**Important:** Please note that benefit changes must be completed by 5 p.m. CST on Friday, Nov. 12, 2021. You will not be able to add or change your benefits after this deadline. **If you do not make changes during the enrollment period, you will keep your current benefits and will not be enrolled in the Flexible Spending Accounts and your voluntary life insurance coverage will be defaulted to the tobacco/nicotine premium. You can go back to Firefly and make changes as many times as you would like during the enrollment period. You cannot make changes or corrections after 5 p.m. on Friday, Nov. 12, 2021. Your confirmation statement will also be available on the Firefly Employee Self Service website under the benefits section. **Verify that your home address is correct. UMR and Ameritas will use this information to mail your plan information.**

#### Remember to Update Your Records

## Your **Only** Opportunity to Make a Change

Please remember that the NUFlex Benefits enrollment period is your only opportunity to enroll, change or cancel your benefit elections during the year. The choices you make during NUFlex Benefits enrollment will remain in place from January 1, 2022, through December 31, 2022. You cannot make changes to your benefits during the year unless you experience an IRS permitted election change event. The following events would allow you to make changes to your benefits during the plan year within 31 days unless otherwise noted:

- Marriage
- Divorce
- Change in employment status
- Birth or adoption (for this event only, the plan now allows 60 days to make your change)
- Spouse's loss of job/insurance or change of employment
- Death of employee, spouse, or family member

If you experience one of these events, you have 31 days to enroll or make changes to your coverage. Remember that the benefit changes you make must be related to the event (e.g., changing from employee only to employee and spouse coverage after marriage). Please visit our website at <https://nebraska.edu/faculty-and-staff/health-benefits/life-events-changes>, to learn more about permitted election change events and the necessary steps to make changes.

### Expecting a baby in 2022?

**Remember to add your baby to your benefits coverage within 60 days of birth or adoption, or you won't be able to enroll your child until 2023 NUFlex Benefits enrollment. The birth or adoption of a child is the only event where you are allowed 60 days to make the change. Submit the Dependent Information Request Form and the Benefits Change Form, if applicable, to your Campus Benefits Office within 60 days. Forms are available online at [www.nebraska.edu/benefits](http://www.nebraska.edu/benefits).**

# BENEFITS ENROLLMENT

## Employee Plus One Benefits

The university provides Employee Plus One benefits to eligible employees. This is an opportunity to enroll an adult designee and dependent children of the adult designee in the benefits program during 2022 NUFlex Benefits enrollment. If you would like to enroll for this coverage, you must contact your Campus Benefits Office.

### Is my adult designee eligible for coverage?

University benefits eligibility will be extended to an adult designee of the same or opposite gender who:

- Has resided in the same residence as the employee for at least the past consecutive 12 months and intends to remain so indefinitely;
- Is not related to the employee;
- Is at least 19 years old;
- Is directly dependent upon, or interdependent with, the employee, sharing a common financial obligation that can be documented in a manner prescribed by the university; and
- Is not currently married to or legally separated from another individual under either statutory or common law.

Please see the Employee Plus One module on the benefits web page for exceptions to the above.

### Are there tax implications?

**Yes.** Please note that if your adult designee or your adult designee's children participate in the university's benefits plan, you may be taxed on the value of that benefit because of federal tax law. One exception to this rule is if the adult designee meets the IRS dependency guidelines. **Before you enroll an adult designee, we strongly encourage you to get advice from a tax professional to find out if your adult designee and his or her children are your tax dependents.**

### How do I enroll my adult designee in coverage?

You must enroll for Employee Plus One coverage through your Campus Benefits Office. You will not be able to enroll online through the Firefly website.

Before enrolling for coverage, read all of the program requirements online at [www.nebraska.edu/benefits](http://www.nebraska.edu/benefits), confirm that your adult designee is eligible for coverage, speak to a tax professional and contact your Campus Benefits Office.

**To enroll for coverage,** complete the following forms and submit them with all required documentation to your Campus Benefits Office before 5 p.m. on Friday, Nov. 12, 2021:

- Affidavit of Employee Plus One Relationship
- Certification Concerning Tax-Qualified Dependents for Employee Plus One Coverage

# Health Risk Assessment

The University of Nebraska is committed to helping you take control of your health. To help you manage your health and health-care costs, we are giving you the opportunity to complete the Health Risk Assessment (HRA) again this year. This assessment will help you evaluate and monitor your health and you will receive the enhanced wellness and preventive services benefit for completing it. You can complete the HRA during the NUFlex Benefits enrollment period from Monday, Oct. 25 through Friday, Nov. 12, 2021, at 5 p.m.

You can access the HRA directly through the Firefly website. Click on the “Health Risk Assessment” link at Medical Care Insurance tab or on the Health Assessment tab in Firefly. The link will take you directly to the survey and will automatically log you in. After you complete the HRA, you will receive a Personal Health Report.

**New for 2022 NUFlex benefits enrollment:** We have a new HRA provider. The assessment has many of the same questions as prior assessments, but has a new look. If you need assistance with the HRA please contact your campus benefits office. You will now be able to save your HRA in the middle of completion.

**REMINDER:** You will receive a confirmation report following your successful completion of the HRA survey. We recommend that you print or save the HRA report as proof that you completed the assessment.

As always, your personal health information will remain confidential—the university will not have access to your individual survey data.

## Medical Coverage

### Premium Rates Increases for 2022

Employee premium rates for most health insurance plans will increase by \$3 to \$18 per month for most employees in 2022. Please check [www.nebraska.edu/benefits](http://www.nebraska.edu/benefits) for your specific plan premiums. This increase is necessary due to medical and pharmacy cost inflation. Deductibles, coinsurance rates, drug co-pays, and out-of-pocket limits will not increase in 2022. The current deductibles for the PPO plans have been in place since 2010.

### Carrier

UMR, a United Healthcare company, is the health insurance carrier. UMR has a custom phone number and website specifically for the University of Nebraska to assist plan participants. The website is [www.umar.com/UofNE](http://www.umar.com/UofNE) and the phone number is (844) 659-5059. These resources can assist with in-network provider searches, making appointments, checking eligibility for care management programs, and many other items.

### Summary of Benefits and Coverage

The Summary of Benefits and Coverage (SBC) is a document that summarizes important information about your health benefits. The SBC is designed to help you make informed decisions about which medical plan to choose. As part of the federal health care reform legislation, we have made the SBCs available to you at [www.nebraska.edu/benefits](http://www.nebraska.edu/benefits).

### Telehealth Services

Health plan members and dependents will have access to telehealth services offered through Teladoc. Telehealth services can be utilized for common conditions such as sinus infection, cold, flu, ear infection, sore throat, migraine, fever, and abdominal pain. Teladoc gives you 24-hour/7-days-a-week access to medical providers through the convenience of phone, video or mobile app visits. These services are subject to coinsurance and deductible amounts. For more information, visit [Teladoc.com](http://Teladoc.com) or call 1-800-Teladoc.

### Enhanced Provider Tier

The health plan has lower deductibles, co-insurance, and maximum out-of-pocket limits for services performed by Nebraska Medicine and associated providers. The existing deductibles, co-insurance rates, and maximum out-of-pocket limits for other in-network providers will not change. The services covered by the health plan will be the same for all providers. Please visit [umar.com/UofNE](http://umar.com/UofNE) and use the in-network provider search to find a complete listing of providers in the Enhanced Provider Tier.

### Choosing the Right Medical Plan

You have four medical plan options through UMR—low, basic, high and the qualified high deductible. All options include prescription drug coverage through CVS Caremark. The plans differ in the premium, deductible, coinsurance and stop-loss amounts. Take time to compare the four options and find the right plan for you and your lifestyle.

What do you prefer?	<b>Low:</b> You would rather pay less each month and pay more when you receive medical care. You don't expect to have many medical expenses, but you have enough money on hand to pay the full deductible if you do need care.	<b>Basic:</b> You prefer a balance between the amount you pay each month and the amount you pay out-of-pocket when you receive medical care. UNIVERSITY OF  
Nebraska®

The University of Nebraska believes its low, basic, and high medical plan is a "grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain low, basic, and high health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans (e.g., the requirement for the provision of preventive health services without any cost sharing). However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act (e.g., the elimination of lifetime limits on benefits).

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to your Campus Benefits Office. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or [www.dol.gov/ebsa/healthreform](http://www.dol.gov/ebsa/healthreform). This website has a table summarizing which protections do and do not apply to grandfathered health plans.

The University of Nebraska does not discriminate based on race, color, ethnicity, national origin, sex, pregnancy, sexual orientation, gender identity, religion, disability, age, genetic information, veteran status, marital status, and/or political affiliation in its programs, activities, or employment. For nondiscrimination inquiries, contact the Title IX Coordinator or the Section 504/ADA Coordinator at 3835 Holdrege Street, Lincoln, NE 68583, (402) 472-2111.
