Report on the Audit of the Schedule of Expenditures of Federal Awards

Opinion

We have audited the schedule of expenditures of federal awards of the University of Nebraska, a component unit of the State of Nebraska, for the year ended June 30, 2024, and the related notes (the Schedule).

In our opinion, the accompanying schedule of expenditures of federal awards presents fairly, in all material respects, the expenditures of federal awards of the University of Nebraska for the year ended June 30, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the "Auditor's Responsibilities for the Audit of the Schedule" section of our report.

We are required to be independent of the University of Nebraska and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Schedule

Management is responsible for the preparation and fair presentation of the Schedule in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the Schedule that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Schedule

Our objectives are to obtain reasonable assurance about whether the Schedule as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the Schedule.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the schedule, whether due to fraud, or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the schedule.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University of Nebraska's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the Schedule.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Total expenditures of federal awards				\$ 726,028,796	\$ 63,118,177

Note 1. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Presentation

The purpose of the schedule of expenditures of federal awards (the "Schedule") is to present a detail of all programs classified by federal grantor agency expended by the University of Nebraska (the University) for the year ended June 30, 2024. The information in the Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in financial position, or cash flows of the University. For the purpose of the Schedule, federal awards have been classified into two types:

- Direct federal awards consisting of federal awards and federal student financial aid
- Pass-through funds received from nonfederal organizations made under federally sponsored programs conducted by those organizations

Assistance Listing numbers are presented for those programs for which such numbers are available. Programs for which no assistance numbers are available have been presented under the applicable caption in the Schedule showing the grantor federal agency number and grant identification number. Those programs without assistance listing or grant numbers primarily represent pass-through funds for which such information was not available from the grantor.

The accounting principles followed by the University in each of these areas and used in preparing the accompanying Schedule are as follows:

Reporting Entity

The reporting entity for the Schedule includes the accounts for all of the campuses, departments and divisions of the University and its component units.

Total Federal Awards

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, the U.S. Office of Management and Budget (OMB) Circular A-21, *Cost Principles for Educational Institutions*, or other applicable regulatory guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

Note 2. Student Financial Aid Loan Programs

The federal loan programs listed subsequently are administered directly by the University, and balances and transactions related to these programs are included in the University's basic financial statements, which are issued separately. Loans outstanding at the beginning of the year are included in the federal expenditures presented in the Schedule.

University of Nebraska
A Component Unit of the State of Nebraska
Notes to Schedule of Expenditures of Federal Awards
Year Ended June 30, 2024

Assistance Listing Number	Program Name	Outstanding Balance at June 30, 2024
84.038	Federal Perkins Loan Program	\$ 4,268,236
93.264	Nurse Faculty Loan Program	188,147
93.342	Health Profession Student Loan Program	7,826,432
93.364	Nursing Student Loan Program	643,625

The four campuses of the University (University of Nebraska – Lincoln, University of Nebraska – Omaha, University of Nebraska – Kearney, and University of Nebraska Medical Center) participate in the Federal Direct Loan Program, Assistance Listing No. 84.268, (including Federal Stafford and PLUS loans). Since the University does not administer the program, the outstanding loan balances have not been included in the Schedule. New loans made during the year of \$208,283,382 are included in the Schedule.

Note 3. Indirect Cost Rates

Expenditures for federal programs are recognized using the cost accounting principles contained in the OMB Circular A-21, *Cost Principles for Educational Institutions* and the Uniform Guidance. Under those cost principles, certain types of expenditures are not allowable or are limited as to reimbursement. Expenditures include a portion of costs associated with general University activities (facilities and administrative costs or indirect costs), which are allocated to federal awards under negotiated formulas commonly referred to as facilities and administrative cost rates. Facilities and administrative costs allocated to such awards for the year ended June 30, 2024, were based on predetermined fixed rates up to 55.5% negotiated with the University’s cognizant federal agency, the U.S. Department of Health and Human Services, or the indirect cost rate agreed upon through the grant agreement and are included as a component of the expenditures in the Schedule.

Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance

Independent Auditor's Report

The Board of Regents
University of Nebraska
Lincoln, Nebraska

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the University of Nebraska's (the University) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2024. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the "Auditor's Responsibilities for the Audit of Compliance" section of our report.

We are required to be independent of the University and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the University's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the University's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the University's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the University's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the University's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the University's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the “Auditor’s Responsibilities for the Audit of Compliance” section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**University of Nebraska
A Component Unit of the State of Nebraska
Schedule of Findings and Questioned Costs
Year Ended June 30, 2024**

Section I – Summary of Auditor’s Results

The financial statements of the University of Nebraska were audited by the Nebraska Auditor of Public Accounts and were provided under separate cover. Certain items are summarized below.

Financial Statements

1. Type of report the Nebraska Auditor of Public Accounts issued on whether the financial statements audited were prepared in accordance with GAAP:

Unmodified Qualified Adverse Disclaimer

2. The Nebraska Auditor of Public Accounts independent auditor’s report on internal control over financial reporting identified:

Significant deficiency(ies) identified? Yes None reported

Material weakness(es) identified? Yes No

3. Noncompliance material to the financial statements noted by the audit by the Nebraska Auditor of Public Accounts? Yes No

Federal Awards

4. Internal control over major federal awards programs:

Significant deficiency(ies) identified? Yes None reported

Material weakness(es) identified? Yes No

5. Type of auditor’s report issued on compliance for major federal programs:

Unmodified Qualified Adverse Disclaimer

6. Any audit findings disclosed that are required to be reported by 2 CFR 200.516(a)? Yes No

University of Nebraska
A Component Unit of the State of Nebraska
Schedule of Findings and Questioned Costs - Continued
Year Ended June 30, 2024

7. Identification of major federal programs:

Assistance Listing Numbers	Name of Federal Program or Cluster
	Research and Development Cluster
21.027	COVID-19: Coronavirus State and Local Fiscal Recovery Funds
93.323	Epidemiology and Laboratory Capacity for Infectious Diseases (ELC)

8. Dollar threshold used to distinguish between Type A and Type B programs: \$3,000,000.

9. Auditee qualified as a low-risk auditee? Yes No

University of Nebraska
A Component Unit of the State of Nebraska
Schedule of Findings and Questioned Costs - Continued
Year Ended June 30, 2024

Section II – Financial Statement Findings

Reference Number	Finding
	The Nebraska Auditor of Public Accounts issued under separate cover the report in accordance with <i>Government Auditing Standards</i> for the year ended June 30, 2024. There were no material weaknesses in internal control over financial reporting identified and no significant deficiencies in internal control over financial reporting were reported.

Section III – Federal Award Findings and Questioned Costs
