1.1 BRAND ARCHITECTURE

CREATING A BRAND

A brand is not a name or a logo. Instead it is a promise and perception derived from both the communications received concerning the product, service or company, and the experiences a person had with it.

For a brand to communicate this perception and promise effectively, every communicated element needs to be carefully crafted. With these detailed efforts set forth, a brand can become an established and highly effective entity within its market. This is the goal of the University of Nebraska System (NU System) brand.

BLEND HOUSE OF BRANDS

A versatile design system has been established that unifies our overall brand by leveraging the system logo, while allowing each university to stand out by highlighting the campus icons.

Shifting to a blended house brand architecture will help internal and external individuals understand the breadth of what each university offers, how the parts are interrelated, and define opportunities to expand.

PROTECTING THE BRAND

Identity standards must be developed to keep the brand message consistent and strong. Every font, color, word, point size, and design on everything communicated needs to match the established guidelines.

It is important for the separate campuses, colleges, programs, and facilities within the NU System to adopt these standards. While it is crucial for the University to achieve a unified voice, it is equally necessary for these separate divisions not to lose theirs.

By following the guidelines in this handbook, the NU System will strengthen its brand while elevating its national academic reputation. Through consistent use and repetition, the NU System will realize the value and potential of a national brand that is united on all fronts of communication.
1.2 SYSTEM LOGO GUIDELINES

1. The system logo may appear in either an all-black version or with an approved color as indicated on this page.

2. When used in color, the campus designation appears in the assigned spot color: UNK (PMS 294); UNL (PMS 186); UNMC (PMS 187); and UNO (PMS 186).

3. The typefaces used in the logo are modified versions of ITC Clearface for the word “Nebraska” and URW Grotesk for the words “UNIVERSITY OF.”

4. Always use original drawings of the logos as shown to the right or the camera-ready art provided in the back of this handbook. Do not reset or recreate the logo.

5. The logo may not be reduced any smaller than .625 inch.

6. When the logo is reversed, all type should appear in white only.

Approved logo usage variations:
SYSTEM LOGO GUIDELINES, CONT.

THIS IS NOT OUR LOGO

The NU System and campus logos must appear as shown on the previous page. They should never be condensed, expanded, or altered. When printing, if only one color is used other than black, the logos may appear in a reversed out block format.

NEWSPAPER AD:

These logos should never be downplayed with things like a disclaimer statement as shown in the newspaper ad above.

Never change the color of the logos, except to the official colors for the campus designation as shown on page 5.

Never screen back the campus designation.

Never change the size of the campus designation or any other portions of the logo.

Never condense the logo.

Never expand the logo.

Never try to recreate the logo with different sets of fonts.

Never apply the logo to a bold pattern or dark screen unless it is reversed.
### 1.4 TYPOGRAPHY

#### PRIMARY TYPEFACE

URW Grotesk is the primary institutional typeface for all NU System stationery. The main URW Grotesk typeface is the preferred font; however, other weights and variations within the type family are also permitted (i.e. Narrow, Condensed, etc.). To browse the complete URW Grotesk suite: [myfonts.com/fonts/urw/grotesk](http://myfonts.com/fonts/urw/grotesk).

UNIVERSITY BUSINESS CARD GUIDELINES

UNIVERSITY WORDMARK

The one-sided business card is the standard format for all system business cards. The university wordmark measures 0.875 inches wide and is right justified at the top of the card along the designated margin of 0.1875 inches on all sides. Use the full-color, CMYK version of the wordmark with the black at 0/0/0/100.

CONTACT INFORMATION

The contact information is left justified and aligned to the bottom of the designated margin. The type is 8 point URW Grotesk font with 9 point leading, -10 point optical kerning, and 90% horizontal scale. Placement and spacing accommodates for only 10 lines of information.*

AREA 1: Name and credentials are set in URW Grotesk Medium.
AREA 2: Title(s) are set in URW Grotesk Extra Light.
AREA 3: College, department, or unit name is set in URW Grotesk Regular.
AREA 4: Contact information is set in URW Grotesk Extra Light.

Area 1 color should match the CMYK color designation of the campus: NU System (black 0/0/0/100); UNK (100/53/0/35); UNL (2/100/85/6); UNMC (7/100/82/26); and UNO (0/0/0/100). Text areas 2 through 4 should be set to black at 0/0/0/100.

* Recommendations for optimizing space.

1. List the most important information that pertains to current position.
   - Highlight most recent or highest level(s) of certifications.
   - Only list social media accounts that have a job-related function.

2. If more space is needed for contact information, Area 4 can be reconfigured for the additional text by grouping similar content together on the same line.
   - Street address, city, and state
   - Phone, fax, and cell numbers
   - Email and website addresses
   - Social media accounts
FORMAT AND TEXT GUIDELINES

1. Area 2 and Area 3 are separated by one (1) full return.

2. There are two (2) spaces before and after the divider lines.

3. Only use identifying abbreviations for phone numbers (e.g. “cell” for cell phone and “fax” for fax number) and social media accounts (e.g. “FB” for Facebook, “T” for Twitter, and “L” for LinkedIn). Do not use an abbreviation for main line office phone numbers, street addresses, email addresses, or web addresses.

Example of abbreviations for phone numbers.
- Use “cell” for cell phone
- Use “fax” for fax number

Example of grouping similar content together.
- Street address, city, and state
- Phone, fax, and cell numbers
- Email and website addresses
- Social media accounts

Example of card without college, department, or unit.

Example of card with more than one college, department, or unit on the same campus.
Example of card with office hours.
- Office hours line may be separated from contact information and italicized for emphasis.

Example of card with credentials.
- Academic credentials and professional licenses are listed after full names and are separated by a comma.
- Follow AP Style Guidelines to properly display abbreviations for academic degrees.

Example of card with pronouns.
- Pronouns should be listed after full names and credentials.

Example of card with a QR code.
- Individuals must create their own QR code and provide the file to university printers upon ordering business cards.
  - UNK code generator website: go.unk.edu
  - UNL code generator website: go.unl.edu
  - UNMC code generator website: go.unmc.edu
  - UNO request QR code: marcomm@unomaha.edu

Please note:
- The QR code measures 0.8 inches by 0.8 inches square and is right justified at the bottom of the card along the designated margin of 0.1875 inches on all sides.
- A clearance space of .1875” is allotted on all sides of the QR code. Type should not be placed within this bounding box.
BUSINESS CARD BACK (OPTIONAL)

1. The icon measures 1.2 inch tall for the NU System; 1 inch tall for University of Nebraska-Lincoln (UNL), University of Nebraska Medical Center (UNMC), and the University of Nebraska at Omaha (UNO); and .75 inches tall for the University of Nebraska at Kearney (UNK). The lockup for Nebraska College of Technical Agriculture (NCTA) measures 1.5 inches tall.

3.1 DUAL CROSS-SYSTEM MARKS

All dual or multiple wordmarks and icons will be displayed in alphabetical order—unless the icons together create the word “NO”, in which case the names and icons will be switched.

DUAL WORDMARKS

Dual wordmarks were created for all dual, cross-system partnership options based off of the existing system logo guidelines. The university names are appropriately sized for consistency with the caveat that university names will not exceed the width of the word “Nebraska” and all divider lines have the exact same height and width.

DUAL ICON LOCKUPS

Dual icon lockups were created for all dual, cross-system partnership options. The lockups include the campus icon from two universities divided by a single line. The icons for UNL, UNMC, and UNO are equal in height; UNK aligns with the interior “N” of the UNL icon. There is equal visual space between each icon and the divider line—alignment is determined by the main shape of the icons without the registration mark(s). All divider lines have the exact same height and width.

Please note: If you need a file for one of our dual cross-system marks, please contact the university communications or public relations department on your campus and explain what you will be using it for.

DUAL CROSS-SYSTEM BUSINESS CARD GUIDELINES

DUAL WORDMARK

The one-sided business card is the standard format for all system business cards. The dual university wordmark measures 0.875 inches wide and is right justified at the top of the card along the designated margin of 0.1875 inches on all sides. Use the one-color version of the dual wordmark with the black at 0/0/0/100.

CONTACT INFORMATION

The contact information is left justified and aligned to the bottom of the designated margin. The type is 8 point URW Grotesk font with 9 point leading, -10 point optical kerning, and 90% horizontal scale. Placement and spacing accommodates for only 10 lines of information.* All text areas should be set to black at 0/0/0/100.

AREA 1: Name and credentials are set in URW Grotesk Medium.
AREA 2: Title(s) are set in URW Grotesk Extra Light.
AREA 3: Department or unit name is set in URW Grotesk Regular.
AREA 4: Contact information is set in URW Grotesk Extra Light.

* Recommendations for optimizing space.

1. List the most important information that pertains to current position.
   - Highlight most recent or highest level(s) of certifications.
   - Only list social media accounts that have a job-related function.

2. If more space is needed for contact information, Area 4 can be reconfigured for the additional text by grouping similar content together on the same line.
   - Street address, city, and state
   - Phone, fax, and cell numbers
   - Email and website addresses
   - Social media accounts

Please note: A clearance space of 0.1875" is allotted on all sides of the dual university wordmark. Type should not be placed within this bounding box.

Text that exceeds this clearance space should be appropriately shortened or moved to the next line.
FORMAT AND TEXT GUIDELINES

1. Area 2 and Area 3 are separated by one (1) full return.

2. There are two (2) spaces before and after the divider lines.

3. Only use identifying abbreviations for phone numbers (e.g. “cell” for cell phone and “fax” for fax number) and social media accounts (e.g. “FB” for Facebook, “T” for Twitter, and “L” for LinkedIn). Do not use an abbreviation for main line office phone numbers, street addresses, email addresses, or web addresses.

ALTERNATE LAYOUT FOR CONTACT INFORMATION

This alternate layout accommodates the need for contact information to be organized separately for each university, included on one business card.

BUSINESS CARD BACK (OPTIONAL)

The back side of the business cards lead with the dual icon lockups. The entire lockup is centered horizontally and vertically to the card — alignment is determined by the main shape of the icons without the registration mark(s).

Color should match the CMYK color designation of the university:
UNK (100/53/0/35); UNL (2/100/85/6); UNMC (7/100/82/26); UNO (black 60/40/40/100; red 5/100/100/3).

DUAL ICON LOCKUP GUIDELINES

The full lockup measures 1 inch tall based off of the height of the divider line for the dual icon lockups that do not include University of Nebraska at Kearney (UNK). For lockups that include UNK, the full lockup measures 0.75 inches tall based off of the height of the divider line.

These are the only approved designs for the backs of the dual cross-system business cards. Variations to the existing artwork and/or different designs are not allowed.

- No additional text including URLs
- No typesettings
- No additional graphics
- No photos
- No changing colors or reversing colors
- No changing the placement, size, or orientation of the icon
3.3 TRIPLE CROSS-SYSTEM BUSINESS CARDS

There are rare instances (e.g. OneIT) in which a triple cross-system business card is needed. All cross-system stationery with more than two partners will use the NU System logo.

**ONE-SIDED (STANDARD)**

```

**TRIPLE CROSS-SYSTEM BUSINESS CARD BACK (OPTIONAL)**

The back side of the business cards lead with a lockup of the three. The entire lockup is centered horizontally and vertically to the card — alignment is determined by the main shape of the icons without the registration mark(s). Printing options include four-color process or one-color with black set to 0/0/0/100.

The icons for UNL and UNO are equal in height; UNK aligns with the interior “N” of the UNL icon. The height of the lockup is .06 inches based off of the height of the divider lines.

HEADER

The letterhead leads with the dual icon lockup in header. The lockup measures 0.75 inches tall based off of the height of the divider line. The icon is centered to the page along the designated margin. Center alignment is determined by the main shape of the lockup without the registration mark.

Using the spot color icons for each university would be preferred; however, four-color process may be used for printing. Use the four-color versions of the campus icons. Color should match the CMYK color designation of the university: UNK (100/53/0/35); UNL (2/100/85/6); UNMC (7/100/82/26); UNO (black 60/40/40/100; red 5/100/100/3);

FOOTER

The dual wordmark is located at the bottom left corner along the designated margin. The logo measures about 1.125 inches wide. Use the one-color version of the wordmark with black set to 0/0/0/100.

CONTACT INFORMATION

The contact information is set flush left, 2 inches from the left edge of the page. The type is 9 point URW Grotesk font with 11 point leading and 90% horizontal scale. Placement and spacing accommodates for only two to three lines of information.* All text should be set to black at 0/0/0/100.

LINE 1: College or unit name is set in URW Grotesk Regular.
LINE 2: Contact information including address, phone number, and email address are set in URW Grotesk Light.
LINE 3: University website URLs is set in URW Grotesk Light in the order that matches the wordmark.

There are two (2) spaces before and after the divider lines.

* If more space is needed for contact information, Line 2 and 3 can be reconfigured for the additional text. Group similar content together on the same line (e.g. phone, fax, and cell numbers; email and website addresses; and social media accounts).
LETTER CONTENT

The format for the letter content is flush left. The margin is 0.75 inches from the left and right sides. Letter content should start 1.625 inches from the top of the page to accommodate space for the header.

It is recommended to be set in a 10 point, serif font. Approved serif fonts include Times New Roman and Minion Pro. The return address is set in italics while the main body copy is set in regular type. Bold font weights should only be used for emphasis.

WATERMARK

Watermarked letterhead is pre-printed in bulk as blank sheets or letterhead shells and may only be ordered through university printers. Watermarked letterhead is optional for units that print official letters and communications on a regular basis.

The university seal is the designated watermark for cross-system letterhead.

UNMC/NEBRASKA MEDICINE BUSINESS CARD GUIDELINES

UNMC / NEBRASKA MEDICINE PARTNERSHIP LOGO

The one-sided business card is the standard format for all system business cards. The UNMC/Nebraska Medicine partnership logo measures 0.3125 inches tall and is right justified at the top of the card along the designated margin of 0.1875 inches on all sides. Use the full-color version of the partnership logo with the black at 0/0/0/100.

CONTACT INFORMATION

The contact information is left justified and aligned to the bottom of the designated margin. The type is 8 point URW Grotesk font with 9 point leading, -10 point optical kerning, and 90% horizontal scale. Placement and spacing accommodates for only 10 lines of information.*

AREA 1: Name and credentials are set in URW Grotesk Medium.
AREA 2: Title(s) and department or unit name is set in URW Grotesk Extra Light.
AREA 3: Contact information is set in URW Grotesk Extra Light.

Area 1 color should match the CMYK color designation of the UNMC and Nebraska Medicine (7/100/82/26 or PMS 187CP). Text areas 2 through 3 should be set to black at 0/0/0/100.

* Recommendations for optimizing space.

1. List the most important information that pertains to current position.
   • Highlight most recent or highest level(s) of certifications.
   • Only list social media accounts that have a job-related function.

2. If more space is needed for contact information, Area 3 can be reconfigured for the additional text by grouping similar content together on the same line.
   • Street address, city, and state
   • Phone, fax, and cell numbers
   • Email and website addresses
   • Social media accounts
FORMAT AND TEXT GUIDELINES

1. Area 2 and Area 3 are separated by one (1) full return.

2. There are two (2) spaces before and after the divider lines.

3. Only use identifying abbreviations for phone numbers (e.g. “cell” for cell phone and “fax” for fax number) and social media accounts (e.g. “FB” for Facebook, “T” for Twitter, and “L” for LinkedIn). Do not use an abbreviation for main line office phone numbers, street addresses, email addresses, or web addresses.

Example of grouping similar content together:

• Street address, city, and state

• Phone, fax, and cell numbers
  * All direct contact phone numbers are grouped on one line; the patient appointment phone number is on its own line.

• Email and website addresses

• Social media accounts

BUSINESS CARD BACK (OPTIONAL)

The back side of the UNMC/Nebraska Medicine business card leads with the icon and the joint mission statement.

1. The icon measures 0.5 inches tall. The icon and mission statement spans left to right to the designated margin of 0.5 inches.

2. The color should match the CMYK color designation of UNMC and Nebraska Medicine (7/100/82/26).

* When using the web address on printed materials the N and M are to be capitalized. NebraskaMed.com

This is the only approved design for the back of UNMC/Nebraska Medicine business cards. Variations to the existing artwork and/or different designs are not allowed.

- No additional text including URLs
- No typesettings
- No additional graphics
- No photos
- No changing colors or reversing colors
- No changing the placement, size, or orientation of the icon

The only exception includes a back for appointment cards.

SYSTEMWIDE INSTITUTE BUSINESS CARD GUIDELINES

SYSTEM WORDMARK

The one-sided business card is the standard format for all system business cards. The NU System wordmark measures 0.875 inches wide and is right justified at the top of the card along the designated margin of 0.1875 inches on all sides. Use the one-color version of the wordmark with the black at 0/0/0/100.

CONTACT INFORMATION

The contact information is left justified and aligned to the bottom of the designated margin. The type is 8 point URW Grotesk font with 9 point leading, -10 point optical kerning, and 90% horizontal scale. Placement and spacing accommodates for only 10 lines of information.* All text should be set to black at 0/0/0/100.

AREA 1: Name and credentials are set in URW Grotesk Medium.
AREA 2: Title(s) are set in URW Grotesk Extra Light.
AREA 3: Institute name is set in URW Grotesk Regular.
AREA 4: Contact information is set in URW Grotesk Extra Light.

* Recommendations for optimizing space.

1. List the most important information that pertains to current position.
   • Highlight most recent or highest level(s) of certifications.
   • Only list social media accounts that have a job-related function.

2. If more space is needed for contact information, Area 4 can be reconfigured for the additional text by grouping similar content together on the same line.
   • Street address, city, and state
   • Phone, fax, and cell numbers
   • Email and website addresses
   • Social media accounts
FORMAT AND TEXT GUIDELINES

1. Area 2 and Area 3 are separated by one (1) full return.

2. There are two (2) spaces before and after the divider lines.

3. Only use identifying abbreviations for phone numbers (e.g. “cell” for cell phone and “fax” for fax number) and social media accounts (e.g. “FB” for Facebook, “T” for Twitter, and “L” for LinkedIn). Do not use an abbreviation for main line office phone numbers, street addresses, email addresses, or web addresses.

BUSINESS CARD BACK (OPTIONAL)

The back side of the business cards lead with the institute logo, centered horizontally and vertically on the card. Center alignment is determined by the main shape of the logo without the registration mark.

Color should match the one-color, spot designation of the institute.

ALTERNATE BUSINESS CARD BACK (OPTIONAL)

This alternate design accommodates using the full color logo for each institute.

These are the only approved designs for the backs of the systemwide institute business cards. Variations to the existing artwork and/or different designs are not allowed.

- No additional text including URLs
- No typesettings
- No additional graphics
- No photos
- No changing colors or reversing colors
- No changing the placement, size, or orientation of the icon
