Totals		\$542.5	4,736

The Nebraska Advantage: Applying Department of Economic Development “Nebraska Advantage” formulas to *just* the Cancer Center project (\$50M state investment in \$370M project):

- \$82 million in state sales tax refunds over 10 years;
- \$31 million in property tax refunds;
- \$50M request = 60% of the state tax credits a private sector employer would get
