an FTE of .5 or greater, or employed as a College of Medicine Faculty Member or a College of Dentistry Faculty member who is employed at a Veterans Hospital and is considered a full-time faculty member by virtue of a Health Professions Faculty Appointment, provided that the following individuals are not considered Employees: Independent Contractors, Contractor's Employees, and Leased Employees.

**Cobra Continuation Coverage for Qualified Beneficiaries**

The length of COBRA continuation coverage that is offered varies based on who the Qualified Beneficiary is and what **Qualifying Event** is experienced.
We will determine dental expense benefits according to the terms of the group plan for dental expenses incurred by a Member. A Covered person has the freedom of choice to receive treatment from any Provider.

**DETERMINING BENEFITS.** The benefits payable will be determined by totaling all of the Covered Expenses submitted into each benefit type as shown in the Table of Dental Procedures. This amount is reduced by the Deductible, if any. The result is then multiplied by the Benefit Percentage(s) shown in the Schedule of Benefits. Benefits are subject to the Maximum Amount, if any, shown in the Schedule of Benefits.

**BENEFIT PERIOD.** Benefit Period refers to the period shown in the Table of Dental Procedures.

**DEDUCTIBLE.** The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Covered person prior to any benefits being paid.

**MAXIMUM AMOUNT.** The Maximum Amount shown in the Schedule of Benefits is the maximum amount that may be paid for the Covered Expenses incurred by a Member.

**COVERED EXPENSES.** Covered Expenses include:

1. only those expenses for dental procedures performed by a Provider; and
2. only those expenses for dental procedures listed and outlined on the Table of Dental Procedures.

Covered Expenses are subject to "Limitations." See Limitations and Table of Dental Procedures.

Benefits payable for Covered Expenses also will be based on the lesser of:

1. the actual charge of the Provider.
2. the usual and customary ("U&C") as covered under your plan, if services are provided by a Non Participating Provider.
3. the Maximum Allowable Charge ("MAC") as covered under your plan.

Usual and Customary ("U&C") describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. From the array of charges ranked by amount, your Planholder (in most cases your employer) has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by the provider and is not indicative of the appropriateness of the provider’s fee. Instead, the U&C is simply a plan provision used to determine the extent of benefit coverage purchased by your Planholder.

MAC - The Maximum Allowable Charge is derived from the array of provider charges within a particular ZIP code area. These allowances are the charges accepted by dentists who are Participating Providers. The MAC is reviewed and updated periodically to reflect increasing provider fees within the ZIP code area.

**ALTERNATIVE PROCEDURES.** If two or more procedures are considered adequate and appropriate treatment to correct a certain condition under generally accepted standards of dental care, the amount of the Covered Expense will be equal to the charge for the least expensive procedure. This provision is NOT intended to dictate a course of treatment. Instead, this provision is designed to determine the amount of the plan allowance for a submitted treatment when an adequate and appropriate alternative procedure is available. Accordingly, you may choose to apply the alternate benefit amount determined under this provision toward payment of the submitted treatment.
We may request pre-operative dental radiographic images, periodontal charting and/or additional diagnostic data to determine the plan allowance for the procedures submitted. We strongly encourage pre-treatment estimates so you understand your benefits before any treatment begins. Ask your provider to submit a claim form for this purpose.

**EXPENSES INCURRED.** An expense is incurred at the time the impression is made for an appliance or change to an appliance. An expense is incurred at the time the tooth or teeth are prepared for a dental prosthesis or prosthetic crown. For root canal therapy, an expense is incurred at the time the pulp chamber is opened. All other expenses are incurred at the time the service is rendered or a supply furnished.

**LIMITATIONS.** Covered Expenses will not include and benefits will not be payable for expenses incurred:

1. a. for initial placement of any dental prosthesis or prosthetic crown unless such placement is needed because of the extraction of one or more teeth while the covered person is covered under this plan. But the extraction of a third molar (wisdom tooth) will not qualify under the above. Any such dental prosthesis or prosthetic crown must include the replacement of the extracted tooth or teeth unless the insured person is covered on January 1, 2019. For those Insureds covered on January 1, 2019, see b.

   b. Limitation a. will be waived for those Insureds whose coverage was effective on January 1, 2019 and

      i. the person has the tooth extracted while covered under the prior contract; and

      ii. has a dental prosthesis or prosthetic crown installed to replace the extracted tooth while covered under our plan;

         but such extraction and installation must take place within a twelve-month period; and

      iii. the dental prosthesis or prosthetic crown noted above must be an initial placement.

2. for appliances, restorations, or procedures to:

   a. alter vertical dimension;
   b. restore or maintain occlusion; or
   c. splint or replace tooth structure lost as a result of abrasion or attrition.

3. for any procedure begun after the covered person's coverage under this plan terminates; or for any prosthetic dental appliances installed or delivered more than 90 days after the Member's coverage under this Plan terminates.

4. to replace lost or stolen appliances.

5. for any treatment which is for cosmetic purposes.

6. for any procedure not shown in the Table of Dental Procedures. (There may be additional frequencies and limitations that apply, please see the Table of Dental Procedures for details).
7. for orthodontic treatment under this benefit provision. (If orthodontic expense benefits have been included in this plan, please refer to the Schedule of Benefits and Orthodontic Expense Benefits provision found on 9260).

8. for which the Covered person is entitled to benefits under any worker’s compensation or similar law, or charges for services or supplies received as a result of any dental condition caused or contributed to by an injury or sickness arising out of or in the course of any employment for wage or profit.

9. for charges which the Covered person is not liable or which would not have been made had no coverage been in force.

10. for services that are not required for necessary care and treatment or are not within the generally accepted parameters of care.
### TABLE OF DENTAL PROCEDURES

**PLEASE READ THE FOLLOWING INFORMATION CAREFULLY FOR YOUR PROCEDURE FREQUENCIES AND PROVISIONS.**

The attached is a list of dental procedures for which benefits are payable under this section; and is based upon the Current Dental Terminology © American Dental Association. **No benefits are payable for a procedure that is not listed.**

- Your benefits are based on a Calendar Year. A Calendar Year runs from January 1 through December 31.
- Benefit Period means the period from January 1 of any year through December 31 of the same year. But during the first year a person is covered, a benefit period means the period from his or her effective date through December 31 of that year.
- Covered Procedures are subject to all plan provisions, procedure and frequency limitations, and/or consultant review.
- Reference to "traumatic injury" under this plan is defined as injury caused by external forces (ie. outside the mouth) and specifically excludes injury caused by internal forces such as bruxism (grinding of teeth).
- Benefits for replacement dental prosthesis or prosthetic crown will be based on the prior placement date. Frequencies which reference Benefit Period will be measured forward within the limits defined as the Benefit Period. All other frequencies will be measured forward from the last covered date of service.
- Radiographic images, periodontal charting and supporting diagnostic data may be requested for our review.
- We recommend that a pre-treatment estimate be submitted for all anticipated work that is considered to be expensive by our Member.
- A pre-treatment estimate is not a pre-authorization or guarantee of payment or eligibility; rather it is an indication of the estimated benefits available if the described procedures are performed.

ORTHODONTIC EXPENSE BENEFITS

Orthodontic expense benefits will be determined according to the terms of the plan for orthodontic expenses incurred by a Member.

DETERMINING BENEFITS. The benefits payable will be determined by totaling all of the Covered Expenses submitted. This amount is reduced by the Deductible, if any. The result is then multiplied by the Benefit Percentage shown in the Schedule of Benefits. Benefits are subject to the Maximum Amount shown in the Schedule of Benefits.

DEDUCTIBLE. The Deductible is shown on the Schedule of Benefits and is a specified amount of Covered Expenses that must be incurred and paid by each Covered person prior to any benefits being paid.

MAXIMUM AMOUNT. The Maximum Benefit During Lifetime shown in the Schedule of Benefits is the maximum amount that may be paid for the Covered Expenses incurred by a Member during his or her lifetime.

COVERED EXPENSES. Covered Expenses refer to the usual and customary charges made by a provider for necessary orthodontic treatment rendered while the person is covered under this section. Expenses are limited to the Maximum Amount shown in the Schedule of Benefits and Limitations. All benefits are subject to the definitions, limitations and exclusions and are payable only when we determine they are necessary for the prevention, diagnosis, care or treatment of a covered condition and meet generally accepted dental protocols.

Usual and Customary (“U&C”) describes those dental charges that we have determined to be the usual and customary charge for a given dental procedure within a particular ZIP code area. The U&C is based upon a combination of dental charge information taken from our own database as well as from data received from nationally recognized industry databases. From the array of charges ranked by amount, your Planholder (in most cases your employer) has selected a percentile that will be used to determine the maximum U&C for your plan. The U&C is reviewed and updated periodically. The U&C can differ from the actual fee charged by the provider and is not indicative of the appropriateness of the provider’s fee. Instead, the U&C is simply a plan provision used to determine the extent of benefit coverage purchased by your Planholder.

ORTHODONTIC TREATMENT. Orthodontic Treatment refers to the movement of teeth by means of active appliances to correct the position of maloccluded or malpositioned teeth.

TREATMENT PROGRAM. Treatment Program ("Program") means an interdependent series of orthodontic services prescribed by a provider to correct a specific dental condition. A Program will start when the bands, brackets, or appliances are placed. A Program will end when the services are done, or after eight calendar quarters starting with the day the appliances were inserted, whichever is earlier.

EXPENSES INCURRED. Benefits will be payable when a Covered Expense is incurred:

a. at the end of every quarter (three-month period) of a Program for a Member who pursues a Program, but not beyond the date the Program ends; or

b. at the time the service is rendered for a Member who incurs Covered Expenses but does not pursue a Program.

The Covered Expenses for a Program are based on the estimated cost of the Member's Program. They are pro-rated by quarter (three-month periods) over the estimated length of the Program, up to a maximum of eight quarters. The last quarterly payment for a Program may be changed if the estimated and actual cost of the Program differ.
LIMITATIONS. Covered Expenses will not include and benefits will not be payable for expenses incurred:

1. for a Program begun before the Member became covered under this section, unless the Member was covered for Orthodontic Expense Benefits under the prior carrier on December 31, 2018 and are both:
   a. member under this policy;
   b. currently undergoing a Treatment Program on January 1, 2019; and

2. in any quarter of a Program if the Member was not covered under this section for the entire quarter.

3. if the Member's coverage under this section terminates.

4. for which the Member is entitled to benefits under any worker's compensation or similar law, or for charges for services or supplies received as a result of any dental condition caused or contributed to by an injury or sickness arising out of or in the course of any employment for wage or profit.

5. for charges the Member is not legally required to pay or would not have been made had no coverage been in force.

6. for services not required for necessary care and treatment or not within the generally accepted parameters of care.

7. to replace lost, missing, or stolen orthodontic appliances.
This section applies if a covered person has dental coverage under more than one Plan definition below. All benefits provided under this plan are subject to this section.

**EFFECT ON BENEFITS.** The Order of Benefit Determination rules below determine which Plan will pay as the primary Plan. If all or any part of an Allowable Expense under this Plan is an Allowable Expense under any other Plan, then benefits will be reduced so that, when they are added to benefits payable under any other Plan for the same service or supply, the total does not exceed 100% of the total Allowable Expense.

If another Plan is primary and this Plan is considered secondary, the amount by which benefits have been reduced during the Claim Determination Period will be used by us to pay the Allowable Expenses not otherwise paid which were incurred by you in the same Claim Determination Period. We will determine our obligation to pay for Allowable Expenses as each claim is submitted, based on all claims submitted in the current Claim Determination Period.

**DEFINITIONS.** The following apply only to this provision of the plan.

1. “Plan” refers to the group plan and any of the following plans, whether insured or uninsured, providing benefits for dental services or supplies:
   a. Any group or blanket insurance policy.
   b. Any group Blue Cross, group Blue Shield, or group prepayment arrangement.
   c. Any labor/management, trusteed plan, labor organization, employer organization, or employee organization plan, whether on an insured or uninsured basis.
   d. Any coverage under a governmental plan that allows coordination of benefits, or any coverage required or provided by law. This does not include a state plan under Medicaid (Title XVIII and XIX of the Social Security Act as enacted or amended). It also does not include any plan whose benefits by law are excess to those of any private insurance program or other non-governmental program.

2. “Plan” does not include the following:
   a. Individual or family benefits provided through insurance contracts, subscriber contracts, coverage through individual HMOs or other prepayment arrangements.
   b. Coverages for school type accidents only, including athletic injuries.

3. “Allowable Expense” refers to any necessary, reasonable and customary item of expense at least a portion of which is covered under at least one of the Plans covering the person for whom that claim is made. When a Plan provides services rather than cash payments, the reasonable cash value of each service will be both an Allowable Expense and a benefit paid. Benefits payable under another Plan include benefits that would have been payable had a claim been made for them.

4. “Claim Determination Period” refers to a Benefit Period, but does not include any time during which a person has no coverage under this Plan.

5. “Custodial Parent” refers to a parent awarded custody of a minor child by a court decree. In the absence of a court decree, it is the parent with whom the child resides more than half of the calendar year without regard to any temporary visitation.
ORDER OF BENEFIT DETERMINATION. When two or more Plans pay benefits, the rules for determining the order of payment are as follows:

1. A Plan that does not have a coordination of benefits provision is always considered primary and will pay benefits first.

2. If a Plan also has a coordination of benefits provision, the first of the following rules that describe which Plan pays its benefits before another Plan is the rule to use:
   a. The benefits of a Plan that covers a person as an employee, member or subscriber are determined before those of a Plan that covers the person as a dependent.
   b. If a Dependent child is covered by more than one Plan, then the primary Plan is the Plan of the parent whose birthday is earlier in the year if:
      i. the parents are married;
      ii. the parents are not separated (whether or not they ever have been married); or
      iii. a court decree awards joint custody without specifying that one party has the responsibility to provide dental coverage.

      If both parents have the same birthday, the Plan that covered either of the parents longer is primary.
   c. If the Dependent child is covered by divorced or separated parents under two or more Plans, benefits for that Dependent child will be determined in the following order:
      i. the Plan of the Custodial Parent;
      ii. the Plan of the spouse of the Custodial Parent;
      iii. the Plan of the non-Custodial Parent; and then
      iv. the Plan of the spouse of the non-Custodial Parent.

      However, if the specific terms of a court decree establish a parent’s responsibility for the child’s dental expenses and the Plan of that parent has actual knowledge of those terms, that Plan is primary. This rule applies to Claim Determination Periods or Benefit Periods commencing after the Plan is given notice of the court decree.
   d. The benefits of a Plan that cover a person as an employee who is neither laid off nor retired (or as that employee's dependent) are determined before those of a Plan that covers that person as a laid-off or retired employee (or as that employee's dependent). If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule will be ignored.
   e. If a person whose coverage is provided under a right of continuation provided by a federal or state law also is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree (or as that person’s dependent) is primary, and the continuation coverage is secondary. If the other Plan does not have this rule, and if, as a result, the Plans do not agree on the order of benefits, this rule will be ignored.
   f. The benefits of a Plan that has covered a person for a longer period will be determined first.
If the preceding rules do not determine the primary Plan, the allowable expenses shall be shared equally between the Plans meeting the definition of Plan under this provision. In addition, this Plan will not pay more than what it would have paid had it been primary.

**RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION.** We may without your consent and notice to you:

1. Release any information with respect to your coverage and benefits under the plan; and
2. Obtain from any other insurance company, organization or person any information with respect to your coverage and benefits under another Plan.

You must provide us with any information necessary to coordinate benefits.

**FACILITY OF PAYMENT.** When other Plans make payments that should have been made under this Plan according to the above terms, we will, at our discretion, pay to any organizations making these payments any amounts that we decide will satisfy the intent of the above terms. Amounts paid in this way will be benefits paid under this Plan. We will not be liable to the extent of these payments.

**RIGHT OF RECOVERY.** When we make payments for Allowable Expenses in excess of the amount that will satisfy the intent of the above terms, we will recover these payments, to the extent of the excess, from any persons or organizations to or for whom these payments were made. The amount of the payments made includes the reasonable cash value of any benefits provided in the form of services.
GENERAL PROVISIONS

NOTICE OF CLAIM. Written notice of a claim must be given to us within 30 days after the incurred date of the services provided for which benefits are payable.

Notice must be given to us at our Home Office, or to one of our agents. Notice should include the Planholder's name, Member's name, and plan number. If it was not reasonably possible to give written notice within the 30 day period stated above, we will not reduce or deny a claim for this reason if notice is filed as soon as is reasonably possible.

CLAIM FORMS. When we receive the notice of a claim, we will send the claimant forms for filing proof of loss. If these forms are not furnished within 15 days after the giving of such notice, the claimant will meet our proof of loss requirements by giving us a written statement of the nature and extent of loss within the time limit for filing proofs of loss.

PROOF OF LOSS. Written proof of loss must be given to us within 90 days after the incurred date of the services provided for which benefits are payable. If it is impossible to give written proof within the 90 day period, we will not reduce or deny a claim for this reason if the proof is filed as soon as is reasonably possible.

TIME OF PAYMENT. We will pay all benefits immediately when we receive due proof. Any balance remaining unpaid at the end of any period for which we are liable will be paid at that time.

PAYMENT OF BENEFITS. All benefits will be paid to the Member unless otherwise agreed upon through your authorization or provider contracts.

FACILITY OF PAYMENT. If a Member or beneficiary is not capable of giving us a valid receipt for any payment or if benefits are payable to the estate of the Member, then we may, at our option, pay the benefit up to an amount not to exceed $5,000 to any relative by blood or connection by marriage of the Member who is considered by us to be equitably entitled to the benefit.

Any equitable payment made in good faith will release us from liability to the extent of payment.

PROVIDER-PATIENT RELATIONSHIP. The Member may choose any Provider who is licensed by the law of the state in which treatment is provided within the scope of their license. We will in no way disturb the provider-patient relationship.

LEGAL PROCEEDINGS. No legal action can be brought against us until 60 days after the Member sends us the required proof of loss. No legal action against us can start more than five years after proof of loss is required.

INCONTESTABILITY. Any statement made by the Planholder to obtain the Plan is a representation and not a warranty. No misrepresentation by the Planholder will be used to deny a claim or to deny the validity of the Plan unless:

1. The Plan would not have been issued if we had known the truth; and

2. We have given the Planholder a copy of a written instrument signed by the Planholder that contains the misrepresentation.

The validity of the Plan will not be contested after it has been in force for one year, except for nonpayment of fees or fraudulent misrepresentations.

WORKER’S COMPENSATION. The coverage provided under the Plan is not a substitute for coverage under a worker’s compensation or state disability income benefit law and does not relieve the Planholder of any obligation to provide such coverage.
