# **Independent Auditors' Report**

Board of Regents of the University of Nebraska and the Auditor of Public Accounts of the State of Nebraska Lincoln, Nebraska

We have audited the accompanying financial statements of the business-type activities and discretely presented component unit of the University of Nebraska (the University) (a component unit of the State of Nebraska) as of and for the year ended June 30, 2005, which collectively comprise the University's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the University's management. Our responsibility is to express an opinion on these financial statements based on our audit. The accompanying financial statements of the University as of June 30, 2004, were audited by other auditors whose report thereon dated November 30, 2004, expressed an unqualified opinion on those statements. We did not audit the financial statements of the University of Nebraska Foundation (the Foundation), a discretely presented component unit of the University. Those statements were audited by other auditors whose report has been furnished to us and appears herein, and our opinion insofar as it relates to the discretely presented component unit financial statements of the Foundation is based solely on the report of such other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The financial statements of the Foundation were not audited in accordance with *Government Auditing Standards*. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the University of Nebraska, as of June 30, 2005, and the respective changes in financial position and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note A to the financial statements, the University adopted in 2005 the provisions of Governmental Accounting Standards Board Statement No. 40, Deposits and Investment Risk Disclosures, an Amendment to GASB Statement No. 3.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 11, 2005 on our consideration of the University's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Management's discussion and analysis on pages 4 through 14 is not a required part of the basic financial statements but is supplemental information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplemental information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. The schedule of expenditures of federal awards has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements.

### INDEPENDENT AUDITORS' REPORT

Board of Trustees University of Nebraska Foundation Lincoln, Nebraska

We have audited the accompanying consolidated statements of financial position of the University of Nebraska Foundation as of June 30, 2005 and 2004, and the related consolidated statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the University of Nebraska Foundation at June 30, 2005 and 2004, and the results of its activities and the cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2005 (UNAUDITED) (Columnar Amounts in Thousands)

### Introduction

This discussion and analysis is designed to provide an overview of the financial position and activities of the University of Nebraska (the University) for the years ended June 30, 2005 and 2004. This analysis has been prepared by management of the University and it is intended to be read with the financial statements and related footnotes that follow this section.

The University is a comprehensive public institution of higher education, research, and public service. It was founded in Lincoln, Nebraska on February 15, 1869. The University became a multi-campus institution in 1968 by an act of the Nebraska Legislature that provided for the addition of the University of Nebraska at Omaha to the University system (formerly the municipal University of Omaha) and, at the same time, designated the University of Nebraska-Lincoln and University of Nebraska Medical Center as separate campuses. In 1991, the former Kearney State College became the fourth campus as the University of Nebraska at Kearney.

The University's four campuses provide a diversity of offerings. The University of Nebraska-Lincoln (UNL) offers a wide range of undergraduate majors and has primary responsibility for graduate education, particularly at the doctoral level, and in the non-medical professions. UNL also includes the Institute of Agriculture and Natural Resources, which operates research extension centers across the State of Nebraska (the State), as well as offering major educational and research programs on campus. The University of Nebraska Medical Center (UNMC) features undergraduate, graduate, and professional degree programs that prepare students for a wide variety of careers in health sciences. The University of Nebraska at Omaha (UNO) is a metropolitan university located in the heart of Nebraska's largest city offering a broad range of undergraduate programs, as well as doctoral programs, in criminal justice and public administration. The University of Nebraska at Kearney (UNK) is a mid-sized, residential campus with a commitment to excellence in undergraduate education. UNK offers undergraduate degrees in the arts and sciences, education, and business and technology, with a wide range of majors.

The financial statements for the University of Nebraska include six blended entities, those being the University of Nebraska Facilities Corporation (UNFC), the University Medical Associates (UMA), UNeMed, the University of Nebraska Dental Associates, the Nebraska Utility Corporation, and the Peter Kiewit Institute Technology Development Corporation. Additional information regarding these entities is described in the footnotes to the financial statements.

(A Component Unit of the State of Nebraska)

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2005 (UNAUDITED) (Columnar Amounts in Thousands)

In accordance with the guidance of Governmental Accounting Standards Board Statement No. 39, *Determining Whether Certain Organizations Are Component Units, an amendment of GASB 14*, the University of Nebraska Foundation's (the Foundation) financial statements are discretely presented with the University's financial statements. Management's discussion and analysis relates only to the University and does not include any overview of the financial position and activities of the Foundation. References to the Foundation within the analysis relate only to specific transactions with the University.

The fall 2004 (fiscal 2005), headcount enrollment was approximately 45,000 on the four campuses. This represents a slight increase reversing a two-year overall decrease. This increase occurred at all campuses save UNL enrollment decreasing slightly. The fall 2005 (fiscal 2006) enrollment increased slightly after a decline of 2% in the fall of 2004. The University is hopeful for continued future enrollment increases and has devoted greater efforts to recruit both in-state and out-of-state students through such activities as improvement of student residences and facilities. The number of students enrolled in graduate and professional programs was 10,553, representing 23% of the student body, reflecting the University's commitment to its increasing prominence as a major research institution.

# **Financial and Operating Highlights**

- Growth in Net Assets. Total net assets and unrestricted net assets of the University grew by approximately 5% and 9%, respectively, and are attributable to several factors. University management aggressively managed budgets to conserve resources. Budget savings were augmented by a 12% increase in tuition to partially offset state appropriation declines of previous years and to keep the University competitive with faculty salaries. Unrestricted net assets represent about two months of total operating expenses before depreciation and health and other insurance claims. Maintenance of a prudent level of reserves is a key to the long-term success of the University.
- *New Capital Construction*. Several capital construction projects were completed during the year, including the renovation of the UNK Student Center, new UNMC and UNL student housing units, completion of the renovation of three research buildings, Dental College betterments, and the acquisition of an office building for future renovation and expansion.
- *Indebtedness*. The University issued no new bonded indebtedness during fiscal 2005. Revenue bonds all exceeded required debt service coverage.
- Increase in Federal Grants and Contracts. Revenues from federal grants and contracts rose 9% over the prior year. The growth in federal funding is indicative of the successful focus the University has placed on seeking new research funding and fuels other successes in recruitment and retention of high-caliber students and faculty.

# **Using the Financial Statements**

The financial statements of the University include the Statement of Net Assets, the Statement of Revenues, Expenses, and Changes in Net Assets, and the Statement of Cash Flows. These statements are prepared in accordance with GASB Statement No. 35, *Basic Financial Statements-and Management's Discussion and Analysis-for Public Colleges and Universities*. The statements and related footnotes are presented on a combined basis for the University as a whole.

(A Component Unit of the State of Nebraska)

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2005 (UNAUDITED) (Columnar Amounts in Thousands)

Statement of Net Assets. The Statement of Net Assets includes all of the assets and liabilities of the University and its component units on the accrual basis of accounting. The difference between total assets and total liabilities represents the net assets of the University and is one indicator of its overall current financial condition. Over time, increases or decreases in the University's net assets is indicative of whether its financial health is improving or deteriorating.

Assets classified as non-current are those that are expected to mature beyond a one-year period or represent special accounts such as those established to comply with revenue bond covenants.

Capital assets are presented net of accumulated depreciation.

Net assets are divided into three parts:

- Invested in Capital Assets. The University's total investment in capital assets less accumulated depreciation and outstanding bond obligations incurred to acquire, construct, or improve those assets.
- Restricted Net Assets:
  - Expendable: funds externally restricted by creditors, grantors, or contributors and includes grant
    and research funds, student loan programs, funds for plant construction, and debt service on bond
    obligations.
  - Nonexpendable: permanent endowments.
- Unrestricted Net Assets. Comprised of the University's investment in the joint venture of the Nebraska Medical Center (NMC) of \$163 million, quasi endowments of \$29 million, net assets of the healthcare blended entities of \$56 million, with the balance representing designated departmental balances, encumbrances and working capital funds.

Statement of Revenues, Expenses, and Changes in Net Assets. The Statement of Revenues, Expenses, and Changes in Net Assets discloses the revenues and expenses of the University during the year. Revenues and expenses are classified as either operating or non-operating. Revenues realized from operating activities are offset by operating expenses, including depreciation, resulting in an operating income or loss. Most significantly, the GASB requires that certain funding sources that are significant to the University, including State appropriations, gifts, and investment income, be classified as non-operating revenues. In large public land-grant institutions, this, by definition, will invariably create operating losses on the statement of revenues and expenses and negative cash flows from operations in the statement of cash flows.

Scholarships and fellowships granted to students are shown as a reduction of tuition and other revenues, while stipends and other cash payments made directly to students are reported as scholarship and fellowship expenses.

**Statement of Cash Flows**. The Statement of Cash Flows provides information about the cash receipts and cash payments made by the University during the year. When used with related disclosures and information in the other financial statements, this statement should help assess the University's ability to generate future cash flows, its ability to meet its obligations when they come due, its needs for financing, the reasons for

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2005 (UNAUDITED) (Columnar Amounts in Thousands)

*Analysis of Financial Position.* Cash and cash equivalents represent the preponderance of current assets of the University. Cash decreased overall with the most of the change coming from a decrease in restricted cash. Restricted cash represents unspent bond proceeds on deposit with trustees, therefore the change represents the spending of those balances from late fiscal 2004 bond issues for their stated purposes.

Non-current assets of the University are dominated by the investment in physical plant. At June 30, 2005, the University had approximately \$1.1 billion invested in capital assets, net of accumulated depreciation of \$485 million. Physical plant grew primarily from construction of apartment-style student residences at UNMC and UNL, installation of new dental patient teaching stations at the College of Dentistry, acquisition of an office building for future growth of the UNMC campus, renovation of the UNK Student Center, and completion of the renovation of three research buildings. For fiscal 2005, net capital assets increased \$89 million consisting of net capital additions of \$156 million less depreciation of \$58 million. This enhancement of facilities can be attributed to the University's ability to gain private support for the acquisition and renovation of facilities to support new instruction and research facilities and the planned efforts to improve student living space.

Unrestricted net assets grew from \$365 million in 2004 to \$396 million in fiscal 2005 and includes the NMC, a joint venture. NMC is a primary research and teaching hospital and health care provider in the region and was formed by the merger of the University's hospital and Bishop Clarkson Memorial Hospital in 1997. This portion of unrestricted net assets increased by \$18 million to \$163 million in 2005. The balance of the change in unrestricted net assets is attributable to the change in cash discussed earlier in this section, along with a conscious effort by management to increase self-insurance reserves. These insurance reserves are considered by accounting definitions to be part of "unrestricted" funds, along with other amounts attributable to University quasi endowments (\$29 million) and the capital of University Medical Associates (\$56 million), an affiliated entity encompassing the practice plan group at UNMC.

Analysis of Operations – Overview. The University generated \$905 million of operating revenues during 2005, an increase of \$60 million over last year, while operating expenses were \$1,347 million, up \$75 million over the prior year. These changes increased the operating loss by \$15 million to \$442 million. As disclosed earlier, because of the mandated financial reporting regarding classification of state appropriations and other funding sources, statements of activities for large public land-grant universities will invariably report an operating loss.

The Nebraska Legislature provided \$399 million in non-capital appropriations for 2005, an increase of \$9 million over 2004. The University, in conjunction with the Foundation, generated gifts amounting to approximately \$73 million that, when combined with all other non-operating revenues and expenses, netted an overall increase in net assets of about \$80 million.

**Revenues.** The University's operating revenues increased in fiscal 2005 by 7%, or \$60 million. Most of the revenue sources showed increases from the prior year.

One of the largest increases in revenue dollars was realized in Federal grants and contracts. The \$21 million increase is attributable primarily to University of Nebraska-Lincoln's grant awards from several Federal Agencies, including the Department of Health and Human Services, National Science Foundation, Department of Energy, and the Department of Education. Grants awarded included the research of soybean oil for diesel fuel, national assessment of educational progress, metabolite signaling center, elevating seed protein content, studies of blast wave absorbing structures, and the

(A Component Unit of the State of Nebraska)

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2005 (UNAUDITED) (Columnar Amounts in Thousands)

Ford Direct Student loan program. The UNMC also had growth in federal funding and received National Institute of Health grants for medical research of numerous diseases and health issues and funding for the purchase of equipment for a microbiology automation platform project.

- Tuition and fees, net of scholarship allowances, increased by \$18 million dollars, or 11%, for the 2004-2005 year. The Board of Regents approved an increase in tuition of 12%, but a small decline in enrollment and additional scholarship allowances netted down the increase in tuition from 12% to 11%.
- Private gifts and grants increased by \$6 million dollars. This increase is attributable to gifts received from health and medical associations, financial institutions, a grant from the National Conference on Undergraduate Education, and an increase in funding from the University of Nebraska Foundation for scholarships and academic programs.
- Sales and services of health care entities increased by \$3 million. This change can be traced to the University Medical Associates' increase in patient care revenue from several clinical programs, including orthopedics, cardiology, radiology, and general surgery.

(A Component Unit of the State of Nebraska)

# MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2005 (UNAUDITED) (Columnar Amounts in Thousands)

*Expenses.* Operating expenses were \$1,347 million for the 2005 fiscal year, an increase of 6% compared to 2004. Changes in the major expense classifications follow.

- Salaries, wages, and benefits increased by \$39 million in 2005 compared to 2004. Faculty salaries and benefits increases averaged 1.75%. Additional amounts were expended for targeted areas including for excellence and instructional workload salaries, research initiative programs, and intercampus development. Additionally, UNL delayed annual increases until January 1, 2004 the previous year, making the year-to-year changes appear higher. Rising health care costs contributed \$8 million toward the 2005 increases in this category.
- Repairs and maintenance expenses increased by 4% reflecting continued efforts by the University and auxiliary operations to keep buildings, the infrastructure, and utility distribution systems in good repair. One of the larger renovation projects was the UNO Enrollment Services office.
- Supplies and materials increased by 7% reflecting inflationary increases for the purchase of materials to support the instruction and research programs.
- Contractual services increased 9% corresponding to increased activity in Federal research grants and sub-awards for polar and other research studies and the blending of the PKITDC activity for the first year of operations in 2005.
- Scholarships and fellowships grew by \$7 million during 2005. The campuses increased scholarship allowances along with additional Federal student aid and direct student loan program funds in an effort to maintain affordability.

### **Total Operating Expenses - 2005**

(A Component Unit of the State of Nebraska)

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2005 (UNAUDITED) (Columnar Amounts in Thousands)

*Non-Operating Revenues (Expenses)*. Net non-operating revenues remained unchanged during 2005 compared with 2004. This change is the result of an increase in state non-capital appropriations of \$8 million and an increase of \$6 million in gifts, offsetting a \$4 million reduction in investment income and decreases in fair value of investments.

The University garnered \$53 million in non-capital gifts during the year thanks to continued strong support from the private sector and the Foundation. In addition, capital grants and gifts of \$20 million were received during the current year, including contributions from the Foundation of \$3.9 million for the renovation of Foster Field located on the UNK campus and \$10.5 million for future development of the Research Center of Excellence at UNMC.

# **Capital Assets**

The University made significant investments in capital assets during the current year. Major construction projects and acquisitions completed were:

- Suite-style residential housing was completed for 468 students on the UNL campus for a cost of \$26 million. These housing units were financed by the 2003A Student Fees and Facilities bonds and are included as a member of the obligated group under the Master Trust Indenture (MTI).
- Renovation of three research buildings was completed at a cost of \$29 million. These capital outlays were financed partially by the UNFC Deferred Maintenance bonds and other revenues from Federal and private sources. The buildings included Avery and Hamilton Halls and the Veterinary Science building at UNL, all of which play valuable roles in research and education.
- The 60 new student apartment units in two buildings were completed on the UNMC campus. This construction was financed by the issuance of \$5 million of revenue bonds during 2005. These units significantly update UNMC's housing inventory.
- A former bank building adjacent to the UNMC campus was purchased for \$8 million and financed partially through a lease purchase agreement with the University of Nebraska Foundation and will prove valuable in future expansion of the campus.
- An enhancement to the UNK Student Center was completed during the year at a cost of around \$1 million and is a significant improvement to student life on the campus.
- Other auxiliary operations cash flows of \$1.5 million were used to fund new facilities for UNL campus security. This improvement creates a visibility for campus security and facilitates more efficient services to the campus community.
- Fire and life safety projects were completed on all campuses. Funding for these projects came from capital appropriations for this purpose by the Legislature through the State's Task Force for Building Renewal.

(A Component Unit of the State of Nebraska)

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2005 (UNAUDITED) (Columnar Amounts in Thousands)

More detailed information on capital asset activity is disclosed in the Notes to the Financial Statements included in this report.

# **Debt Activity**

The University did not issue any new bonds or refinance any outstanding bonds during 2005, having successfully refinanced all refundable bonds during the interest rate troughs in the prior year. The University continued to experience net revenues from activities that exceeded required support for outstanding bonds.

The Board of Regents of the University of Nebraska Members of the Obligated Group under the MTI has bonds outstanding from the construction of student housing and parking. The financial position of the MTI remains strong with operating income that provided a debt service ratio of 1.45 times for the year ended June 30, 2005 and 1.89 times for the year ended June 30, 2004. The debt service ratio required by the MTI covenants is 1.15 times.

The UNK Student Fees and Facilities bond activities enjoys a strong financial position having ended the year with sufficient operating income to cover debt service 2.1 times in 2005 compared to 1.7 times in 2004.

The UNFC met all debt service requirements during 2005. The State Legislature has reaffirmed the appropriation of funds for their portion of the debt service pertaining to the Deferred Maintenance Project, which is combined with designated tuition revenues for debt service. The Foundation continues to receive funds from donor gifts pledged toward the funding of the University of Nebraska Center Research Center project. Funds from internal University sources continue to meet expectations allowing the service of UNFC-related debt obligations in their normal course.

# **Economic Outlook and Subsequent Events That Will Affect the Future**

The University, as the State's public research university, is an important component in driving the economic success of Nebraska. This partnership with the State also means, like other major land-grant universities, that State funding plays an important part in the success of the University in many areas.

Management of the University is encouraged by signs that the partnership with the State is strengthening, which gives renewed confidence to the University as it looks forward. The Governor and the State Legislature gave the University increases of 7.4% and 6.1% for the two years in the biennium that ends June 30, 2007. These are the largest increases in many years. In another positive development, the Legislature, the Governor, and the University are exploring ways to launch and fund another deferred maintenance initiative designed to enhance and improve facilities to better serve today's students and grow the research enterprise.

The economic performance of the State also offers promising prospects. The State Tax Commissioner recently reported that State receipts through the four months ended October 31, 2005, were \$93 million, or about 10% of over projections. This followed a fiscal year ended June 30, 2005, where the State recorded receipts \$261 million, or 9%, in excess of projected revenues.

(A Component Unit of the State of Nebraska)

MANAGEMENT'S DISCUSSION AND ANALYSIS FOR THE YEAR ENDED JUNE 30, 2005 (UNAUDITED) (Columnar Amounts in Thousands)

In a focused effort to chart the future direction of the University, the President and the Board of Regents have set forth a strategic framework and priorities that will guide the University. These will help the University better serve Nebraskans through quality teaching, research, outreach, and engagement. Among those priorities:

- **Enrollment**. Growing enrollment through a number of initiatives including growing the collegegoing rate.
- **Tuition**. Keeping tuition increases as low as possible and thereby the cost of education more affordable.
- **Graduation**. Increasing the graduation rate.
- **Research**. Bolstering current endeavors and fostering new activities that will allow the University to continue to earn greater success in attracting research funding.
- Administrative Costs. Seeking, efficiencies in business practices and challenging administrative costs in both the academic and business enterprises.
- **Faculty Salaries**. Continuing to pursue and identify resources that can be earmarked to enhance faculty salaries to facilitate even greater successes in recruitment and retention.

Again, the future of the State is closely tied to that of its only public university, and the framework and priorities will guide University planning, helping to build and sustain a Nebraska that offers its citizens educational and economic opportunity and a high quality of life.

### REQUIRED DISCLOSURE:

The Foundation expended no cash for interest or income taxes.

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization – The University of Nebraska (the University) is a land-grant University founded in 1869 and governed by an elected eight-member University of Nebraska Board of Regents (the Board of Regents). University activities are conducted at four primary campuses, with two located in Omaha and one each in Lincoln and Kearney, Nebraska. While the University is a legally separate entity, it is a component unit of the State of Nebraska (the State) because it is financially accountable to the State. The major accounting principles and practices followed by the University are presented below to assist the reader in evaluating the financial statements and the accompanying notes.

These statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The GASB has issued GASB Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments, as amended by GASB Statement No. 35, Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities. The University follows the "business-type" activities reporting format of GASB Statement No. 34. This reporting format requires the following elements:

- Management's Discussion and Analysis
- Basic Financial Statements:
  - Statement of Net Assets
  - Statement of Revenues, Expenses, and Changes in Net Assets
  - Statement of Cash Flows
- Notes to financial statements

The University follows all GASB pronouncements, as well as Financial Accounting Standards Board (FASB) Statements, and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins issued on or before November 30, 1989, and has elected not to apply the FASB Statements and Interpretations issued after November 30, 1989 to its financial statements.

In 2005, the University implemented GASB Statement No. 40, *Deposit and Investment Risk Disclosures*. GASB Statement No. 40 address disclosures on deposits and investments, focusing on common investment risks related to interest rate risk, credit risk, custodial credit risk, foreign currency risk, and concentration of credit risk. This pronouncement requires additional disclosures to be presented in the notes but has no impact on the net assets of the University.

**Reporting Entity** – Certain affiliated organizations for which the Board of Regents has financial accountability are included in the University's financial statements as component units.

(A Component Unit of the State of Nebraska)

# NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

The University's financial reporting entity consists of the following component units. Their balances and transactions are blended into the accompanying financial statements and reported in a manner similar to the balances and transactions of the University itself.

- The University of Nebraska Facilities Corporation (UNFC) was organized to finance the construction, repair, and renovation of buildings and the acquisition of land and equipment and to hold them in trust for the University. UNFC is governed by a Board of Directors comprised of the Board of Regents.
- The University Medical Associates (UMA) was organized for the purpose of billing, collecting and distributing medical service fees generated by clinicians employed by the University of Nebraska Medical Center (UNMC). UMA is governed by the Board of Regents. The distribution of fees is governed by the terms of the University of Nebraska Medical Services Plan applicable to the member clinicians.
- UNeMed was organized to develop and market biomedical technologies for the University and pay all related patent costs. UNeMed acts under the authority of the Board of Regents and their fiscal year-end is December 31.
- The University Dental Associates (UDA) was organized for the purpose of billing, collecting and distributing dental service fees generated by dentists employed by the UNMC. UDA is governed by the Board of Regents. The distribution of fees is governed by the terms of the University of Nebraska Dental Service Plan applicable to the member dentists.
- Nebraska Utility Corporation (NUCorp) is a not-for-profit corporation formed under the Nebraska Interlocal Cooperation Act between the Board of Regents and Lincoln Electric System. The purpose of NUCorp is to purchase, lease, construct, and finance activities relating to furnishing energy requirements and utility and infrastructure facilities for the University of Nebraska-Lincoln (UNL). NUCorp is governed by a five-member Board, three of which are University officials. NUCorp's fiscal year-end is December 31.
- The Peter Kiewit Institute Technology Development Corporation (PKITDC) is a not-for-profit corporation formed for the purpose of teaching and developing information science technology through students and faculty by conducting applied research.

Separate financial statements for UNFC, UMA, UNeMed, UDA, and NUCorp may be obtained from the University of Nebraska Central Administration, Varner Hall, 3835 Holdrege, Lincoln, Nebraska 68583-0742.

The University adopted the guidance of GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units, an amendment of GASB 14*, as of July 1, 2003. This Statement provides guidance to determine whether certain organizations for which the University is not financially accountable should be reported as a component unit based on the nature and significance of the relationship. As a result of this guidance, the University of Nebraska Foundation's (the Foundation)

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

financial statements are discreetly presented within the University's financial statements. The Foundation is a nonprofit corporation exempt from income tax under Section 501(c)(3) of the Internal Revenue Code whose purpose is to provide financial support for the University system. The Foundation reports under FASB standards, including FASB Statement No. 117, *Financial Reporting for Not-for-Profit Organizations*. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition and presentation features. No modifications have been made to the Foundation's audited financial information as it is presented (see Notes P and Q).

**Basis of Presentation** – The financial statements of the University have been prepared on the accrual basis. The University recognizes revenues, net of discounts and allowances, when it is earned. Expenses are recorded when a liability is incurred. The University first applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net assets are available. All significant revenues and expenses resulting from intra-University transactions have been eliminated.

Cash and Cash Equivalents – Cash and cash equivalents are stated at fair value. Cash is deposited with the Nebraska State Treasurer on a pooled basis in a State fund. Income earned by the pool is allocated to the University based upon average daily balances. These funds are considered to be cash and cash equivalents which are available for expenditures as needed. The investments of the pool include Commercial Paper, U.S. Government Securities, Federal Agency Debt Instruments, Corporate Bonds, Money Market Funds, and Bank Deposits. Additional information on the pool can be found in the State of Nebraska's Comprehensive Annual Financial Report.

For purposes of the statements of cash flows, cash includes cash and cash equivalents, both unrestricted and restricted, and investments with an original maturity of three months or less when purchased.

*Investments* – Investments are stated at fair value. Securities that are publicly traded are valued based on quoted market prices. Investments that do not have an established market are reported at estimated fair value. Investments received from donors as gifts are recognized as revenue at fair value at the date of the gift. Income from investments is recognized as earned and includes realized and unrealized gains and losses.

*Investment in Joint Venture* – Investment in joint venture is accounted for under the equity method.

Capital Assets – Land improvements, leasehold improvements, buildings, and equipment are stated at cost at the date of acquisition. Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets except at UNL, which are accounted for on a componentized basis. The estimated useful live are 25 to 50 years for buildings and their components and 20 to 30 years for land improvements. Equipment is generally depreciated from 2 to 10 years depending on its useful life. Leasehold improvements are depreciated using the straight-line method over the aforementioned estimated useful lives or the term of the related lease, if shorter. Maintenance, repairs, and minor replacements are charged to expense as incurred. The University maintains various collections of inexhaustible assets to which no value can be determined. Such collections include contributed works of art, historical treasures, and literature.

(A Component Unit of the State of Nebraska)

# NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

Capital assets are defined by the University as assets with initial, individual costs in excess of \$500 for buildings and renovations, \$100 for land improvements, and \$5 for equipment.

The University has artwork and other collections that it does not capitalize. These collections adhere to the University's policy to (a) maintain them for public exhibition, education, or research; (b) protect, keep unencumbered, care for, and preserve them; and (c) require proceeds from their sale to be used to acquire other collection items. Generally accepted accounting principles permit collections maintained in this manner to be charged to operations at time of purchase rather than capitalized.

Accrued Compensated Absences – University faculty and staff earn 12 to 25 days of vacation each year and may carry over up to one year of accrued vacation into the next year. In future years, accrued vacation may be used or received as a cash payment upon retirement or termination. In addition, certain classified staff receive a cash payment of one-fourth of accrued sick leave upon retirement from the University. The University has recognized a liability for sick and annual leave earned but not yet taken by its faculty and staff. Certain University faculty and staff also earn four floating holidays each year, which may be taken at any time during the year. Unused floating holidays expire at calendar year-end.

**Deferred Revenues and Credits** – These consist of advance payments on athletic tickets, fall semester student residence hall contracts, tuition deposits, unearned income on direct financing leases, and cash received in advance for grants and contracts.

Amortization of Bond Financial Expense and Bond Premium or Discount – Bond financial expense and premium or discount are being amortized or accreted to interest expense on a method that approximates the level yield method.

*Classification of Revenues* – The University has classified its revenues as either operating or nonoperating revenues according to the following criteria:

*Operating Revenues* — Operating revenues include activities that have the characteristics of exchange transactions, such as student tuition and fees, sales and services of auxiliary enterprises, most federal, state and local grants and contracts and federal appropriations, and interest on student loans.

Nonoperating Revenues – Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as gifts, contributions, State appropriations, investment income, and other revenue sources that are defined as nonoperating revenues by GASB No. 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Government Entities That Use Proprietary Fund Accounting, and GASB No. 34.

*Unrestricted Gifts* – Revenue is recognized when an unconditional promise to pay is received and all eligibility requirements have been met. In the absence of such promise, revenue is recognized when the gift is received.

*Scholarships and Fellowships* – The University receives funds that are restricted by donors and grantors for aid to students. When these funds are granted to students or when scholarships and fellowships are provided through student tuition waiver, the University records the expense for student aid and the

(A Component Unit of the State of Nebraska)

# NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

corresponding revenue. Accordingly, at June 30, 2005 and 2004, Federal grants and contracts includes Pell grant awards amounting to \$20,007 and \$20,345 and Ford direct student loans amounting to \$71,277 and \$67,805, respectively. The combined awards of \$91,284 and \$88,150 at June 30, 2005 and 2004, respectively, are also included in Scholarships and Fellowships expense. For employee tuition waivers, the University records a benefit expense and corresponding revenue.

*Health and Other Insurance Claims* – The University is partially self-insured for comprehensive general liability, property losses, and group health and dental liability. Its estimated liability is being funded annually and reflected as an expense.

*Environmental* – Environmental assessments are performed when environmental issues are identified on property owned by the Board of Regents. The cost of any assessments are expensed as incurred. Any cost of remediation is accrued when the University's obligation is probable and the amount can be reasonably estimated or determined.

Tax Status – The University qualifies as a non-profit organization under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for federal or state income taxes is required. However, income from unrelated activities is subject to federal and state income taxes. No provision is deemed necessary for any income taxes associated with unrelated activities.

**Estimates** – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Reclassifications** – Certain 2004 amounts have been reclassified to conform to the current year presentation.

Recent Statements Issued by the Government Accounting Standards Board – The GASB issued Statement No. 42, Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries, effective for fiscal years beginning after December 15, 2004. This statement requires the University to evaluate prominent events or changes in circumstances affecting capital assets to determine whether impairment of a capital asset has occurred and record impaired assets and impairment losses accordingly. This statement also addresses the appropriate recording of an insurance recovery associated with events or changes in circumstances resulting in impairment of capital assets. The University has not yet determined the effect that the adoption of GASB Statement No. 42 may have on the financial statements.

The GASB has issued Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, effective for fiscal years beginning after December 15, 2006. This statement provides standards for the measurement, recognition, and display of other postemployment benefit expenditures, assets, and liabilities, including applicable note disclosures and required supplementary information. The University has not yet determined the effect that the adoption of GASB Statement No. 45 may have on the financial statements.

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

The GASB also issued Statement No. 47, *Accounting for Termination Benefits*. This statement establishes accounting standards for termination benefits. The requirements of this statement are effective in two parts. For termination benefits provided through an existing defined benefit OPEB plan, the provisions of this statement should be implemented simultaneously with the requirements of Statement 45. For all other termination benefits, this statement is effective for financial statements for periods beginning after June 15, 2005. The University has not yet determined the effect that the adoption of GASB Statement No. 47 may have on the financial statements.

### B. CASH AND CASH EQUIVALENTS

The University's cash and cash equivalents are deposited in a pooled State fund managed by the Nebraska State Treasurer or in financial institutions. Bank balances of cash and cash equivalents deposited in banks amounted to approximately \$2,090 (book balance of approximately \$1,176) at June 30, 2005, with approximately \$1,519 at June 30, 2005, covered by federal depository insurance. Bank balances of cash and cash equivalents deposited in banks amounted to approximately \$2,634 (book balance of approximately \$1,562) at June 30, 2004, with approximately \$1,778 at June 30, 2004, covered by federal depository insurance. Of the remaining bank balance at June 30, 2005 and 2004, approximately \$347 and \$551 was collateralized with securities held by the pledging financial institution, but not in the University's name, and approximately \$224 and \$305 was uninsured and uncollateralized, respectively. Interest income amounted to approximately \$10,926 and \$10,922 and is included in non-operating revenue at June 30, 2005 and 2004, respectively.

### C. INVESTMENTS

Funds held for the support of University operations, excluding trust funds, are invested according to State statute by the State Investment Officer. Regulatory oversight is provided by the Nebraska Investment Council. The University's fair value in the Nebraska Investment Council's investment pool is equal to its pool units. University trust funds are invested by the University in accordance with the prudent person rule as established by the University. The prudent person rule places no restrictions on the investment of these funds.

*Interest Rate Risk* – The University does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

(A Component Unit of the State of Nebraska)

# NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

*Credit Risk* – State statutes authorize the University to invest funds in accordance with the prudent man rule: Investments are made as a prudent person would be expected to act, with discretion and intelligence, to seek reasonable income, preserve capital, and, in general, avoid speculative investments. The University does not follow a more restrictive policy. Credit ratings for these investments that are rated are as follows:

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

Concentration of Credit Risk – Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The University places no limit on the amount that may be invested in any one issuer. More than 5% of the University's investments are in the following investment types at June 30:

|                                       | 2005          | 2004 |  |  |
|---------------------------------------|---------------|------|--|--|
|                                       | Concentration |      |  |  |
| Federal Home Loan Bank                | 16%           | 17%  |  |  |
| Federal National Mortgage Association | 33%           | 12%  |  |  |
| U.S. treasuries                       | 15%           | 18%  |  |  |
| Federal Farm Credit Bank              | 7%            | 12%  |  |  |
| FSA Capital Markets Services          | 5%            | N/A  |  |  |

Custodial Credit Risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the University will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments are stated at fair value and are uninsured, unregistered, and held by the trustee or an agent, but not in the name of the University. Of the University's \$5.8 million investment in repurchase agreements in 2005 and 2004, \$6.2 million of underlying securities are held by the investment's counterparty, but not in the name of the University.

### D. ACCOUNTS RECEIVABLE, UNBILLED CHARGES, AND LOANS TO STUDENTS

Substantially all amounts included in accounts receivable and unbilled charges represent tuition receivables, grant reimbursements, unbilled charges, patient accounts receivable and other receivables. Balances are stated net of allowances for doubtful accounts and contractual adjustments of approximately \$6,347 and \$7,167 at June 30, 2005 and 2004, respectively. In addition, the University maintains an allowance for doubtful collections of student loans of approximately \$1,762 and \$1,385 at June 30, 2005 and 2004, respectively.

### E. INVESTMENT IN JOINT VENTURE

The University and Bishop Clarkson Memorial Hospital (Clarkson) entered into a Joint Operating Agreement in 1997 forming the Nebraska Health System, a Nebraska nonprofit corporation doing business as the Nebraska Medical Center (NMC). A Board of Directors comprised of six members appointed by Clarkson and six members appointed by the Board of Regents govern NMC. Upon dissolution of NMC, the University and Clarkson will share equally in the remaining net assets. Because the University has an ongoing financial interest in NMC, the University is accounting for the joint venture under the equity method. The University has recorded 50% equity in earnings of NMC for the years ended June 30, 2005 and 2004 totaling \$18,218 and \$19,349, respectively. In addition, to the extent that sufficient funds are available, as determined by the NMC Board of Directors, the University will receive an annual capital distribution. A distribution of \$3,000 was declared and paid out during both fiscal years 2005 and 2004.

(A Component Unit of the State of Nebraska)

# NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

Separate financial statements of NMC can be obtained from the Nebraska Medical Center, 42<sup>nd</sup> Street and Dewey Avenue, Omaha, Nebraska 68105.

In conjunction with the Joint Operating Agreement, the University entered into an agreement to lease the former hospital building to NMC that extends through 2037. The hospital building is recorded at approximately \$131,000 and is included in the University's financial statements. Following are the minimum lease rental payments due from NMC:

### Fiscal Year Ending June 30:

| 2011-2014 | 5,836     |
|           | \$ 25,854 |

In addition, the University and NMC have entered into an Academic Affiliation Agreement for Education and Research. In connection with the agreement, NMC has agreed to financially support certain educational, research, operational, and clinical activities of the University College of Medicine that further the mission and objectives of NMC. During the fiscal years ended June 30, 2005 and 2004, respectively, the University received approximately \$21,678 and \$21,035 of support in connection with the agreement.

| Total      | \$234,225 | \$152,888 | \$112,490 | \$29,008 | \$21,880  | \$12,705    | \$368,595 | \$194,601 |

At June 30, 2005 and 2004, the trustees for these bond funds held cash and investments in the amount of approximately \$161,265 and \$224,547, respectively, which is reflected as restricted cash and investments on the statements of net assets.

Master Trust Indenture - The Board of Regents entered into a master trust indenture dated as of June 1, 1995 (as amended and supplemented from time to time, the Indenture) with a fiduciary with respect to the facilities (including student housing, student unions, student health facilities, and parking facilities) from which the Board of Regents derives revenues, fees, and earnings. The Indenture provides for the formation of an Obligated Group for the purpose of achieving lower borrowing costs through sharing accumulated excess revenues and earnings derived from such facilities. As of June 30, 2005, the members of the Obligated Group are (a) the student housing, student unions, and student health facilities on the University of Nebraska - Lincoln campuses (UNL Student Fees and Facilities), (b) the parking facilities on the University of Nebraska - Lincoln campuses (UNL Parking), (c) the Student Center at the University of Nebraska at Omaha (UNO Student Center) (d) certain student housing facilities at the University of Nebraska at Omaha (UNO Student Housing), and (e) certain Student housing facilities at the University of Nebraska Medical Center (UNMC Student Housing) (collectively, the Obligated Group). The accumulated surplus revenues, fees, and other payments of such Obligated Group have been jointly pledged to the payment of revenue bonds issued with respect to such facilities. Other facilities will be added to the Obligated Group and the revenues, fees, and other payments derived from such facilities will be pledged under the Indenture in the future as circumstances permit.

*Pledged Revenues* – Pledged revenues of the Obligated Group under the master trust indenture are defined as all of the revenues of each member that remain after payment of the expenses of such member. Pledged revenues do not include any balances in any debt service fund or debt service reserve fund, but shall include any balances in other reserve, replacement, or contingency fund and any surplus fund held for or on behalf of such members of the Obligated Group under a related resolution.

(A Component Unit of the State of Nebraska)

### NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

For the University of Nebraska at Kearney (UNK) Student Fees and Facilities and UNL Athletics Bonds, net revenues from student housing and dining facilities, special student fees, certain athletic ticket revenue, and designated donations are pledged to secure the respective bond issues as defined in those bond resolutions. These bond issues and University of Nebraska Facilities Corporation (UNFC) bonds are not obligations of the State and no tax shall ever be levied to raise the funds for the principal payment thereof or the interest or premium thereon. The UNFC bonds do not constitute debt of the Board of Regents of the University, but shall be payable solely out of monies derived from designated tuition revenues, legislative appropriations, and UNMC lease payments.

The bond resolutions specify the funds that need to be established, the required transfers between funds, and the maximum maturity limits for each funds' investments. The bond resolutions also require that specified amounts be deposited with the trustee for certain funds. At June 30, 2005 and 2004, the University and UNFC are in compliance with these requirements.

*University of Nebraska-Lincoln Memorial Stadium Bonds* – In 2004, the Board of Regents authorized the issuance of \$64,380 of Series 2004A and 2004B bonds (2004 Memorial Stadium Project). The bonds were issued to pay the cost of constructing, equipping, and furnishing improvements to Memorial Stadium and to refund \$12,970 of 1997 UNFC Bonds, Series 1997. The 2004A and 2004B bonds are payable from a gross revenue pledge of certain revenues and fees of the athletic department, with such payment being prior to the payment of expenditures with respect to Memorial Stadium operations. Those revenues and fees include all Memorial Stadium ticket income, current skybox revenues, current club seating revenues, donations with respect to a new premium seating program involving approximately 6,400 seats, and all donations pledged to the construction of the 2004 Memorial Stadium Project.

The bonds are not obligations of the State, nor do they constitute debt of the Board of Regents, but shall be solely from the aforementioned pledged revenues and fees.

### University of Nebraska Facilities Corporation

*Library Storage Project* – In 2004, the UNFC authorized the issuance of \$3,410 of Series 2004 Bonds, dated May 15, 2004.

The library storage and retrieval facility will be approximately 8,975 gross square feet in size, with a high (approximately 35 feet) roof. It will provide a climate-controlled environment for the library's print volumes and other documents. The strictly controlled temperature, humidity, and air quality will minimize the deterioration of the books and other documents.

Principal and interest payments will come from lease payments received from UNL.

*Series 2003 Bonds – Alexander Building Project* – In 2003, the UNFC authorized the issuance of \$2,935 of Series 2003 Bonds (2003 Project) dated March 6, 2003. The 2003 Project involved the purchase and refurbishing of the Alexander Building, including a heating, ventilation, and air conditioning project on the city campus of UNL.

Principal and interest payments will come from University cash funds.

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

Series 2002 Bonds – UNMC Research Center of Excellence Project – In 2002, the UNFC authorized the issuance of \$56,695 of Series 2002 Bonds (2002 Project) dated February 15, 2002. The 2002 Project was created for the purpose of paying a portion of the cost of construction of the Research Center of Excellence (now known as the Durham Research Center) and a multi-level parking structure on the campus of the UNMC in Omaha, Nebraska at a total estimated cost of \$93,000. The UNMC, through the Foundation, has obtained pledges approximating \$85,000 for payment of the costs of these projects. The pledges will be received in installments through 2011. These pledges are augmented with the revenue from a lease agreement with a third party for a portion of the parking structure. Bonds maturing after February 15, 2012 are redeemable at 100% of principal plus accrued interest. The Research Center Project agreement states that if, at any time, the assigned revenues are insufficient to pay principal and interest of the Series 2002 Bonds as they become due, the deficiency will be paid from the University Cash Fund or other funds of the Board of Regents available for such purpose.

Series 1998 Bonds – Deferred Maintenance Project – In 1998, the UNFC authorized the issuance of \$80,190 of Series 1998 Bonds (Deferred Maintenance Project) dated July 15, 1998. The Deferred Maintenance Project was created for the purpose of paying the cost of certain deferred maintenance projects on each of the four campuses of the University authorized by Nebraska Legislative Bill 1100 (LB1100). Principal and interest payments on the bonds are secured by existing balances in the University Cash Fund, the University of Nebraska at Omaha Cash Fund, and the University of Nebraska at Kearney Cash Fund. Under LB1100, the Nebraska Legislature has appropriated for repayment \$5,500 each fiscal year through June 30, 2009 which can be modified by the Legislature as specified in LB1100. In addition, the Board of Regents has committed \$5,200 of tuition revenues for repayment for each fiscal year through June 30, 2011.

Series 1998-2 Bonds – UNMC Electrical System Project – In 1998, the UNFC authorized the issuance of \$2,315 of Series 1998 Bonds (UNMC Electrical System Project) dated October 15, 1998. The UNMC Electrical System Project was created for the purpose of constructing and installing an electrical power service line and related facilities to the University of Nebraska Medical Center.

Under the resolution for the UNMC Electrical System Project, the Board of Regents leased from UNFC the real property and improvements comprising the UNMC Electrical System Project and the existing facilities under a Site Lease dated October 15, 1998. In turn, the Board of Regents has agreed to make lease rental payments to UNFC in such amounts and at such times so as to provide sufficient funds with which to make full and timely payments on the UNMC Electrical System Project Bonds. The term of the Site Lease expires when all bonds have been paid in full or the payments of the bonds have been provided for in accordance with the Trust Indenture. The principal and interest payments on the bonds are payable from moneys to be budgeted and appropriated by the Board of Regents.

### Nebraska Utilities Corporation

In 2001, the Nebraska Utilities Corporation (NUCorp), an interlocal organization formed with a Lincoln, Nebraska-based utility, authorized the issuance of \$21,880 of Series 2001 bonds. The proceeds from the debt are being utilized to address energy conservation and utility upgrades at UNL. Utility savings generated from these projects will provide funds for repayment of the bonds.

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

**Prior Year Defeasances** – In prior years, the University and its component units defeased certain bonds by placing the proceeds of new bonds in an irrevocable trust with an escrow agent to provide for all future debt service payments on the bonds. Accordingly, the trust account assets and the liabilities for the defeased bonds are not included in the University's financial statements. At June 30, 2005 and 2004 \$24,060 and \$42,145, respectively, of defeased bonds are outstanding.

### I. CAPITAL LEASE OBLIGATIONS

The University presently is leasing real property, buildings and equipment with either the option to purchase or transfer of title at the expiration of the lease term, of capital leases outstanding \$11,986 and \$8,831 are leases with the Foundation.

Capital lease obligation activity for the year-ended June 30 is as follows:

|      | Beginning<br>Balance | Additions | Reductions | Ending<br>Balance | Current<br>Portion |
|------|----------------------|-----------|------------|-------------------|--------------------|
| 2005 | \$ 13,348            | \$ 12,546 | \$ 8,634   | \$ 17,260         | \$ 3,682           |
| 2004 | \$ 10,293            | \$ 6,980  | \$ 3,925   | \$ 13,348         | \$ 3,252           |

Minimum lease payments under capital leases together with the present value of the net minimum lease payments for the year-ended June 30 are:

|  | Buildings<br>and |           |          |
|--|------------------|-----------|----------|
|  | Properties       | Equipment | Total    |
| 2006   | \$ 3,363         | \$ 757    | \$ 4,120 |
| 2007   | 3,293            | 363       | 3,656    |
| 2008   | 2,482            | 318       | 2,800    |
| 2009   | 1,578            | 34        | 1,612    |
| 2010   | 1,578            | 10        | 1,588    |
| Thereafter   | 6,693            |           | 6,693    |
|  | 18,987           | 1,482     | 20,469   |
| Less interest and executory costs  | 3,157            | 52        | 3,209    |
|  | \$15,830         | \$1,430   | \$17,260 |
| Capital assets held under capital lease obligations at June 30, 2005 are as follows: |                  |           |          |
| Buildings  | \$34,431         |           |          |
| Equipment  | 6,710            |           |          |
|  | \$41,141         |           |          |

| Claim reserve, June 30, 2004 | 750                              | 3,429                | 5,400                         | 9,579     |
| Established claim reserve    | 1                                | _                    | _                             | 1         |
| Incurred claims              | 776                              | 720                  | 82,451                        | 83,947    |
| Payments on claims           | (132)                            | (1,389)              | (81,451)                      | (82,972)  |
| Claim reserve, June 30, 2005 | \$ 1,395                         | \$ 2,760             | \$ 6,400                      | \$ 10,555 |

The Board of Regents provides for protection against comprehensive general liability and property losses through a partially self-insured general liability program. The self-insured program also covers the retained deductible for directors and officers liability and miscellaneous claims not covered by insurance. The Board of Regents has purchased all-risk "blanket" policies for risks not covered by the partially self-insured general liability program. These policies provide for property coverage with a \$200 deductible/\$1,000 annual aggregate, educators legal liability coverage with a \$500 deductible/\$5,000 annual aggregate, and umbrella excess liability coverage for \$20,000 each loss/\$20,000 aggregate. A bank administers the general liability and self-insured trusts including the investments and payment of approved claims. The University estimates a range of loss for general liability and property claims using actuarial studies conducted by outside actuarial firms. The discount rates used by the actuaries for estimation of the claim reserve was 5% for general liability. This estimate is accrued in the accompanying financial statements and includes a reserve for known claims as well as incurred but unreported incidents.

The University participates in the State Excess Liability Fund that provides coverage from \$500 up to \$1,750 for each medical malpractice claim. Settled claims have not exceeded insurance coverage in any of the past three years.

The Board of Regents provides for faculty and staff group health and dental benefits through a self-insurance program. The University accrued an estimate for known and incurred but not reported claims based on claim history adjusted for current trends. A trust agreement with a bank provides for the collection, investment, and administration of premiums and for payment to the third-party administrators for claims paid.

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

At June 30, 2005 and 2004, the trustees for the health and other insurance claims programs held cash and cash equivalents and investments totaling approximately \$37,089 and \$30,190, respectively, whose use is limited to the payment of claims under the programs. These amounts are included in cash and cash equivalents on the statements of net assets.

### K. RETIREMENT PLANS

The University has a defined contribution retirement plan currently in effect that the Board of Regents established and has the authority to amend. The plan covers all academic faculty, administrative, and classified staff and provides investment options administered by Teachers Insurance and Annuity Association/College Retirement Equity Fund and Fidelity Investments. Under the plan, faculty and staff are required to contribute 3.5% or 5.5% if they participate in either Tier 1 or Tier 2 of the plan, respectively. The University matches faculty and staff participation by contributing 6% and 7.5% for Tier 1 and Tier 2, respectively. The University's policy is to fund costs accrued on an annual basis.

The University's total payroll for fiscal years 2005 and 2004 was approximately \$631,633 and \$608,790 of which approximately \$482,712 and \$464,875 was covered by the plan, respectively. The University's contribution during 2005 and 2004 was approximately \$34,862, or 7.2%, and \$33,609, or 7.2%, of covered payroll, and the faculty and staff's contribution was approximately \$24,911, or 5.2%, and \$23,964, or 5.2% of, covered payroll, respectively.

Faculty and staff (at least 0.5 FTE) who attain age 26 and have completed 24 months of continuous service are eligible to participate in the retirement plan. Faculty and staff (at least 0.5 FTE) attaining age 30 following 24 months of continuous service are required to participate. The plan benefits are fully vested at the date of contribution.

UMA has two defined contribution money purchase pension plans established under Section 401(a) of the Internal Revenue Code that are administered by a bank. Together, these plans cover substantially all employees who meet age and length of service requirements of the plans. The plans are funded through UMA contributions based upon a fixed percentage of the employees' salary. Total pension expense was \$6,805 and \$6,531 for the years ended June 30, 2005 and 2004, respectively.

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

### L. COMMITMENTS AND CONTINGENCIES

The University has contracted for the construction of several facilities that are estimated to cost approximately \$272,162. As of June 30, 2005, the approximate remaining costs to complete these facilities were \$91,700, which will be financed as follows:

| Bond funds                           | \$ 38,984 |
|--------------------------------------|-----------|
| Federal funds                        | 4,478     |
| University funds                     | 13,729    |
| State capital appropriations         | 547       |
| Private gifts, grants, and contracts | 33,962    |
|                                      | \$ 91,700 |

During the normal course of business, the University receives funds from the United States Government, state and local governments, and private donors for student loans, special projects, research grants, and research contracts. Substantially all of these funds are subject to audit by various federal and state agencies; however, it is the University's opinion that resulting adjustments, if any, would not have a material effect upon the accompanying financial statements.

The University established its Agricultural Research and Development Center on approximately 9,000 acres acquired from the Nebraska Ordnance Plant (NOP) from 1962 to 1971. The Federal government produced munitions at NOP during World War II and the Korean Conflict, exposing the area to contaminants. The University legally disposed of certain materials in the 1970s. In 1990, the NOP became a Federal Superfund site. An administrative order has been entered into between the Board of Regents and the Environmental Protection Agency (EPA) requiring a remedial investigation/feasibility study to determine the extent of contamination and removal actions necessary. A contractual arrangement has been entered into between the Board of Regents and an engineering and consulting firm to perform the remedial investigation/feasibility study. This study is currently underway, but not completed. The cost of remediation and restoration of the area and the liability of affected parties cannot be determined until the completion of the remediation study and selection of remediation methods by the EPA.

The University has other claims and litigation pending, none of which is expected to result in any material loss to the University.

### M. RELATED PARTY TRANSACTIONS

The University routinely has transactions with the NMC. The members of the faculty at the University are also members of the medical staff of NMC, and in many other areas, the operations of the University and NMC are integrated and overlap. The University provides certain operational and support services, as well as certain direct financial support to NMC. For the fiscal years ended June 30, 2005 and 2004, NMC purchased approximately \$32,452 and \$23,490 of goods and services from the University, respectively.

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

As of June 30, 2005 and 2004, respectively, the University also has advanced NMC a total of \$9,000 and \$6,000 for the construction of the Clinical Center of Excellence. This amount is included in other non-current assets in the statements of net assets.

As of June 30, 2005 and 2004, capital lease obligations include \$9,657 and \$6,476 due to the Foundation under various lease agreements and \$1,558 and \$2,355 due to the Foundation, respectively. The Ballpark Project is a project that constructed new baseball and softball stadiums. The Foundation financed the University's portion of the project by means of an eight-year lease-purchase agreement. The University will meet its debt service obligations by using annual contributions from sponsorships, as well as legally binding pledges from private parties.

### P. UNIVERSITY OF NEBRASKA FOUNDATION

The Foundation is a separate, nonprofit organization incorporated in the State of Nebraska and has as its purpose to encourage private financial support of the University from individuals, corporations, and other foundations. Oversight of the Foundation is the responsibility of a separate and independent Board of Trustees, not otherwise affiliated with the University. In carrying out its responsibilities, the Board of Trustees of the Foundation employs management, forms policy, and maintains fiscal accountability over funds administered by the Foundation.

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

Although the University does not control the timing or amount of receipts from the Foundation, the resources that the Foundation holds and invests, or the income thereon, are restricted to the activities of the University by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University and is therefore discretely presented with the University's financial statements. Based on the Foundation's audited financial statements as of June 30, 2005 and 2004, the Foundation's net assets (including unrealized gains) totaled \$1,018,798 and \$947,134 for the years ended June 30, 2005 and 2004, respectively.

During the years ended June 30, 2005 and 2004, the Foundation contributed \$53 million and \$52 million, respectively, to the University for academic support, student assistance, faculty assistance, research, and museums and libraries. In addition, the Foundation provided capital gifts of \$24 million and \$18 million during 2005 and 2004, respectively, to the University. These contributions provided support for several projects, including the construction of the Research Center of Excellence Project (Durham Research Center) and the Memorial Stadium Project.

Complete financial statements for the Foundation can be obtained from the University of Nebraska Foundation, 1010 Lincoln Mall, Suite 300, Lincoln, Nebraska 68508-2886.

### O. COMPONENT UNIT DISCLOSURES

The following are the notes taken directly from the audited financial statements of the Foundation:

### 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies followed by the University of Nebraska Foundation (Foundation) are described below to enhance the usefulness of the financial statements to the reader.

Nature of the Entity and Principles of Consolidation – The University of Nebraska Foundation is a nonprofit corporation exempt from income tax under Section 501(c)(3) of the Internal Revenue Code whose purpose is to provide financial support of the University of Nebraska System. Its wholly-owned Limited Liability Company, University of Nebraska Technology Park LLC provides incubator facilities for emerging businesses. During 2004, the Foundation established a new nonprofit corporation exempt from income tax under Section 501(c)(3) of the Internal Revenue Code, UNF Charitable Gift Fund, whose purpose is to accept gifts and distribute funds to approved 501(c)(3) tax exempt organizations. The UNF Charitable Gift Fund is organized as a supporting organization of the University of Nebraska Foundation.

**Basis of Accounting** – The financial statements of the Foundation have been prepared on the accrual basis and include all funds controlled by and in the custody of the Foundation. Funds in control of the Foundation include the wholly owned Limited Liability Company, University of Nebraska Technology Park LLC.

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

Financial Statement Presentation – The Foundation utilizes Statement of Financial Accounting Standards (SFAS) No. 116, Accounting for Contributions Received and Made, and SFAS No. 117, Financial Statements of Not-for-Profit Organizations, in the financial statement presentation. SFAS No. 117 set standards for external financial reporting by not-for-profit organizations and requires that resources be classified for accounting and reporting purposes into three net asset categories according to externally (donor) imposed restrictions. SFAS No. 116 requires that unconditional promises to give (pledges) be recorded as receivables and revenues and requires the organization to distinguish between contributions received for each net asset category in accordance with donor imposed restrictions. A description of the three net asset categories follows:

*Unrestricted Net Assets* – Unrestricted net assets include revenues and expenses associated with the general operation of the Foundation and include gifts with no donor restrictions. Property and equipment assets associated with the general operation of the Foundation are also included in this category.

Temporarily Restricted Net Assets – Temporarily restricted net assets include gifts for which donor-imposed restrictions have not been met, trust activity, deferred gifts and pledges receivable for which the ultimate purpose of the proceeds is not permanently restricted or determined. Assets with restrictions imposed by the Foundation Board are categorized as temporarily restricted assets also.

Permanently Restricted Net Assets – Permanently restricted net assets include gifts, trusts, and pledges receivable which require by donor restriction that the corpus be invested in perpetuity and only the income be made available for program operations in accordance with donor restrictions and gifts which have been donor stipulated to provide loans to students.

**Pledges Receivable** – Pledges receivable are recorded on the balance sheet as assets net of an approximate 3% allowance for uncollectible accounts and discounted at the present value and recorded as donations on the statement of activities. As payments are received on pledges, the amounts will be included as donations on the statement of activities for any difference not recorded as a donation and adjusted annually for the present value.

*Investments* – The Foundation adopted Statement of Financial Accounting Standards (SFAS) No. 124, *Accounting for Certain Investments Held by Not-for-Profit Organizations*. SFAS No. 124 establishes standards of reporting at fair value certain investments, debt and equity securities, held by not-for-profit organizations.

Therefore, investments in equity securities that have a readily determinable fair value and debt securities are stated at fair value. All other investments are stated at cost or if received by gift at fair value or appraised value at date of receipt.

**Property and Equipment** – Property and equipment assets, consisting of real estate, furniture, equipment and computer software, is stated at cost or, if contributed, at fair market value at date of contribution. The Foundation's policy is to capitalize property and equipment purchases in excess of five hundred dollars.

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

**Depreciation** – The Foundation follows the policy of reducing the property and equipment by depreciation applicable to the related assets. Depreciation is computed by the straight-line method over the estimated useful life of the asset ranging from three to 31-½ years. Assets are depreciated to a normal estimated salvage value.

*Use of Estimates* – The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Compensated Absences** – Employees of the Foundation are entitled to paid vacation days, depending on the job classification and length of service. The Foundation adopted the policy of accruing vacation pay at year-end.

*Cash and Cash Equivalents* – Cash and cash equivalents include cash on hand, demand deposit accounts, time deposits accounts and money market accounts.

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

### 2. INVESTMENTS

The investments in equity securities with a readily determinable fair market quotations and debt securities are stated at fair value. All other investments purchased by the Foundation are stated at cost or fair value or appraised value at date of receipt for those investments received as donations.

### 3. LEASE COMMITMENTS

The Foundation has entered into a contract for the rental of office space in Lincoln beginning January 1, 2003 for a period of 10 years and continuing on a month-to-month basis. The annual rental is \$400 for the first five years and \$467 for the second five years. The Foundation had entered into a contract for rental of office space in Omaha through December 31, 2005, with annual increases and subsequently entered into an extension for two additional years through December 31, 2007. The current lease is \$11 per month and the extension period is \$12 per month. The Foundation also renewed an agreement to lease office space in Kearney through October 31, 2008 at \$3 per month through October 31, 2005 and \$4 per month from November 1, 2005 through October 31, 2008. The minimum rentals for leases with guaranteed terms for the five fiscal years after June 30, 2005, are as follows:

| June 30, 2006 | \$ 577 |
|---------------|--------|
| June 30, 2007 | 579    |
| June 30, 2008 | 544    |
| June 30, 2009 | 481    |
| June 30, 2010 | 467    |

### 4. RETIREMENT PLAN

The Foundation sponsors a retirement plan that covers employees of the University of Nebraska Foundation and the University of Nebraska Technology Park LLC with one year of service who work in excess of 1,000 hours annually and have attained the age of 21 years or previous participation in the TIAA-CREF annuity plan. Participation in the plan is mandatory upon attainment of age 30. The plan is an annuity arrangement under Code Section 403b(1) of the Internal Revenue Code using annuities under TIAA-CREF. Under the plan, the employee chooses to contribute either 5.5% or 3.5% of their salary to the plan and the Foundation matches the amount with either 7.5% or 6% of salary, respectively. The Foundation and LLC contributions to the plans for the years ending June 30, 2005 and 2004 was \$427 and \$419, respectively.

### 5. CONCENTRATION OF CREDIT RISK

The Foundation maintains cash balances and certificates of deposit at financial institutions located in Nebraska. Accounts at each institution are insured by the Federal Deposit Insurance Corporation up to \$100. At various times during the fiscal year, the Foundation's cash in bank balances exceeded the federally insured limits. The Foundation has maintained its cash balances and certificates of deposit at financial institutions in accordance with all Foundation policies and procedures.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

### 6. CONTINGENCIES AND COMMITMENTS

The Foundation is involved in several legal actions. The Foundation believes it has defenses for all such claims, believes the claims are substantially without merit, and is vigorously defending the actions. In the opinion of management, the final disposition of these matters will not have a material effect on the Foundation financial position.

### 7. RESTRICTED NET ASSETS

Net assets are restricted by donors for various purposes in support of activities at the University of Nebraska, including the campuses at Lincoln, Kearney, Omaha and the Medical Center in Omaha. The purposes include scholarships, fellowships, research, academic support and campus building and improvements. Only income from the permanently restricted net assets are available for these purposes.

The amount of the net assets are as follows:

| Temporarily restricted - charitable trusts and annuities Temporarily restricted - available for specific purposes Temporarily restricted - use at discretion of Foundation Board Permanently restricted - available for specific purposes Permanently restricted - endowment Permanently restricted - student loans | \$ 27,833<br>238,857<br>51,709<br>51,425<br>630,403<br>10,235<br>\$ 1,010,462           |

### 8. PLEDGES RECEIVABLE

Promises to give, net of discount to present value at 6% and allowance for doubtful accounts, are due to be collected for the year-ended June 30, 2005 as follows:

| Gross amount due in:                      |          |
|---|----------|
| One year or less                          | \$31,705 |
| One to five years                         | 28,627   |
| More than five years                      | 32,629   |
|   | 92,961   |
| Less discount to present value            | 12,618   |
|   | 80,343   |
| Less allowance for doubtful accounts - 3% | 2,410    |
|   | \$77,933 |

The discount will be recognized as contribution income in years 2006 through 2021.

In addition, the Foundation has been informed of intentions to give in the form of possible future bequests, currently of indeterminable value, that have not been reflected in the accompanying financial statements because they are not unconditional promises.

### 9. PROPERTY AND EQUIPMENT

The property and equipment of the Foundation at June 30, 2005 and 2004 are as follows:

|                                   | 2005     | 2004     |
|-----------------------------------|----------|----------|
| Property                          | \$ 489   | \$ 489   |
| Leasehold improvements            | 1,511    | 1,516    |
| Aircraft                          | 4,177    | 4,177    |
| Automobiles                       | 141      | 99       |
| Furniture, equipment and software | 5,216    | 4,991    |
|                                   | 11,534   | 11,272   |
| Less accumulated depreciation     | 5,550    | 4,908    |
| Net property and equipment        | \$ 5,984 | \$ 6,364 |

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

### 10. FAIR VALUE OF FINANCIAL INSTRUMENTS

The following methods and assumptions were used by the Foundation in estimating the fair value of its financial instruments:

*Cash and cash equivalents* – The carrying amount reported in the statement of financial position approximates fair value because of the short maturity of those instruments.

*Investments* – The fair value of investments in marketable equity and debt securities is based on quoted market prices. Nonmarketable debt securities are valued based on estimated discounted future cash flows; nonmarketable equity securities are carried at estimated current value if it is possible to determine this, otherwise at cost.

**Pledges receivable** – The fair value of contributions receivable is estimated by discounting the future cash flows using the average rates earned on investments.

*Accrued interest receivable* – The carrying amount reported in the statement of financial position approximates fair value because of the short maturity of interest payments.

### R. SUBSEQUENT EVENTS

On July 1, 2005, the University issued \$6,085 of Series 2005 Revenue Refunding Bonds with an average rate of 3.8% to refund \$5,895 of outstanding Series 2000 University of Nebraska at Kearney Student Fees & Facilities Revenue Refunding Bonds with an average rate of 5.6%. The refunding was approved by the Board of Regents on May 26, 2005 and reduced total debt service payments by approximately \$857 and resulted in an economic gain of approximately \$549.

On July 6, 2005, the Board of Regents issued \$26,925 of Revenue and Refunding Bonds Series 2005 (University of Nebraska-Lincoln Parking Project). The proceeds will be used to (a) finance the construction of an approximately 843-space multi-level addition to the parking garage located at 14th and Avery streets for an approximate cost of \$8,400 and (b) provide for the payment and redemption of \$18,885 outstanding Revenue Bonds, Series 2000 (University of Nebraska-Lincoln Parking Project) dated August 1, 2000. The refunding reduced total debt service payments by approximately \$3,099 and resulted in an economic gain of \$1,438.

On June 10, 2005, the Board of Regents approved the construction of UNK replacement student housing facilities. The total estimated cost of the project is expected to be \$20,280. The funding for the construction will be financed by the issuance of revenue bonds. The project includes the construction of three residence halls which will replace the current Case and Ludden residence halls and will provide suite-style living for approximately 300 students residents. The issuance of the bonds will be made under the University of Nebraska Master Trust Indenture.

(A Component Unit of the State of Nebraska)

NOTES TO FINANCIAL STATEMENTS YEARS ENDED JUNE 30, 2005 AND 2004 (Thousands)

On July 10, 2005, the Board of Regents authorized the redemption of the UNK Student Fees and Facilities Revenue Bonds, Series 1966, maturing July 1, 2006 from funds held in the surplus fund for these Revenue Bonds. The net result of the early redemption of the 1966 UNK Bonds from the surplus fund will result in an approximate net interest savings of \$10. Additionally, upon redemption, UNK Housing Operations will come under the University of Nebraska Master Trust Indenture.

## NOTES TO SUPPLEMENTAL SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2005

#### A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

**Basis of Presentation** – The purpose of the accompanying Supplemental Schedule of Expenditures of Federal Awards (the Schedule) is to present a detail of all programs classified by federal grantor agency expended by the University of Nebraska (the University) for the year ended June 30, 2005. For the purpose of the Schedule, federal awards have been classified into two types:

- Direct federal awards consisting of federal awards and federal student financial aid, and
- Pass-through funds received from non-federal organizations made under federally-sponsored programs conducted by those organizations.

Catalog of Federal Domestic Assistance (CFDA) numbers are presented for those programs for which such numbers are available. Programs for which no CFDA numbers are available have been presented under the applicable caption in the accompanying Schedule showing the grantor agency number and grant identification number. Those programs without CFDA or grant numbers primarily represent pass-through funds for which such information was not available from the grantor.

The accounting principles followed by the University in each of these areas and used in preparing the accompanying Schedule are as follows:

*Reporting Entity* - The reporting entity for the Schedule includes the accounts for all of the divisions of the University.

Total Federal Awards - Expenditures for direct costs are recognized as incurred using the accrual method of accounting and the cost accounting principles contained in the U.S. Office of Management and Budget (OMB) Circular A-21, Cost Principles for Educational Institutions. Under those cost principles, certain types of expenditures are not allowable or are limited as to reimbursement. Moreover, expenditures include a portion of costs associated with general University activities which are allocated to federal awards under negotiated formulas, referred to as "indirect costs". Restricted grants and contracts and other agreements are recognized when funds are expended in accordance with grant provisions.

Expenditures are recognized on the accrual basis for awards made to students and allowable administrative expenses of conducting such programs.

(A Component Unit of the State of Nebraska)

## NOTES TO SUPPLEMENTAL SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS YEAR ENDED JUNE 30, 2005

#### B. STUDENT FINANCIAL AID LOAN PROGRAMS

The University administers the following federally funded student loan programs:

|   | CFDA<br>Number | Outstanding<br>Balances at<br>June 30,<br>2005 | Disbursements<br>for the Year<br>Ended<br>June 30,<br>2005 |
|---|----------------|--|--|
| Federal Perkins Loan Program            | 84.038         | \$31,283,194                                   | \$8,522,106  |
| Nursing Student Loan Program            | 93.364         | 454,064  | 172,070  |
| Health Profession Student Loan Programs | 93.342         | 5,571,787                                      | 359,424  |

The University of Nebraska Medical Center, University of Nebraska at Omaha, and University of Nebraska at Kearney also participate in the Federal Family Education Loan Program (including Federal Stafford and PLUS loans). The dollar amounts are not listed in the Schedule as the University is not the recipient of the funds. Such programs are considered as a component of the student financial aid major program. Loan disbursements under such programs for the year ended June 30, 2005 totaled \$81,705,922. The University of Nebraska - Lincoln (UNL) participates in the Federal Direct Loan Program (including Federal Stafford and PLUS loans). As UNL receives these funds directly, the amount is included in the Schedule.

### Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

Board of Regents of the University of Nebraska and the Auditor of Public Accounts of the State of Nebraska Lincoln, Nebraska

We have audited the accompanying financial statements of the business-type activities and discretely presented component unit of the University of Nebraska (the University) (a component unit of the State of Nebraska) as of and for the year ended June 30, 2005, which collectively comprise the University's basic financial statements as listed in the table of contents and have issued our report thereon dated November 11, 2005 which refers to the adoption of the provisions of Governmental Accounting Standards Board Statement No. 40, Deposit and Investment Risk Disclosures, an Amendment to GASB Statement No. 3. We did not audit the financial statements of the University of Nebraska Foundation (the Foundation), a discretely presented component unit of the University. Those statements were audited by other auditors whose report has been furnished to us and appears herein, and our opinion insofar as it relates to the discretely presented component unit financial statements of the Foundation is based solely on the report of such other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. The financial statements of the Foundation, the University of Nebraska Facilities Corporation, the University of Nebraska Medical Associates, UNEMed, and the University of Nebraska Dental Associates were not audited in accordance with Government Auditing Standards.

#### Internal Control over Financial Reporting

In planning and performing our audit, we considered the University's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the University's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Auditor of Public Accounts of the State of Nebraska, Board of Regents of the University of Nebraska, management of the University of Nebraska, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

### Independent Auditors' Report on Compliance with Requirements Applicable to each Major Program and on Internal Control over Compliance in Accordance with OMB Circular A-133

Board of Regents of the University of Nebraska and the Auditor of Public Accounts of the State of Nebraska Lincoln, Nebraska

#### **Compliance**

We have audited the compliance of the University of Nebraska (the University) (a component unit of the State of Nebraska) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2005, except those requirements discussed in the fourth paragraph. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the University's management. Our responsibility is to express an opinion on the University's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Nonprofit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we consider necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the University's compliance with those requirements.

In our opinion, the University complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2005, other than those requirements discussed in the following paragraph. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as items #05-01, #05-02, and #05-03.

We did not audit the University's compliance with requirements governing the student loan repayment cycle, deferments, and cancellations for the Federal Perkins Loan program. Those requirements govern functions that are performed by Campus Partners and Affiliated Computer Services, Inc. (ACS) service organizations. Since we did not apply auditing procedures to satisfy ourselves as to compliance with those requirements, the scope of our work was not sufficient to enable us to express, and we do not express,

an opinion on compliance with those requirements. Campus Partners' and ACS' compliance with those requirements governing the functions that it performs for the University was examined by other accountants whose report has been furnished to us. The reports of the other accountants indicate that compliance with those requirements was examined in accordance with the Department of Education's Audit Guide, Compliance Audits (Attestation Engagements) of Federal Student Financial Assistance Program at Participating Institutions and Institution Servicers. Based on our review of the service organizations accountant's reports, we have determined that all of the compliance requirements included in the Compliance Supplement that are applicable to the major program in which the University participates are addressed in either our report or the reports of the service organizations accountants. Further, based on our review of the service organizations accountants' report, we have determined that they do not contain any findings of noncompliance that would have a direct and material effect on the University's major program.

#### Internal Control Over Compliance

The management of the University is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the University's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

Requirements governing the student loan repayment cycle, deferments, and cancellations are performed by Campus Partners and ACS. Internal control over compliance relating to such functions was reported on by other accountants in accordance with the Department of Education's Audit Guide, *Compliance Audit (Attestation Engagements) of Federal Student Financial Assistance Programs at Participating Institutions and Institution Servicers*. Copies of the service organizations accountants' reports have been furnished to us. However, the scope of our work did not extend to internal control maintained at Campus Partners and ACS.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended solely for the information and use of the Auditor of Public Accounts of the State of Nebraska, Board of Regents of the University of Nebraska, management of the University of Nebraska, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Lincoln, Nebraska November 11, 2005

(A Component Unit of the State of Nebraska)

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2005

#### Part I: Summary of Auditors' Results:

- (a) The type of report issued on the basic financial statements: *Unqualified opinion*
- (b) Reportable conditions in internal control over financial reporting: *None reported*Material weaknesses in internal control over financial reporting: *No*
- (c) Noncompliance which is material to the basic financial statements: None reported
- (d) Reportable conditions in internal control over compliance: *None reported*Material weaknesses in internal control over compliance: *No*
- (e) The type of report issued on compliance for the major programs: *Unqualified*
- (f) Any audit findings which are required to be reported under Section 510(a) of OMB Circular A-133: **Yes**
- (g) Major programs: Student Financial Aid Cluster (84.007, 84.032, 84.033, 84.063, 93.364)

  Cooperative Extension Service (10.500)
- (h) Dollar threshold used to distinguish between Type A and Type B programs: \$3,000,000
- (i) Auditee qualified as a low-risk auditee under Section 530 of OMB Circular A-133: Yes

## Part II: Findings Relating to the Basic Financial Statements Reported in Accordance with *Government Auditing Standards*:

None.

(A Component Unit of the State of Nebraska)

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2005

#### Part III Findings and Questioned Costs Relating to Federal Awards:

Finding 05-01: Reporting

Federal Agency: U.S. Department of Education

**Program:** Student Financial Aid Cluster

**CFDA#:** Entire Cluster

**Award number:** Entire Cluster

**Award year:** 2004 – 2005

**Statutory Requirement:** The University is required to submit the *Fiscal Operations* 

Report and Application to Participate (FISAP) annually by October 1 following the end of the award year. "The school uses the Fiscal Operations Report portion to report its expenditures in the previous award year and the Application to Participate portion to apply for the following year" (FPL, FWS, FSEOG 34 CFR section

673.3).

Finding and Perspective: Each University campus submitted a FISAP for the 2004-

2005 award year by October 1, 2005. Errors were found on

the reports submitted by UNL and UNMC.

In Part VI, Section A, Line 15 of UNL's FISAP, the reported amount of unduplicated recipients was 26. The number of unduplicated recipients that should have been

reported was 70.

Additionally, several errors were included on UNMC's FISAP. In Part II, Section D, UNMC reported 849 undergraduate students and 1,635 graduate students during award year 2004-2005. These amounts should have been 1,001 and 1,673, respectively. In Part III, Section C, the Amount Lent reported on Line 1.1 was \$1,239,769. The actual amount lent as of June 30, 2005 was \$12,395,769. Finally, in Part V, Section H, UNMC reported amounts of 390 and 520 on Lines 27 and 28. These lines should have

read 360 and 480, respectively.

# SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2005

| <b>Questioned Costs:</b>            | None.  |
|-------------------------------------|--|
| Cause:                              | Controls in place do not ensure the accuracy of reported amounts.  |
| Effect:                             | Inaccurate FISAP reports submitted to the U.S. Department of Education and the need to resubmit the report with corrections.   |
| Recommendation:                     | We recommend the University add additional controls to ensure that all amounts reported on the FISAP are accurate.   |
| Management's Corrective Action      |  |
| Plan (UNMC):                        | The changes to the FISAP were made October 13, 2005 in the presence of the auditor. In the future, UNMC will be more discerning in our review. When the numbers are placed in the FISAP software, it generally computes many, many errors to review and correct. The errors are due to data entry mistakes, mathematical computations being unequal, and disproportionate figures being reported in comparison to the previous year. When the FISAP presents itself as error free it generally means it is ready to submit. Despite our best efforts, because the process remains a manual data entry, data entry errors will occur from time to time. |

# SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2005

| Finding 05-02:           | Reporting   |
|--------------------------|---|
| Federal Agency:          | U.S. Department of Education  |
| Program:                 | Student Financial Aid Cluster   |
| CFDA#:                   | 84.063  |
| Award number:            | All Awards  |
| Award year:              | 2004 - 2005   |
| Statutory Requirement:   | The University is required to submit Pell Payment Data to the U.S. Department of Education through the Common Origination Disbursement (COD) system. "Institutions must report student payment data within 30 calendar days after the school makes a payment; or becomes aware of the need to make an adjustment to previously reported student payment data or expected student payment data. Schools may do this by reporting once every 30 calendar days, biweekly, weekly or may set up their own system to ensure that changes are reported in a timely manner" (34 CFR Section 690.83).   |
| Finding and Perspective: | The University reports Pell information weekly. Five disbursements tested at UNO were not reported within 30 days. Three disbursements tested at UNK were not reported within 30 days.  At UNL, all of the 2,791 disbursements tested were reported within 30 days. At UNO, five of the 159 disbursements tested (3.1%) were not reported within 30 days. These five disbursements were eventually reported within 33 to 193 days of disbursement. At UNK, three of the 392 disbursements tested (0.8%) were not reported within 30 days. These disbursements were eventually reported within 36 to 48 days of disbursement. At UNMC, all of the 15 disbursements tested were reported within 30 days. In total, eight out of 3,357 (0.2%) disbursements tested were not reported within 30 days. |
| <b>Questioned Costs:</b> | None.   |

reported within 30 days.

Controls in place do not ensure all disbursements are

(A Component Unit of the State of Nebraska)

### SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2005

**Effect:** Noncompliance with the reporting requirements and an

increased risk that all disbursements are not reported

within 30 days.

**Recommendation:** We recommend the University add additional controls to

ensure that all disbursements are included on the Pell Payment Data reports within 30 days of the disbursement

date.

**Management's Corrective Action Plan** 

(UNK):

The Associate Director of Financial Aid reviews all exception reports generated by SBA100. This report reflects all Pell disbursements we have made that were not reported to COD. This report is reviewed weekly on Wednesday mornings. The Associate Director reviews each exception and rectifies the problem that resulted in the student's information not being reported to COD.

**Anticipated Completion Date:** This new procedure is already in place.

Contact: Mary Sommers, Director of Financial Aid

Management's Corrective Action Plan (UNO):

The audit found disbursements which were rejected either within our own system or by COD. Attempts to fix disbursements using only the computer generated reports did not always result in the students being reported within the 30 day requirement. We have reviewed our process and changes have been made to ensure timely reporting of the Federal Pell grants.

First, the review process of the current reports has been updated. COD will be manually updated for disbursements which are rejected and not included in the computer generated report. We will no longer solely rely on the automated process to make the corrections for the rejected disbursements. In addition, we have added a monthly reconciliation report (SBA 250) to our procedures. The reconciliation report will run at the end of each 25 day period to ensure all transactions match COD or identify which disbursements need to be adjusted. These two adjustments to the current reporting will enhance our current system.

**Questioned Costs:**

# SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2005

| AR ENDED JUNE 30, 2003       |  |
|------------------------------|--|
| Anticipated Completion Date: | The updated reporting process started with the 2005 – 2006 academic year and will be an ongoing addition to the Federal Pell grant reporting system.   |
| Contact:                     | Shareen Thewke<br>Assistant Director of Financial Aid  |
| Finding 05-03:               | Special Test—Student Status Changes  |
| Federal Agency:              | U.S. Department of Education   |
| Program:                     | Student Financial Aid Cluster  |
| CFDA#:                       | 84.032   |
| Award number:                | N/A  |
| Award year:                  | 2004 - 2005  |
| Statutory Requirement:       | Under the FFEL and Direct Loan programs, the University is required to submit student status changes to NSLDS. "The institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS web site. Unless the school expects to complete its next Roster File within 60 days, the school must notify NSLDS within 30 days, if it discovers that a student who received a loan either did not enroll or ceased to be enrolled on at least a half-time basis (FFEL, 34 CFR section 682.610; Direct Loan, 34 CFR section 685.309)." |
| Finding and Perspective:     | UNMC reports student status information to NSLDS on the 15 <sup>th</sup> of every month. One student status change tested at UNMC was not reported to NSLDS within 30 days.  Of the 15 students tested at UNMC, one student status change was not reported to NSLDS with the required 30 days. The student whose status was not reported within the time requirements, is a nursing student in Lincoln, Nebraska. For the fiscal year 2004 – 2005, there were 209 nursing students enrolled in Lincoln, Nebraska.  |

None.

(A Component Unit of the State of Nebraska)

# SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2005

| 77,                                  |  |
|--------------------------------------|--|
| Cause:                               | The electronic file created from UNMC's registration system and sent to NSLDS to report status changes does not have the capabilities to track students enrolled in programs outside of UNMC's registration system. The student whose status was not reported within the time requirements, is a nursing student in Lincoln, Nebraska. The student's financial aid is awarded by UNMC, but the registration and status is tracked by another campus. As such, information is not included on UNMC's registration system. Therefore, the report created from UNMC's registration system does not properly report student status outside UNMC's registration system. UNMC receives the information, however, they did not have a process in place to ensure the Director of Student Accounts receives the information. |
| Effect:                              | Noncompliance with the special test requirements and an increased risk that all status changes for students awarded financial aid by UNMC but not tracked on UNMC registration system are not reported within 30 days to NSLDS.  |
| Recommendation:                      | We recommend the University either add other controls to ensure that all status changes for students awarded financial aid by UNMC but not tracked on UNMC registration system are reported within 30 days to NSLDS or include those students on UNMC registration system to ensure status changes are properly reported to NSLDS within time requirements.  |
| Management's Corrective Action Plan: | The UNMC CON Lincoln nursing students are on the UNMC student information system. The students' information is received in a tape dump in the 2 <sup>nd</sup> , 8 <sup>th</sup> , and 15 <sup>th</sup> week of classes from the UNL campus. Currently a change of status form is processed through the offices of academic records and financial aid to make adjustments as necessary. The form is not routed through Student Accounts because these students do not have accounts at UNMC. The Director of Student Accounts maintains the NSLDS database. The oversight of not sending the form to  |

the Director of Student Accounts resulted in the student

not being coded properly on NSLDS.
